**CRISIS INTERVENTION
FOR PERSONS WITH DEVELOPMENTAL DISABILITIES**

REPORT TO THE LEGISLATURE

Department of Developmental Services
1600 9th Street, Room 240
Sacramento, CA 95814

California Health and Human Services Agency
State of California

MAY 2003

**Crisis Intervention for Persons With Developmental Disabilities
Senate Bill 1038 (Thompson), Chapter 1043, Statutes 1998
Welfare and Institutions Code 4696.1, (f) (1)(2)(3).**

SENATE BILL 1038 (THOMPSON) CHAPTER 1043, STATUTES 1998, WELFARE AND INSTITUTIONS CODE 4696.1, (F) (1)(2)(3) REQUIRES:

By May 15 of each year, the Department of Developmental Services (Department) shall provide all of the following information to the Legislature:

1. The status of the memorandums of understanding developed jointly by each regional center and the county mental health agency and identify any barriers to meeting the outcomes specified in this section.
2. The availability of mobile crisis intervention services, including generic services, by regional center catchment area, including the names of vendors and rates paid.
3. A description of each regional center's funded emergency housing options, including the names and types of vendors, the number of beds and rates, including, but not limited to, crisis emergency group homes, crisis beds in a regular group home, crisis foster homes, motel or hotel or psychiatric facility beds, and whether each emergency housing option serves minors or adults and whether it is physically accessible.

Summary of Memorandum of Understanding (MOU) Status Between County Mental Health Agencies and Regional Centers in California

Senate Bill (SB) 1038 (Thompson), Chapter 1043, Statutes 1998, Welfare and Institutions Code 4696.1, (f)(1)(2)(3) required each regional center and county mental health agency to develop an MOU for improved cooperative efforts regarding regional center consumers requiring mental health service. As of February 2003, 57 of the 58 counties have completed MOUs. The last county MOU, Marin, is under final review prior to signing.

The Department of Developmental Services and the Department of Mental Health continue to provide facilitation between regional centers and county mental health agencies. Ongoing facilitation efforts include:

- § Convening and staffing a quarterly interagency task force to develop strategies for successful implementation of SB 1038;
- § Sponsoring training sessions, in conjunction with the Department of Mental Health and the Mental Health Task Force, which foster collaboration between the regional centers and the county mental health systems. On July 30, 2002, a Mental Health Summit titled "Funding Options for Collaborative Projects" was held at the Sierra Health Foundation in Sacramento;
- § Providing technical assistance as requested by the regional centers;
- § Developing a collaborative mental health training grant proposal to research the successes and barriers of funded dually diagnosed mental health projects; and
- § Meeting with the Department of Mental Health to discuss progress and necessary collaborative activities to promote continuity of care for persons with dual diagnoses.

In spite of these efforts, barriers in providing services and supports in the community continue. Some of the barriers identified include:

- A lack of qualified administrators to manage the specialized facilities;
- Difficulties in finding affordable housing and property to develop facilities; and
- Shortages of psychiatrists willing to provide treatment to this population and whom are willing to accept the Medi-Cal reimbursement.

Mobile Crisis Intervention Services and Emergency Housing Options of the Regional Centers

Welfare and Institutions Code section 4648(a) (10) states "In order to achieve the stated objectives of a consumer's individual program plan, the regional center shall conduct activities including, but not limited to, all of the following:

Emergency and crisis intervention services, including, but not limited to, mental health services and behavior modification services, may be provided, as needed, to maintain persons with developmental disabilities in the living arrangement of their own choice. Crisis services shall first be provided without disrupting a person's living arrangement. If crisis intervention services are unsuccessful, emergency housing shall be available in the person's home community. If dislocation cannot be avoided, every effort shall be made to return the person to his or her living arrangement of choice, with all necessary supports, as soon as possible.

Mobile Crisis Intervention Services Section provides information on the availability of mobile crisis intervention services, including generic services, by regional center catchment area, including the names of vendors and rates paid.

Funded Emergency Housing Options Section provides a description of each regional center's funded emergency housing options, including the names and types of vendors, the number of beds and rates, including, but not limited to, crisis emergency group homes, crisis beds in a regular group home, crisis foster homes, motel or hotel or psychiatric facility beds, and whether each emergency housing option serves minors or adults and whether it is physically accessible.

NLACRC frequently utilizes residential vendors that have vacancies when there is a crisis situation and emergency housing is necessary. Additional staffing is provided through Program Support Services, if necessary, to meet the individual needs of the consumers. Independent Living providers have also been utilized to secure a motel room for a consumer, and then ILS services are funded to provide additional support.

**Mental Health Memorandum of Understanding
Check List**

Yes No Is a **current** Memorandum of Understanding (MOU) between your regional center and county mental health agency in place?

If the answer to the first question is No, you are finished filling out the questionnaire.

Yes No If the MOU is time-limited does it need to be renewed?

Yes No The MOU identifies staff that will coordinate service activity between the two agencies.

Yes No The MOU incorporates a general plan for crisis intervention.

Yes No The MOU includes a procedure by which each dually diagnosed consumer receives a case conference.

- The case conference is conducted jointly by the two agencies.

Yes No The MOU provides for collaborative planning between the regional center and county mental health for consumers who are admitted to a mental health inpatient facility.

Yes No The MOU contains joint training by regional center staff and county mental health staff on providing effective services to persons who are dually diagnosed.

Yes No The MOU fosters agreement between the two agencies, on a consumer-by-consumer basis, on the presenting diagnosis and medical necessity, as defined by the regulations of the State Department of Mental Health.

Yes No The directors of the regional center and the county mental health agency meet no less than annually to discuss collaboration and outstanding policy issues between the two agencies.
