

MAR 27 2007

TO: State Extension Directors

FROM: *J. Colien Hefferan*
Administrator *Lepha A. Otto*

SUBJECT: Distribution of Smith-Lever Act Funds for Fiscal Year (FY) 2007

Included in this e-mail transmission is the CSREES-OD-1088-F, Distribution of Smith-Lever Act Funds, for FY 2007. Attachment A, a tabulation reflecting your institution's share of the fiscal year FY 2007 formula allocation and the required offset for extension activities, will be sent to you under separate cover via U.S. mail. The Smith-Lever funds were calculated using the 2000 census data. Extension programs funded under section 3(d) of the Smith-Lever Act and allocated through a formula method include Pest Management. Funding for Expanded Food and Nutrition Education Programs (EFNEP) will be provided as a separate allocation in the near future.

Section 203 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (Pub. L. No. 105-185) amends section 3 of the Smith-Lever Act (7 U.S.C. 343) by requiring all funds authorized under sections 3(b) and (c) to be fully matched out of non-Federal funds. This applies to all formula funds authorized under section 3(b) and (c) of the Smith-Lever Act, including the retirement and special needs formula programs. It should be noted that the funds used to match the special needs and retirement formula funds may be used for any extension activity approved as part of the Plan of Work. In addition, the matching requirement for 1862 Land-Grant Institutions in the Insular Areas is 50 percent of the Federal formula funds per section 7213 of the Farm Security and Rural Investment Act of 2002 (FSRIA) (Pub. L. No. 107-171). State Extension Directors in the U.S. territories should refer to my memo to them dated March 10, 2003, concerning matching requirements for formula funds. The matching funds should be included on the budget form in the same manner as the other formula matching funds have been in previous fiscal years.

A Planning & Reporting page has been established on our website to assist you in locating the requirements, due dates, and submission information for the Smith-Lever Program Formula funds and all other Formula funds. The research and extension formulas are organized in groups for the three land-grant types: 1862 land-grant institutions, 1862 land-grant institutions in the U.S. territories, and 1890 land-grant institutions. Since funding continues to be contingent upon meeting planning and reporting requirements, you may want to have your administrative staff bookmark the following web link for easy access to fillable forms and due dates for all formula funds:

http://www.csrees.usda.gov/business/reporting/form_report.html

Additionally, we will continue to email you regarding important information regarding all of the formula funds you receive. This information is released in "Formula Funds Bulletins," which are maintained at our "Formula Funds News Updates" web page:

http://www.csrees.usda.gov/business/awards/formula/ff_updates.html

Please complete and return all forms to:
