

**EFFECTIVENESS OF CONTROL ROOM MANGEMENT WORKSHOP**  
**Docket No. PHMSA-2004-18584\***  
**June 27, 2006**  
**Agenda**

8:00 a.m. - 8:15 a.m. Welcome/Purpose Stacey Gerard/Ted Willke, PHMSA

The Associate Administrator will open the meeting, discuss the concerns, purpose of the workshop, and introduce the CCERT team.

8:15 a.m. – 9:30 a.m. Pipeline Control Room 101/CCERT Project Findings  
Byron Coy, PHMSA Opening/Closing Comments  
Byron Ables, Colonial Pipeline Company  
Ed Unger, South Jersey Gas Company  
Steve Baroni, Williams  
Richard Kuprewicz, President Accufacts, Inc.

Industry will briefly discuss the types of industry control room operations, and PHMSA will give an overview of the CCERT project findings.

9:30 a.m. – 10:30 a.m. PANEL 1- Shift Operations, Fatigue  
Byron Coy, PHMSA Opening Comments  
Brian Mayfield, Magellan Midstream Partners, L. P.  
Bill Hatchett, PPL Interstate Energy Co.  
Gary Chrisco, Pacific Gas and Electric Company  
Richard Kuprewicz, President Accufacts, Inc.

The panelists will discuss whether they believe operators should have formalized procedures to control shift rotations schedules and shift change-over practices and possible ways to improve training on fatigue and the announced questions associated with shift operations and fatigue.

10:30 a.m.-10:45 a.m. BREAK

10:45- a.m. – 12:15 p.m. PANEL 2 – Management of Change/Effectiveness of Pipeline Control Room Operations  
Charlie Helm, PHMSA Opening Comments  
Mike Schmidt, Sunoco Logistics Partners L.P.  
Ed Unger, South Jersey Gas Company  
Steve Baroni, Williams  
Richard Kuprewicz, President Accufacts, Inc.

The panelists will discuss the CCERT recommendations about providing clear direction regarding the controller's authority and responsibility to ensure prompt detection and

appropriate response to abnormal and emergency operating conditions, and ways to address major changes in the controller operating environment, and the questions associated with change management and control room operations.

12:15 p.m. – 1:15 p.m. LUNCH

1:15 p.m. – 2:30 p.m. PANEL 3 - Alarms/Displays/Access Control

Karen Butler, PHMSA Opening Comments  
Gretchen Wendtland, Buckeye Pipe Line Company  
Gary Chrisco, Pacific Gas and Electric Company  
Richard Kuprewicz, President Accufacts, Inc.

The panelists will discuss the importance of operators routinely reviewing alarm and event displays to identify when changes are necessary, and discuss whether measures are necessary to further protect against unauthorized access to the SCADA area, and the questions associated with access control, alarms, and displays.

2:30 p.m. -2:45 p.m. BREAK

2:45 p.m.-4:45 p.m. PANEL 4 – Monitoring Performance, Qualification of Personnel, Maintaining Personnel Qualifications, Regulating Operating Conditions

Byron Coy, PHMSA Opening Comments  
Randy Thomson, Marathon Ashland Pipe Line, LLC  
Jon Brown, Sinclair Pipeline Company  
Steve Baroni, Williams  
Chuck Campbell National Fuel Distribution  
Richard Kuprewicz, President Accufacts, Inc.

The panelists will discuss different types of training needs associated with the recognition of abnormal and emergency conditions and maintaining personnel qualifications, and associated questions.

4:45 p.m. – 5:15 p.m. WORKSHOP SUMMARY/Stacey Gerard/Ted Willke  
CLOSING REMARKS

The Associate Administrator will summarize the path to moving forward and the methods to provide additional comments for input to the project, and closing remarks.

\*Comments on the extent and challenges of implementation should be submitted to the docket.
