**CRISIS INTERVENTION
FOR PERSONS WITH DEVELOPMENTAL DISABILITIES**

REPORT TO THE LEGISLATURE

Department of Developmental Services
1600 9th Street, Room 240
Sacramento, CA 95814

California Health and Human Services Agency
State of California

MAY 2005

**Crisis Intervention for Persons With Developmental Disabilities
Senate Bill 1038 (Thompson), Chapter 1043, Statutes 1998
Welfare and Institutions Code 4696.1, (f) (1)(2)(3).**

SENATE BILL 1038 (THOMPSON) CHAPTER 1043, STATUTES 1998, WELFARE AND INSTITUTIONS CODE 4696.1, (F) (1)(2)(3) REQUIRES:

By May 15 of each year, the Department of Developmental Services (Department) shall provide all of the following information to the Legislature:

1. The status of the memorandums of understanding developed jointly by each regional center and the county mental health agency and identify any barriers to meeting the outcomes specified in this section.
2. The availability of mobile crisis intervention services, including generic services, by regional center catchment area, including the names of vendors and rates paid.
3. A description of each regional center's funded emergency housing options, including the names and types of vendors, the number of beds and rates, including, but not limited to, crisis emergency group homes, crisis beds in a regular group home, crisis foster homes, motel or hotel or psychiatric facility beds, and whether each emergency housing option serves minors or adults and whether it is physically accessible.

Summary of Memorandum of Understanding (MOU) Status Between County Mental Health Agencies and Regional Centers in California

Senate Bill 1038 (Thompson), Chapter 1043, Statutes 1998, Welfare and Institutions Code 4696.1, (f) (1) (2)(3) required each regional center and county mental health agency to develop an MOU for improved cooperative efforts regarding regional center consumers requiring mental health services. As of March 2003 all 58 counties and 21 regional centers have completed MOUs. Each regional center and county mental health agency is responsible for maintaining and/or revising their MOU.

The Department of Developmental Services and the Department of Mental Health continue to provide facilitation between regional centers and county mental health agencies. Ongoing facilitation efforts include:

- Convening and staffing a quarterly interagency task force to develop strategies for successful community services for persons with a dual diagnosis;
- Providing technical assistance as requested by the regional centers and/or county mental health agencies;
- Convening psychiatrist training for professionals in the fields of mental health and developmental disabilities. One conference was held on June 5, 2004, in Los Angeles and another on January 29, 2005, in Sacramento.
- Analyzing statewide data to examine the number of psychiatric hospitalizations and administrative days that occurred prior to community placement; and
- Meeting with the Department of Mental Health to discuss progress and necessary collaborative activities to promote continuity of care for persons with a dual diagnosis.

As a result of these efforts, new, innovative services and supports have been developed. These include:

- The development of additional adolescent dual diagnosis treatment facilities; and
- The development of a new Mental Health Rehabilitative Center with a special emphasis on serving persons with a dual diagnosis.

Although these developments are promising, barriers continue to exist in providing services and supports in the community. Regional centers have identified these barriers:

- A lack of qualified administrators and staff to manage facilities for persons with a dual diagnosis;
- Difficulties in accessing and blending funds from multiple agencies; and
- Shortages of psychiatrists willing to provide treatment to this population and also willing to accept the Medi-Cal reimbursement rate.

Mobile Crisis Intervention Services and Emergency Housing Options of the Regional Centers

Welfare and Institutions Code section 4648(a) (10) states “In order to achieve the stated objectives of a consumer’s individual program plan, the regional center shall conduct activities including, but not limited to, all of the following:

Emergency and crisis intervention services, including, but not limited to, mental health services and behavior modification services, may be provided, as needed, to maintain persons with developmental disabilities in the living arrangement of their own choice. Crisis services shall first be provided without disrupting a person’s living arrangement. If crisis intervention services are unsuccessful, emergency housing shall be available in the person’s home community. If dislocation cannot be avoided, every effort shall be made to return the person to his or her living arrangement of choice, with all necessary supports, as soon as possible.

Mobile Crisis Intervention Services Section provides information on the availability of mobile crisis intervention services, including generic services, by regional center catchment area, including the names of vendors and rates paid.

