City of Philadelphia

FISCAL 2007 OPERATING BUDGET As Approved by the Council - May 25, 2006

Section I

INTRODUCTION TO THE FY 2007

ADOPTED OPERATING BUDGET

GENERAL FUND

Introduction to the Adopted Fiscal Year 2007 Budget

Over the last six years, the Administration has strived to create a Philadelphia that will thrive in the 21st century supported by a city government that can live within its means: A smaller government that still provides needed services and safe streets, and fosters educational opportunity and an improved quality of life.

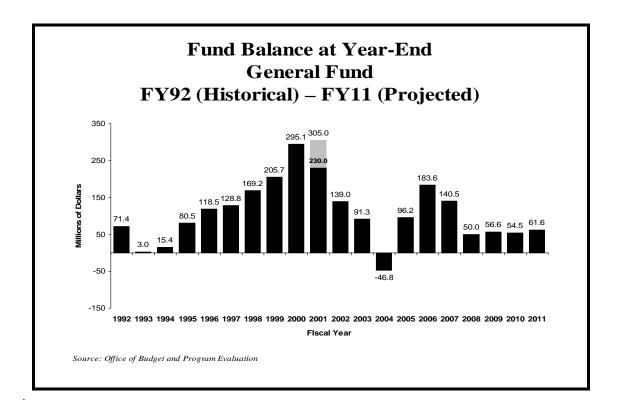

The priority of this Administration has been and will remain tackling core citizen needs: Revitalizing neighborhoods in decline, improving public schools, strengthening families, attracting businesses to foster economic growth, ensuring public safety and high quality of life standards in every community, and to the extent possible, reducing the local tax burden. Since 2000, City wage and business taxes have been reduced by more than \$1.1 billion. The City's investment in neighborhoods to eliminate blight and pave the way for development have resulted in renewed quality of life in our neighborhoods. While neighborhoods have flourished, Center City and commercial corridors have not missed a beat. Out-of-towners, recent college graduates, and suburban empty-nesters are swelling Center City's population and remaking its neighborhoods; Center City now has the third-largest downtown population after New York and Chicago.

The FY07 Operating budget builds on this momentum and includes the following new administration initiatives. Many of which are discussed in detail in the Introduction sections following.

Maintaining Fiscal Health with Steady Tax Reductions

Philadelphia has taken major steps toward addressing the fiscal challenges it faced in the 1990's. The City has significantly increased the efficiency of service delivery. Taxes have been reduced to spur economic development. State and federal reimbursement for the cost of redistributive social services has increased dramatically. Strategic investments in neighborhoods, cultural institutions, the tourism sector, and waterfronts have begun to pay off: population decline has been stemmed, property values are increasing significantly across the City, and the City has begun to receive national and international acclaim for its quality of life, cultural amenities and progressive creativity. Despite these achievements, however, the basic structural financial challenge remains: A weak tax base, a high tax burden, escalating costs, high service responsibilities, and low state financial support.

Part of the City's recent success has been reflected in an improved fund balance. As a result of growth in the economy, as well as numerous management initiatives, Philadelphia entered FY06 in a healthier fiscal condition and with a brighter economic outlook than it faced in FY04 and FY05. The fund balance, which had fallen to a negative \$46.8 million at the end of FY04 from a high of \$295 million in FY00, as shown in the chart below, grew to \$96.2 million at the end of FY05, and is projected to reach \$183.6 at the end of FY06.

However, because of looming tax cuts, the fund balance outlook in FY08, the year when the largest wage tax increases in multi-year contracts take effect, weakens considerably.

The City's \$46.8 million General Fund deficit at the end of FY04 was the first negative fund balance in twelve years. While this deficit was primarily attributable to a delay in receiving state reimbursement for social service program costs, the negative General Fund balance was nonetheless a sign of the increasingly limited room for error in City finances. The Five Year Financial Plan projects tax cuts totaling \$1.2 billion. Even with the continuing tax reduction strategy the FY07-11 Plan projects continued positive balances at the end of each fiscal year, but these balances are generally decreasing and are modest in comparison to the large surpluses achieved during the economic boom of the late 1990s. Although revenues have been strong since FY04, growth has been centered in the volatile realty transfer tax and business privilege taxes. However, the Wage Tax alone represents half of all tax collections, and significant mandated future tax reductions, as well as growth that is unevenly distributed across the economy, constrain future collection growth.

