We Can! Healthy Weight Program for Youth and Parents

June 2, 2005

We can!

Ways to Enhance Children's Activity & Nutrition

A national education program targeting youth, ages 8-13, and their parents and caregivers in home and community settings to meet the overall goal of preventing overweight and obesity.

We Can!

We Can! is a collaborative effort of:

- National Heart, Lung, and Blood Institute;
- National Institute of Diabetes and Digestive and Kidney Diseases;
- National Institute of Child Health and Human Development; and
- National Cancer Institute.

How We Developed *We Can!*

- Recommendations from NHLBI Strategy Development Workshop
- Review of science-based literature, NIH 2004 workshops on obesity prevention, and the IOM Report on Prevention of Childhood Obesity
- Environmental scan to review other work on overweight and obesity (ongoing)
- Assessment of Hearts N' Parks Magnet Centers

What Makes *We Can!* Unique?

We Can! Target Audiences

- Parents / Primary Caregivers of youth ages 8 to 13.
- Youth ages 8 to 13.

Audience

Parents / Primary Caregivers

- ❑ Studies show parents as effective change agents around obesity.
- ❑ The home is a primary source of nutrition for children.
- ❑ Parents can act as effective role models for youth.
- ❑ Parents are asking for resources.
- ❑ Relatively few programs are targeting families and the home environment.

Audience

Youth Ages 8-13

- National survey data show 16% of children and youth as overweight.
- A high likelihood of obesity transfer from adolescence into adulthood.
- Health consequences associated with obesity.
- Public-health environment looks amenable to change around youth audiences.

Behavioral Objectives

Youth Ages 8-13

- Choose a sufficient amount of a variety of fruits and vegetables per day.
- Limit intake of high-fat foods and energy-dense foods that are low in nutrients.
- Control portion sizes of foods consumed.
- Substitute water, fat-free milk, or low-fat milk for sweetened beverages.
- Engage in at least 60 minutes of moderate physical activity on most, preferably all, days of the week.
- Reduce sedentary activity by limiting screen time to no more than 2 hours per day.

Parents / Primary Caregivers

- Increase the availability and accessibility of healthy foods in the home.
- Limit the availability and accessibility of sweetened beverages and high-fat, high-density/low nutrient value foods in the home.
- Control portion sizes of foods consumed.
- Support and enable family physical activity.
- Support and enable reduced screen time.

