Type of Request: Regular submission.

Burden Hours: 22,500 hours.

Number of Respondents: 90,000.

Respondents will be asked to verify or correct the name and mailing address of the government, answer the questions on the form, and return the form.

The 2002 Census of Governments Local Government Directory Survey consists of three basic content areas: government organization, government finance, and government employment. For government organization we will ask for authorizing legislation, incorporation date, fiscal year ending date, area served, services provided, web address, and corrections to the name and address of the government. In addition we will ask if special districts have taxing powers, if general purpose governments and special districts own and operate the services they are responsible for providing, if school districts operate schools, and if the government conducts e-government transactions. For government finance we will ask for total revenue, total expenditure, and total debt. For government employment we will ask for full-time employees, part-time employees, and annual payroll.

The 2002 Census of Governments Local Government Directory Survey data collection forms request information that is substantially similar to that requested on the 1992 and 1997 Census of Government forms.