In this tax environment, it is clear that creative cost-cutting initiatives and tight spending controls will be needed to maintain a balanced budget. Since 1999, the real estate market has seen dramatic increases in value in many locations throughout Philadelphia. Low mortgage interest rates, and increased investor confidence in the city, have contributed to increased property demand and value. The City's Neighborhood Transformation Initiative has also contributed to the citywide increase in property values through its

strategically targeted investments in neighborhoods throughout Philadelphia. Property assessments have not kept pace with this trend.

The City remains committed to continuing the tax reduction program into a twelfth year and beyond. In FY07 the Administration proposes tax reductions totaling \$168 million. The wage tax rate will be further reduced to 4.26 percent for residents and 3.7557 percent for non-residents, effective January 1, 2007 at a cost of \$11.9 million.

Wage Tax Rate Reductions ¹									
	Re	sidents	Non-l	Residents					
Fiscal Year ²	Rate	Change from FY95 Rate	Rate	Change from FY95 Rate					
1995	4.9600%		4.3125%						
1996	4.8600%	-2.02%	4.2256%	-2.02%					
1997	4.8400%	-2.42%	4.2082%	-2.42%					
1998	4.7900%	-3.43%	4.1647%	-3.43%					
1999	4.6869%	-5.51%	4.0750%	-5.51%					
2000	4.6135%	-7.00%	4.0112%	-7.00%					
2001	4.5635%	-8.00%	3.9672%	-8.00%					
2002	4.5385%	-8.50%	3.9462%	-8.50%					
2003	4.5000%	-9.27%	3.9127%	-9.27%					
2004	4.4625%	-10.03%	3.8801%	-10.03%					
2005	4.3310%	-12.68%	3.8197%	-11.42%					
2006	4.3010%	-13.29%	3.7716%	-12.54%					
2007	4.2600%	-14.11%	3.7557%	-12.91%					
2008	4.2190%	-14.94%	3.7242%	-13.64%					
2009	4.1690%	-15.95%	3.6850%	-14.55%					
2010	4.0158%	-19.04%	3.6046%	-16.42%					
2011	3.8626%	-22.12%	3.5338%	-18.06					
TOTAL REDUCTION 1996-2011		-22.12%		-18.06%					

Projected rates for 2007-2011 are based on legislated reductions under Bill 040607. They do not include the potential additional wage tax rate reductions made possible by state fiscal assistance for tax reform.
 The FY96 reductions took effect January 1, 1996. The reductions for fiscal years 1997 through 2004 took effect on the first day of the fiscal year, July 1. The reduction for fiscal year 2005 took effect on January 1, 2005. Reductions

for fiscal years 2006 through 2011 will take effect on January 1 of each fiscal year.

The City believes that, as financial circumstances permit, it is prudent to continue to make adjustments to business taxes that will improve Philadelphia's economic outlook. The City, however, cannot continue business tax reductions, make strategic investments in cultural institutions and neighborhood commercial corridors and balance the current Five Year Financial Plan or for that matter subsequent plans with all of the currently enacted tax reductions. The Plan, therefore, delays the low-income wage tax credits

scheduled to begin in FY10 until FY13, restoring approximately \$40 million to the Plan and preventing annual losses exceeding \$100 million in the Plan's out years.

Wage tax reduction for the five years beginning with 2010 are estimated to grow at nearly three times the rate of current reductions, and are large enough to mostly offset growth in the tax base.

Such steep reductions put great pressure on the City's ability to provide services. For example, the \$60 million funding gap anticipated for the beginning of FY06 compelled the City to implement a workforce reduction that has put staffing levels at forty-year lows. The significantly larger cuts that would result from the low-income wage tax credits would cause even greater damage to the City's ability to deliver services.

