

Chapter 5: List of preparers

EIS Steering committee

Jim Balsiger, Regional Administrator, Alaska Regional Office, NMFS, Juneau, AK.

Kevin Duffy, Commissioner, State of Alaska Department of Fish & Game, Juneau, AK.

Chris Oliver, Executive Director, North Pacific Fishery Management Council, Anchorage, AK.

Tamra Faris, NEPA Coordinator, Alaska Regional Office, NMFS, Juneau, AK.

Robert Otto, Director, AFSC Kodiak Lab, NMFS, Kodiak, AK.

Ramona Schriber, NEPA Coordinator, NOAA, Silver Springs, MD.

Lauren Smoker, Attorney-Advisor, NOAA Office of General Counsel, Juneau, AK.

Project leader

Gretchen Anne Harrington, BSAI crab FMP Coordinator, Alaska Regional Office, NMFS, Juneau, AK. Oversaw compilation of this analysis including assigned preparers, served as contract officer representative for portions of analysis done under contract, conducted scoping, presented reports to the Council, prepared the analysis outline, drafted Chapter 1 and sections of chapter 2, 3 and 4, reviewed and coached preparers, conducted workshops and conference calls with analysts. *M.M.A. from the School of Marine Affairs, University of Washington.*

Contributors

Alan Kinsolving, Fisheries Regulation Specialist, Sustainable Fisheries Division, Alaska Regional Office, NMFS. Prepared section on effects of the alternatives on management and enforcement. Twelve years experience as a fisheries biologist including work on environmental impact issues in Arizona, Alabama, Bolivia, American Samoa and Alaska. *M.S. in fisheries biology Auburn University.*

Brad Stevens, Research Fishery Biologist, Kodiak Laboratory, NMFS. Adjunct Faculty, Kodiak College, University of Alaska, Anchorage, and Affiliate Faculty, University of Alaska, Fairbanks. Twenty-eight years experience as a fishery biologist with NMFS. *PhD. Fisheries, 1982. School of Fisheries, Univ. of Washington, Seattle, WA.*

Dr. Robert Otto, Director, AFSC Kodiak Lab, NMFS, Kodiak, AK.

Heather V. Brandon, Master's Candidate at the University of Washington School of Marine Affairs. She was a National Exchange Student at the University of Hawai'i at Manoa. Ms. Brandon is currently a research assistant with the Alaska Fisheries Science Center, NOAA Fisheries. *BS at the University of Oregon.*

Dr. Mark Fina, Senior Economist, North Pacific Fishery Management Council staff, Anchorage, Alaska. *Ph.D. in Agricultural and Applied Economics with a specialization in environmental and resource economics from Virginia Tech.*

Herman M. Savikko, FMP Coordinator/Fisheries Biologist, ADF&G, Division of Commercial Fisheries. He has worked in research and management of Alaska's fisheries for over 24 years. *B.S. Biological Sciences, University of Alaska, Fairbanks.*

Denby Lloyd, Westward Region Supervisor, ADF&G, Division of Commercial Fisheries, Kodiak, Alaska. He has twenty years of resource management and research experience in Alaska. *M.S. Biological Oceanography, University of Alaska Fairbanks.*

Jeff Hartman, Fisheries Regulation Specialist, Sustainable Fisheries Division, Alaska Regional Office, NMFS. Prepared section on effects of the alternatives on the monitoring, management and enforcement implications of program elements. Twenty-five years of fisheries experience in ADF&G, including 17 years as a fishery economist, 2 years on Scientific and Statistical Committee of the NPFMC. *Bachelor of Science in Biology, Eastern Michigan University.*

Kent Lind, Fishery Management Biologist, Sustainable Fisheries Division, Alaska Regional Office, NMFS. Eleven years of fishery management experience in Alaska. *B.A. Reed College, M.S. in marine affairs, University of Washington.*

Douglas Pengilly, Marine Fisheries Research Coordinator, Westward Region of ADF&G, Division of Commercial Fisheries, Kodiak. Supervises the regional shellfish research projects in the Bering Sea, Aleutian Islands, and western Gulf of Alaska since 1995. He has been a member of the NPFMC Crab Plan Team for the BSAI king and Tanner crab fisheries since 1995 and, since 1998, serves as chairman of the Crab Plan Team. *B.A. in Zoology: University of California, Berkeley, M.Sc. in Wildlife and Fisheries: University of Alaska, Fairbanks, M.Sc. in Statistics: Colorado State University.*

Forrest R. Bowers, Area Shellfish Management Biologist, BSAI, ADF&G, Division of Commercial Fisheries, Dutch Harbor, Alaska. Inseason shellfish management in the BSAI. *B.S. Fisheries Science, University of Alaska.*