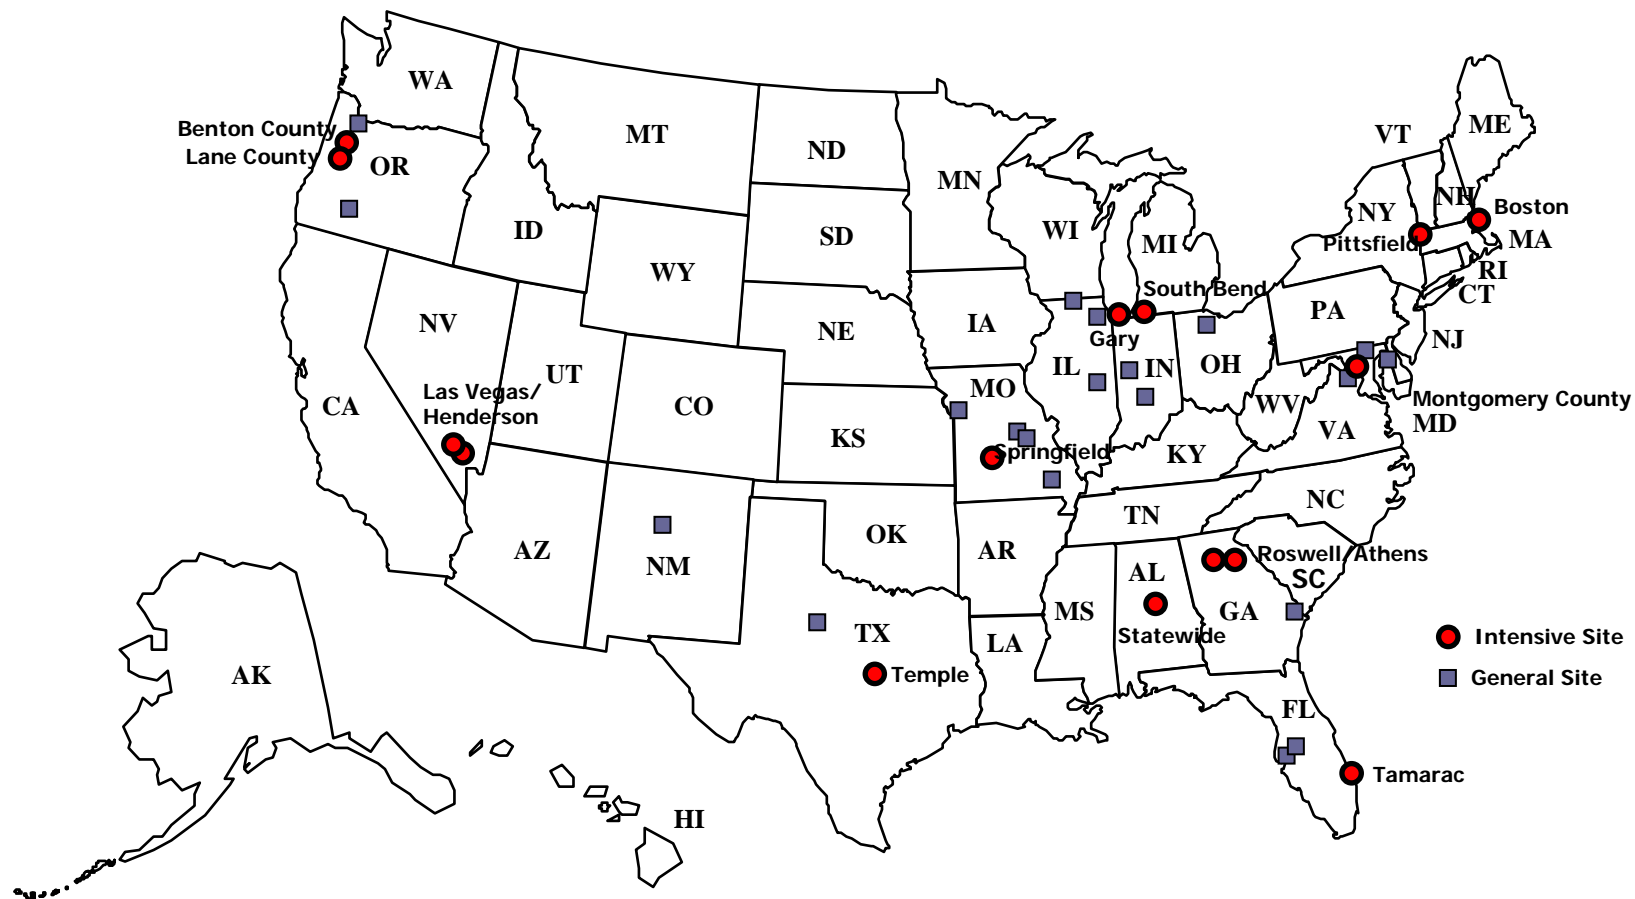

We Can! Program Elements

- Community Outreach
- Program Resources and Channels
- Partnerships
- National Media and Consumer Outreach

Community Outreach

- There are over 30 communities implementing *We Can!* programming in 14 different states.
- Two levels of programming: Intensive & General.
- Each community will implement:
 - Science-based programs with youth ages 8 to 13
 - Science-based programs with parents of youth ages 8 to 13
 - Community events

Map of Selected Sites

Partnership Outreach

- Outreach at national and local levels to:
 - Build collaboration, synergy around preventive strategies, outreach efforts
 - Leverage resources and channels to effectively disseminate *We Can!* messages and materials to parents, caregivers, and youth ages 8-13

Categories

- ***We Can!* Partner**
 - Participate on a variety of fronts with a significant commitment of resources and activity

- ***We Can!* Supporting Organization**
 - Interested but unable to make as significant a commitment

National-Level Partners/ Supporters

- Action for Healthy Kids
 - American College of Sports Medicine (ACSM)
 - American Academy of Family Practice
 - Association for State and Territorial Public Health Nutrition Directors
 - International Food Information Council Foundation
 - North American Association for the Study of Obesity
 - Parents' Action for Children
 - President's Council on Physical Fitness and Sports,
 - Produce for Better Health Foundation
 - University of Michigan Health System
-
- Outreach efforts continue with prospective national partners, including health professional associations, corporate, media, Federal agencies, and others.

We Can! Resources and Channels

- Department of Health and Human Services
- NHLBI
- NICHD
- National Institutes of Health
- NIDDK
- NCI

We Can! Materials Available Online

- *We Can!* Energize Our Community: Toolkit for Action
- Families Finding the Balance Parent Handbook (English and Spanish)
- Poster
- Web Site (<http://wecan.nhlbi.nih.gov>)
- *We Can!* Wristbands (Adult and Child)
- IC's Additional Materials

Community Toolkit

- **We Can!** Energize Our Community: Toolkit for Action
 - Parents Curricula
 - Community Events
 - CD-Rom of all materials (PowerPoint, fact sheets, assignments, and materials for working with local partners)
- Downloadable on-line
- Turnkey kit – self-explanatory for use

Youth Curricula

- Media-Smart Youth
- CATCH Kid's Club
- S.M.A.R.T.

Parent Handbook

- **We Can!** Families Finding the Balance: Parent Handbook
 - English
 - Spanish