Beginning in the first year of the Plan, the Administration also accelerates the pace of the reductions in the gross receipts portion of the Business Privilege Tax, a change that will improve the City's tax competitiveness and spur job growth. As shown in the following table, the Proposed FY07 budget cuts the gross receipts portion of the BPT to 0.1665 percent in FY07 and to 0.1355 percent by FY11, a reduction of 58 percent from the FY95 level.

Business Privilege Tax (BPT) Rate Reductions* – Actual & Proposed									
Tax Year	Gross Receipts Rate (TY95-TY11)	Change from FY95 Gross Receipts Rate	Reduction in Total BPT Burden**						
1995	0.3250%								
1996	0.3000%	-7.69%	-5.14%						
1997	0.2950%	-9.23%	-5.85%						
1998	0.2875%	-11.54%	-6.90%						
1999	0.2775%	-14.62%	-8.28%						
2000	0.2650%	-18.46%	-10.00%						
2001	0.2525%	-22.31%	-10.70%						
2002	0.2400%	-26.15%	-12.88%						
2003	0.2300%	-29.23%	-16.23%						
2004	0.2100%	-35.38%	-18.11%						
2005	0.1900%	-41.54%	-21.27%						
2006	0.1665%	-48.77%	-24.97%						
2007	0.1540%	-52.62%	-26.94%						
2008	0.1415%	-56.46%	-28.72%						
2009	0.1395%	-57.07%	-29.03%						
2010	0.1355%	-58.30%	-29.66%						
TOTAL R	EDUCTION 1995-2010	-58.30%	-29.66%						

* The Business Privilege Tax consists of a tax on gross receipts combined with a tax on net income. The proposed rate reductions affect only the rate of the gross receipts portion of the tax.

** This percentage includes the effects of (1) the reductions in the gross receipts portion of the BPT and (2) the double weighting of the sales factor in calculating the net income portion of the BPT.

Implement Neighborhood Transformation and Blight Elimination

Investing in the NTI ReStore Commercial Corridor Program. The commercial corridor support program is a Neighborhood Transformation component of the Mayor's Economic Development Blueprint, a plan to increase investment in neighborhood commercial corridors and sustain the positive changes accomplished by NTI. The Commercial Corridor Support Program will be funded with \$65 million in bond proceeds, in addition to Main Street and CDBG funds. The investment will support

- Corridor planning and design
- Streetscape enhancements and capital improvements
- Corridor investments, including, marketing, business attraction
- Business support, including, but not limited to: façade renovations to storefronts, technical assistance and rent rebates for businesses
- Targeted redevelopment grants, for pre-development and development funding for major commercial, institutional and cultural facilities that will draw people to the neighborhood commercial corridor
- Small business loan guarantee pool, to improve the access of small businesses located on commercial corridors to mainstream lenders by providing a guarantee
- Acquisition pool, to enable the city and developers to acquire key blighted properties on corridors for commercial or mixed-used development and transportation-oriented development
- Targeted demolition on commercial corridors, will remove blighted properties and help create developable parcels for commercial redevelopment
- Technology improvements, to improve data collection on corridors, and assist businesses to access city services
- Project management, to ensure timely, efficient and high quality implementation of funded projects, including appropriate civic engagement

The City is also continuing the program of dangerous building demolitions, vehicle towing, and lot cleaning and maintenance.

Promote Economic Development

Making a major investment in the economic engine encompassing Philadelphia's neighborhood commercial corridors, the arts, cultural institutions, and the Park. The Arts and culture are major economic engines in the City and the region. Studies have document the economic impact. Recent Art Museum exhibits that have drawn visitors from across the country have only served to reinforce the point. Unless the museum makes basic infrastructure investments, unless it create a second loading dock so priceless works of art are no longer loaded alongside garbage being disposed of, we will no longer host these magnificent events and wonder how we let it happen. Freedom

Theater has long been recognized as one of the premier regional theaters in the nation, yet its light, too, is dimming because of inadequate support. We cannot allow this to happen.

