U.S. CENSUS BUREAU

## **U.S. Census Bureau Mission**

The Census Bureau serves as the leading source of quality data about the nation's people and economy. We honor privacy, protect confidentiality, share our expertise globally, and conduct our work openly. We are guided on this mission by our strong and capable workforce, our readiness to innovate, and our abiding commitment to our customers.

## State Data Centers (SDCs) and Business and Industry Data Centers (BIDCs)

Lead data centers are usually state government agencies, universities or libraries that head a network of affiliate centers. Below we list the SDC and BIDD lead agency contacts only. All states have SDCs. Asterisks (\*) identify states that also have BIDDs. In some states, one agency serves as the lead for both the SDC and the BIDD; we list the BIDD separately where there is a separate agency serving as the lead.

For more information, direct e-mail comments and questions to your local affiliate; or for general inquiries, contact: <[david.donovan@census.gov](mailto:david.donovan@census.gov)>

## Census Information Centers

The Census Information Centers (CICs) are national, regional and local nonprofit organizations in partnership with the Census Bureau to make census data available to underserved communities. The CICs provide access to, and understanding of, the value and uses of census data to communities and neighborhoods across the country.