Funded Emergency Housing Options Section provides a description of each regional center’s funded emergency housing options, including the names and types of vendors, the number of beds and rates, including, but not limited to, crisis emergency group homes, crisis beds in a regular group home, crisis foster homes, motel or hotel or psychiatric facility beds, and whether each emergency housing option serves minors or adults and whether it is physically accessible.

<p>NLACRC has staff on call 24 hours per day to provide guidance in crisis situations. During a mental health emergency, NLACRC staff may advise a consumer, family member, or service provider to contact one of the crisis teams listed above. 24-hour emergency on-call assistance and support services are provided for consumers who receive supported living, family home agency and foster family home services. Many independent living service providers have a 24-hour on-call system, by choice, although it is not a requirement. In addition, 1:1 behavioral support services may be authorized in an emergency situation when a consumer requires additional support in order to prevent a move to a more restrictive environment or to protect the consumer or others.</p> <p>* Access Telecommunication Center (L.A. County Department of Mental Health) assumed full responsibility for providing referral and linkage resources for the L.A. County Area for persons with a MH diagnosis and who reside in an Adult Residential Facility in 2004. The Access Center is responsible for screening and dispatching all CRT teams in the L.A. area for assessment and transport to area MH hospitals when needed. All Adult Residential Facility (ARF) providers serving consumers receiving MediCal benefits and who have a MH diagnosis must use the Access Center system when they are in need of a crisis response team.</p>

TO: REGIONAL CENTER EXECUTIVE DIRECTORS

SUBJECT: "CRISIS INTERVENTION FOR PERSONS WITH DEVELOPMENTAL DISABILITIES" REPORT TO THE LEGISLATURE

Since 1998, Section 4696.1 (f) of the Lanterman Developmental Disabilities Services Act has required that the Department of Developmental Services (Department) provide the following information to the Legislature annually: 1) the status of the Memorandums of Understanding (MOUs) developed by each regional center and county mental health agency; 2) the availability of mobile crisis intervention services; and 3) a description of each regional center's funded emergency housing options. Enclosed you will find:

Attachment A Form for reporting Status/Amendments of MOUs
Attachment B Form for reporting Mobile Crisis Intervention Services
Attachment C Form for reporting Emergency Housing Options

Please complete Attachments A, B, and C to provide the Department with the most current information. Enclosed you will find a copy of your Mobile Crisis Intervention Services and Funded Emergency Housing Options from your regional center for Attachment B and C from last year's report. You may note changed information on this copy if it is more convenient. Please provide this information by e-mail, fax, or mail **no later than Friday, March 18, 2005**, to:

Questionnaire**

Regional Center _____

County/Counties _____

Yes No Is a **current** Memorandum of Understanding (MOU) between your regional center and county mental health agency in place?

If not, then what are the barriers to completing a MOU?

Current MOU Information:

Yes No How long has this MOU been in place? _____
If the MOU is time-limited, when does it need to be renewed? _____

Yes No The MOU identifies staff that will coordinate service activity between the two agencies.

Yes No The MOU incorporates a general plan for crisis intervention.

Yes No The MOU includes a procedure by which each dually diagnosed consumer receives a case conference.

- The case conference is conducted jointly by the two agencies.

Yes No The MOU provides for collaborative planning between the regional center and county mental health for consumers who are admitted to a mental health inpatient facility.

Yes No The MOU contains joint training by regional center staff and county mental health staff on providing effective services to persons who are dually diagnosed.

**Mental Health Memorandum of Understanding
Questionnaire (continued)**

Yes No The MOU fosters agreement between the two agencies, on a consumer-by-consumer basis, on the presenting diagnosis and medical necessity, as defined by the regulations of the State Department of Mental Health.

Yes No The directors of the regional center and the county mental health agency meet no less than annually to discuss collaboration and outstanding policy issues between the two agencies.

Yes No Does the MOU address administrative days? If so, what are the conditions for payment of administrative days?

Yes No Has your regional center paid for administrative days? If yes, then what was the total cost for the calendar year 2004? _____

What were the barriers to placement that caused the administrative days? _____