Small businesses and our neighborhood commercial corridors are vital to the well-being of our neighborhoods. Attention and investment in both has been too long delayed. Both shortcomings were highlighted in the Economic Development Summit and resulting Blueprint for Economic Growth. We cannot continue to skew our economic development strategy to tax cuts and starve no less critical components of our economic well-being. The Administration is prepared to make a \$150 million investment to preserve our arts and cultural institutions and revive commercial corridors. A total of \$65 million of the funding would be targeted to the arts, cultural institutions, and the Park, including the Art Museum, Freedom Theater, Independence Park, the Zoo, African American Museum, Please Touch Museum, Civil War Museum. Another \$65 million will be devoted to development of neighborhood commercial corridors, to ensure that the neighborhoods whose property values have improved so greatly over the last few years remain vibrant and healthy into the future.

Promote Philadelphia. To help tell the story of the great things happening in Philadelphia and to increase tourism, \$2.5 million will be invested in Promote Philadelphia. Independent studies of past tourism campaigns have shown that this investment will pay off: every dollar spent on media generates \$185 in visitor spending, as well as \$13 in state and local taxes and \$41 in additional wages.

Moving Aggressively with the Implementation of New River City. To position itself for growth in the 21st Century, Philadelphia is increasingly utilizing its riverfronts as new places for living, recreation, working, and environmental enhancement. The Delaware and Schuylkill rivers, which provide more than 40 miles of river frontage, one-sixth the total size of the city, are booming. For example, Edgewater, a 290-unit residential development on Race Street, is nearing completion. Madeville Place, on Walnut Street, and South Bridge, on Schuylkill Avenue, both new residential developments, are moving through the planning phases. These three projects, along with other riverside development, will increase the residential population along the Schuylkill by hundreds, if not thousands, of taxpaying residents. In addition, the Schuylkill River Development Corporation (SRDC) is completing landscaping along one of the city's newest and most popular recreational trails. SRDC has also facilitated the installation of two public docks, at Walnut Street and at Bartram's Garden, opening up the river to tour boat operations. The City is completing roll-out plans for the use of the funds in FY07.

Provide High Quality Public Education and Comprehensive, Coordinated Social Services

Initiating Operation Safe Schools. In response to a pattern of violence in and around schools in spring 2005, the Police Department has stepped up its activities to support safe schools, through its Operation Safe Schools program. This initiative, which was instituted to safeguard students and the communities surrounding schools, redeploys

police along corridors adjacent to schools during arrival and dismissal times. The establishment of the Juvenile Violence Intelligence Section (JVIS) of the Criminal Intelligence Unit has helped to deter school related violence, and maintain the quality of life in neighborhoods adjacent to schools. The JVIS is responsible for receiving, disseminating, and tracking information related to school violence, as well as serving as a central point of contact for sharing information between the Department and school officials.

Expanding the Youth Violence Reduction Program (YVRP). The Youth Violence Reduction Partnership, begun in 1999, is a multi-agency, cooperative initiative to reduce youth homicides in the City. YVRP targets young people 15- 24 years of age who are believed to be at greatest risk to kill or be killed. Partner agencies include the Police, Adult and Juvenile Probation, the District Attorney's Office, the Managing Director's Office, the Departments of Human Services, Recreation, and Behavioral Health, and other agencies—both public and private. The YVRP's goals are to get each young person to celebrate his or her twenty-fifth birthday ("Alive at 25") and for each to fully realize his or her potential. As of late 2005, external evaluations showed that homicides had been reduced by approximately 50 percent in the districts where YVRP has been operational. The YVRP's budget, which totaled \$5.4 million in FY06, is, increasing to \$6.1 million in FY07, nearly all financed with grant funding.

