

ELECTRONIC OFFICIAL GAZETTE
of the U.S. Patent and Trademark Office
PATENTS
(eOG:P)

The Electronic Official Gazette of the U.S. Patent and Trademark Office – Patents (eOG:P) provides the information contained in the paper version of the Official Gazette in electronic format on CD-ROM. Similar to the paper OG, the eOG:P is published every Tuesday and includes bibliographic information, a representative claim, and a drawing (if applicable) of each patent issued that week. Patents are accessible by type of patent (utility, plant, etc.), classification (class or class/subclass), patentee name, and geographical location. Links enable users to “jump” to a specific patent from these various indexes. The eOG:P is sold as a one-year subscription to begin with the current issue published after receipt of payment or as single copies.

The eOG:P is also available free of charge on the USPTO’s Web site at www.uspto.gov/web/patents/patog/.