Wayne K. Donaldson, Regional Shellfish Management Biologist ADF&G, Kodiak, Alaska. Currently supervises shellfish and groundfish management programs in the western Gulf of Alaska and Bering Sea/Aleutian Islands. Twenty-one years involvement with Alaska's fisheries management program. *B.S. Biological Sciences, University of Alaska Fairbanks, Alaska.*

Kerri Thomas-Tonkin, Regulation Specialist, Commercial and Sport Fish Divisions, ADF&G. Works with the Extended Jurisdiction Section on State regulatory issues. *AAS: Paralegal UAS, BA/PADM pending. University of Alaska Juneau*

Earl E. Krygier, Extended Jurisdiction Program Manager, ADF&G/Commercial Fisheries. Fourteen years ADF&G HQ coordination of state/federal management of BSAI crab fisheries. *M.S. in Fisheries Oceanography - 10 yrs research Oregon State University, School of Oceanography.*

Nina Mollett, Fisheries Regulations Writer, Sustainable Fisheries Division, Alaska Regional Office, NMFS. *M.S. in Resource Economics University of Alaska, Fairbanks.*

LCDR Phillip Thorne, Operations Planning and Analysis Staff Officer, U.S. Coast Guard Seventeenth District, Juneau Alaska. Twelve years of USCG service, 8 years assigned to ships enforcing US and international laws/regulations. *B.S. Mathematics/Computer Science, U.S. Coast Guard Academy and Master of Marine Affairs degree, University of Rhode Island.*

Rebecca Campbell, Secretary, Sustainable Fisheries Division, Alaska Regional Office, NMFS. Prepared document with literature coding and generated the literature cited sections. Seventeen years experience as a secretary working for the State and Federal governments, and private sector.

Steve Lewis, GIS Coordinator and Data Analyst, Analytical Team, Alaska Regional Office, NOAA Fisheries *B.Ed. University of Alaska - Southeast. Graduate work in Public Administration.*

Jie Zheng, Biometrician, Commercial Fisheries Division, Alaska Department of Fish and Game, Juneau. Thirteen years of stock assessment and fisheries management experience in Alaska. *B.S. in marine fisheries, China, M.S. in fisheries, University of Alaska Fairbanks, Ph.D. in biometrics and fisheries, University of Alaska Fairbanks.*

Dr. Carter Braxton Dew, Fisheries Research Scientist. Since coming to NMFS in 1984, Dr. Dew has spent much of his time using scuba to study the behavioral ecology of sonic-tagged red king crab aggregations off Kodiak, Alaska. Dr. Dew is presently compiling his research findings in a series of peer-reviewed scientific papers. *B.A., History, Washington and Lee University, 1962; M.S., Marine Biology, University of Connecticut, 1970; Ph.D., Biology, City University of New York, 1991.*

Consultant Contributors

Dr. David Armstrong, Aquatic Resources Consulting Group. Twenty-two years of crustacean research in the Pacific Northwest with over 75 peer-reviewed papers in 20 different journals on a variety of shellfish topics.

Jan Armstrong, Aquatic Resources Consulting Group. Seventeen years of crustacean and finfish research in the Pacific Northwest.

Dr. Michael Downs, Principal and Senior Social Scientist, EDAW, Inc. Performed socioeconomic assessments related to resource development and management in Alaska for the past 22 years, as well as in Hawaii, the lower 48, and the Caribbean. Thirteen years experience with North Pacific fisheries management social impact assessment as a contractor to the North Pacific Fishery Management Council. *Ph.D. Cultural Anthropology, University of California, San Diego.*

Jon Isaacs, Associate Planner, Director of Business Development, URS Anchorage. Twenty-eight years of Alaska experience, primarily in NEPA compliance, socioeconomics, coastal management and community planning. Participated in preparation of 16 EISs and numerous EAs. *B.A. Environmental Studies, University of California, Santa Barbara. Graduate Studies Planning and Economics, University of Alaska, Anchorage.*

Richard Kleinleder, Biologist, URS Homer. Over 20 years of experience in terrestrial and marine biological studies throughout Alaska. Adjunct Faculty in ornithology at Kenai Peninsula College, Kachemak Bay Branch. Certified Ecologist with the Ecological Society of America. *B.S. Biology and Environmental Studies, Indiana University, Bloomington; M.S. Biology, University of Alaska, Fairbanks*

Dr. Lobo Orensanz, Aquatic Resources Consulting Group. Twelve years of crustacean work in the Pacific Northwest, and broader shellfish work since 1980 in South America and elsewhere world-wide.

Becky Romano, Environmental Scientist/Toxicologist, URS Anchorage. Four years of experience in regulatory toxicology, chemical compliance, and occupational risk assessment. *B.S. Animal Science, Michigan State University, E. Lansing, Michigan; Dual M.S. Animal Science and Toxicology, Oregon State University, Corvallis, OR.*