Initiating the Adolescent Violence Reduction Program (AVRP). The Adolescent Violence Reduction Partnership seeks to prevent violence among high-risk children who are between the ages of 10 and 15. The AVRP represents a major expansion of the City's efforts to reach out directly to the highest-risk youth. Based on the successful YVRP model, which targets older youth already involved in the juvenile and criminal justice systems, the AVRP will target younger intervening more intensively before they engage in further and more serious delinquency, crime, and violence. In the first phase of operation, AVRP will target youth residing in the twelfth Police District in Southwest Philadelphia and the twenty-fifth Police District in North Philadelphia/Kensington. Both areas have chronically high incidence of youth violence and both are current YVRP areas. AVRP referral criteria include youth already arrested at a young age for serious offenses, youth who are siblings of young people participating in YVRP, children of incarcerated parents, and others whom those in law enforcement, the schools, and in the community recognize as being most at risk of behaving violently, or becoming victims of violence.

Continuing to Make Unprecedented Investments in Children. The Mayor's Children Investment Strategy (CIS), a broad initiative of Mayor Street to improve the outcomes for the City's 370,000 children and youth, as indicated in the *Children's Report Card 2006*.

Expanding Services for Victims of Domestic Violence. In September 2003, Mayor Street established a Task Force on Domestic Violence. A commitment of \$1 million in FY05 resulted in an unprecedented expansion of services for victims of domestic violence, including a citywide hotline with a single 1-800 number, answered 7 days a week, 24 hours a day, with language interpretation services available as needed. In the first full month of the hotline operation, 925 calls were made to the hotline, for a total of

202 hotline counseling hours. A partnership among Adult Services, the Police Department, the District Attorney's Office, Adult Probation, Family Court and Municipal Courts, and five non-profit agencies grant from the Department of that serve victims of domestic violence, won a \$950,000 Justice to use training and technology to encourage offender arrest and enforce protection orders.

Moving forward with the Mayor's Plan to End Homelessness. In June 2004, Mayor Street created a Task Force on Homeless Services to create a ten-year plan to end homelessness in the City of Philadelphia. The Mayor's endorsement of the 10-Year Plan is the latest initiative by the Administration dedicated to improving the quality of life throughout Philadelphia. The Mayor has made a commitment, with the assistance of City department leadership, to provide \$10 million toward the first two years of the plan, including behavioral health services in shelter, prevention, housing subsidies for 25 families per month for two years, and assistance from private funding to support the plan's implementation.

Creating the Mayor's Office for Reentry. More than 32,000 inmates are released from the Philadelphia Prison System (PPS) each year. Many who are released have histories of substance abuse, health, and mental health problems, and nearly two-thirds of released prisoners are expected to be rearrested for a felony or serious misdemeanor within three years of release. Mayor Street is leading the effort to break this cycle by establishing the Mayor's Office of Reentry.

Enhance Public Safety and Quality of Life for All Communities

Initiating a Violence Prevention and Reduction Program. The Violence Reduction Program is a citywide program to prevent and reduce violent crime. Although the City's overall crime statistics continue to decline, the recent increase in the level of gun violence throughout the City requires a comprehensive and coordinated strategy. Beginning January 2006, the City implemented a new comprehensive, citywide crime prevention and reduction strategy designed to suppress violence. The strategy focuses on violent criminals and predictable violence, and relies on data, a redeployment of resources, coordination of law enforcement agencies, coordination with DHS and other social services departments, and community engagement in "hot spot" areas throughout the City.

Initiating Operation Smooth Streets. In April 2006, the Streets Department launched Operation Smooth Streets in order to eliminate the 10,000 potholes and 3,200 ditches that are expected to form during the winter season. The focus of Operation Smooth Streets will be to aggressively repair the potholes and ditches and to establish repair and preventive maintenance standards. Specifically, Operation Smooth Streets will:

- Add 12 additional repair crews to service city streets
- Shorten the response time to repair potholes from three days to one day

• Shorten the response time to repair ditches from 90 days to less than 30 days

In addition to pothole repair and ditch restoration, employees will be assigned to other preventative maintenance functions, such as expanding the crack-sealing program, which will reduce the number of potholes in future years. Operation Smooth Streets FY07 cost is projected at \$2.3 million, in addition to a one-time \$1.15 million equipment cost.

Moving Forward with Wireless Philadelphia. By entering into final negotiations with EarthLink, Wireless Philadelphia, an independent 501(c)(3), moves one step closer to fulfilling Mayor Street's vision of a Philadelphia with wireless Internet access in every city neighborhood. EarthLink will help Wireless Philadelphia promote "digital inclusion" by offering discounted Internet access to qualifying Philadelphia residents, discounted Internet access and affordable rates to other residential subscribers. Wireless Philadelphia's goal is to help citizens, businesses, schools, and community groups bridge the digital divide and make better use of wireless technology. Wireless Philadelphia and EarthLink have reached agreement on the major business terms of a contract, and are working to complete a definitive agreement in 2006. Under EarthLink's proposal, no City tax dollars will be used to fund construction of the Wi-Fi infrastructure. Once operational, the citywide Wi-Fi network will provide:

- Inexpensive, high-speed Internet access
- Open access for multiple, competing service providers
- Roaming capabilities for providers of hot spot access
- Free Internet access in some parks and public spaces
- Daily and weekly access for occasional users and visitors
- Small business connectivity and serve as a wireless T-1 alternative

Prioritizing Energy Conservation. In fall 2005, the cost of natural gas was quadrupling (compared to 2001), while temperatures were plunging to unseasonably frigid temperatures. Winter household gas bills of \$2,000 were anticipated, but no state or federal funding programs had been put forth to protect low-income people and senior citizens from a looming heating crisis. It has become clear that households at all income levels must begin to conserve. Fuel costs are simply too high. The Administration, working with City Council, proposed a successful \$2 million transfer ordinance, which passed unanimously shortly before the holidays, providing funding for energy conservation programs for low-income citizens. Resources will be reallocated to achieve weatherization support for 50,000 households. Under the direction of the Energy Coordinating Agency, the City is:

- Sponsoring 100 weatherization workshops across the City. Participants will be given supplies to weatherize their home or apartment. There are no income eligibility requirements for workshop participation.
- Coordinating its low-cost weatherization program with its "Heater Hotline" repair program, serving approximately 5,000 households. When a heater is fixed, the home is also weatherized.

• Deploying Mayor's Office of Community Services workers to go door-to-door in low-income neighborhoods to get the word out to people who may be difficult to reach through conventional communications strategies.

14.1 TO THE MAYOR - OFFICE OF HOUSING AND COMMUNITY DEVELOPMENT

Personal Services	\$ 20,000,000
Total	\$ 20,000,000

SECTION 15. General Provisions

(1) The sums herein appropriated under Items 2.45, 3.7, and 10.8 "To the Director of Finance-Indemnities" shall be used for the purpose of settling claims against the City. Payments therefor shall be made by the Director of Finance only upon the authorization of the City Solicitor or his/her designated representative for this purpose.

(2) Upon the transfer of any function from one office, department, board or commission to another office, department, board or commission, the Director of Finance is authorized to transfer to the successor office, department, board or commission those portions of the appropriations which

appertain to the function transferred.

(3) Whenever, pursuant to the provisions of Section 8-401 of the Philadelphia Home Rule Charter, employees of any office, department, board or commission are used by another office, department, board or commission, the compensation of such employees for the period of such use may, at the discretion of the Director of Finance, be charged against the applicable appropriations to the using office, department, board or commission.

(4) In respect to any grant received by the City under Sections 5, 6, 7 or 9 of this Ordinance, The Director of Finance may, upon written authorization by the grantor transfer non-City funds between and among classes. The authorizations for such transfers shall be transmitted by The Director of Finance to the Clerk of Council within two (2) working days of any such transfer, along with a statement explaining the reason for such transfer. Transfers between and among departments respecting grants of two hundred fifty thousand (250,000) dollars or greater shall not be made except with the prior approval of the Council by resolution or ordinance. Approval shall not be granted to any such transfer request submitted to Council unless it is accompanied by a copy of the grant proposal (and, if received, the grant award) which has caused the transfer request to be made. Transfers between and among departments respecting grants of less than two hundred fifty thousand (250,000) dollars shall be made upon written authorization of the Director of Finance; provided however, that such authorization, along with a full description of the grant affected is transmitted to the President of Council at least two (2) days before the effective date of such authorization.

In respect to funds from the Department of Housing and Urban Development's Community Development Block Grant (CDBG) appropriated under Section 11 of this Ordinance, the limitations set forth in the provisions of Chapter 21-1100 of The Philadelphia Code shall govern any transfer of CDBG funds between and among classes, departments and elements (grants).

(5) In respect to the appropriation made in Item 11.4 of this Ordinance "To the Director of Finance-Community Development Block Grant-To be Allocated", the sums shall not be construed as being available for commitment prior to the adoption of any ordinance appropriating moneys to be made available by the Department of Housing and Urban Development for the Fiscal Year 2007.

(6) The Director of Finance may make adjustments for obligations incurred in Fiscal Year 2006 and prior years. These may be made out of the appropriations therefor to the respective offices, departments, boards, commissions and agencies for Fiscal Year 2007.

(7) Except as otherwise provided by this Ordinance, special funds heretofore established pursuant to ordinance or statute, shall continue to be utilized in Fiscal Year 2007 for the purposes and in the manner prescribed by such ordinance or statutes to the extent that they are consistent with the provisions of the Philadelphia Home Rule Charter.

When under the Philadelphia Home Rule Charter an appropriation is a prerequisite to payments of money from such special funds, this paragraph should be construed as an appropriation of the full receipts of such funds for the purpose heretofore authorized by such ordinance or statutes, except that this paragraph shall not be construed as an appropriation of any funds contained in the Housing Trust Fund created under Chapter 21-1600 of The Philadelphia Code, and expenditures from the Housing Trust Fund shall be made only pursuant to appropriations made in Section 14 of this ordinance. The provisions in the prior sentence relating to the Housing Trust Fund are not severable from the remainder of that sentence or from any of the other provisions of this subsection (7), but are essentially and inseparably connected with those provisions, it being Council's intent that no portion of this subsection (7) would have been enacted if it did not also contain the provisions relating to the Housing Trust Fund.

The Director of Finance is authorized and directed to impound the balance of any special fund with respect to which he/she finds that the purposes for which the fund is being expended were intended by ordinance or law to be funded by an appropriation made in other Sections of this Ordinance.

(8) The City Treasurer is authorized and directed to make temporary advances in such amounts as the Director of Finance shall specify between any of the operating funds receiving appropriations in this Ordinance or between any operating fund and the Capital Projects Fund, and the Industrial and Commercial Development Fund, in anticipation of the collection of revenues or other receipts which are estimated to be receivable during the Fiscal Year 2007. Such advances shall bear interest at such rates as the City Treasurer, upon approval of the Director of Finance, shall determine.

(9) The amounts herein appropriated for Purchase of Services; Materials, Supplies and Equipment; Contributions, Indemnities and Taxes; and Debt Service shall be deemed to be available for encumbrance upon the effective date of this Ordinance, to the extent necessary to facilitate the operations of the various offices, departments, boards and commissions for Fiscal Year 2007; provided, that no service shall be rendered prior to July 1, 2006 and no materials, supplies or equipment acquired shall be used in Fiscal Year 2006 except to the extent required to prepare for Fiscal Year 2007.

Such portions of the appropriations herein made for debt service to the Sinking Fund Commission may be paid over to the City's fiscal agent prior to July 1, 2006 as in the judgment of the Director of Finance is necessary to meet interest and principal on the debt of the City due on July 1, 2006.

(10) The Director of Finance is authorized to charge or credit fund balances available for appropriations as of June 30, 2006 to record properly actual charges for Interfund Services for the Fiscal Year 2006.

(11) The Director of Finance is authorized to charge to fund balance payment of any obligation properly incurred in Fiscal Year 2006 or in any prior year, provided that at the time such obligation was incurred an appropriation was available against which it could have been charged, but that such appropriation shall have ceased to exist due to merger into surplus. It is further provided that the payment of any such obligation be in the same manner and subject to the same controls as would have been followed had the obligation been paid in a timely manner.

(12) Provided that the appropriation contained in Sections 7, 9 and 11 of this Ordinance shall be made available for encumbrances and/or expenditure only when the Director of Finance has certified that he/she has been responsibly advised that funds necessary to finance such appropriation or portion thereof have been received or are to be forthcoming from another government or from a nongovernmental source.

In such event the Director of Finance is authorized to accept the award for the City and to provide for the appropriation as may be required to execute the program covered by the award.

(13) The Director of Finance is authorized and directed to restore any deficiency in any Sinking Fund Reserve established pursuant to a revenue bond general ordinance, when such deficiency results from a decline in the market value of its investments, by charging the amount of the deficiency against available loan balances, or in the absence of available loan balances, against the appropriate operating fund balance.

(14) None of the appropriations herein provided in Section 11 shall be encumbered against or expended out of the thirty second entitlement grant prior to the formal award thereof: Provided, that pending the receipt of all or a portion of the aforesaid grant award the Director of Finance is authorized to finance the appropriations herein provided from balances of prior entitlement grant awards. The authorization for such financing shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such authorizations.

(15) In respect to the authorization amounts as set forth in Section 13 for purposes of operating the Board of Pensions and Retirement, the Director of Finance may increase each class amount by an amount not to exceed fifteen percent (15%) of the total budget for the fund for Fiscal Year 2007. The authorization for such increases shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such increases.

(16) Provided that the appropriation contained in Section 9.3 of this ordinance shall only be made available for obligation upon certification by the Director of Finance that Community Development Block Grant unexpended funds are available for Interim and Construction Assistance and that the amounts to be made available are guaranteed by an irrevocable Letter of Credit or similar security. At such time the Director of Finance may authorize amounts to be provided from his/her appropriation, which amounts shall be financed by Community Development Block Grant revenues. Amounts which are repaid shall be credited as program income to finance Community Development Fund activities.

Provided further that the Director of Finance and the Director of Housing, in accordance with the regulations of the Department of Housing and Urban Development (HUD), are authorized and directed to draw funds in a single lump sum from HUD's Community Development Block Grant (CDBG) to the City of Philadelphia for the appropriation contained in Section 11.1 of this Ordinance to establish a rehabilitation fund in one or more private institutions for the purpose of financing the rehabilitation of privately owned properties as part of the City's CDBG program. Funds drawn down from HUD, pursuant to this authorization, may be deposited in any private financial institution, as defined by the applicable HUD regulations notwithstanding the limitations on the placement of City deposits set forth in Chapter 19-200 of The Philadelphia Code.

(17) The Director of Finance, with the concurrence of the U. S. Department of Housing and Urban Development (HUD), shall as of June 30 of the fiscal period preceding the start of this Operating Budget Ordinance, transfer all unobligated encumbrances and other available balances from the oldest Community Development Program Year not previously closed out to the next oldest Program Year as of July 1. Further, any questioned cost items from the closed out Program Year which are determined by HUD to be ineligible costs shall be transferred to the oldest open Program Year after such costs are removed. Program regulations governing such transferred funds shall be determined by HUD. The Director of Finance shall notify the Clerk of Council periodically concerning Program Year close outs and transfers.

(18) The Director of Finance is hereby authorized, at his/her discretion, to transfer the amount of the authorization and/or the obligations in respect to indemnities, advertising, insurance, telephone, postage, rental, leases, vehicle purchases, utilities, employer's share of fringe benefits and data processing services from the appropriations herein made to the appropriate offices, departments, boards, commissions or other agencies of the City.
