FISCAL 2008 OPERATING BUDGET As Approved by the Council - June 2007

Section I

**INTRODUCTION TO THE FY 2008** 

ADOPTED OPERATING BUDGET

**GENERAL FUND** 

#### Introduction to the Approved Fiscal Year 2008 Budget

Over the last seven fiscal years, the Administration has striven to create a Philadelphia that will thrive in the 21st century, supported by a city government that lives within its means and, though smaller, nevertheless provides needed services and safe streets, and fosters educational opportunity and an improved quality of life.

The priority of this Administration has been, and will remain tackling core citizen needs: Revitalizing neighborhoods in decline, improving public schools, strengthening families, attracting businesses to foster economic growth, ensuring public safety and high quality of life standards in every community, and to the extent possible, reducing the local tax burden. Since 2000, City wage and business taxes have been reduced by more than \$1.1 billion. The City's investment in neighborhoods to eliminate blight and pave the way for development has resulted in improved quality of life in our neighborhoods. While neighborhoods have flourished, Center City and commercial corridors have not missed a beat. Out-of-towners, recent college graduates, and suburban empty-nesters are swelling Center City's population and remaking its neighborhoods; Center City now has the third-largest downtown population after New York and Chicago.

The FY08 Operating budget builds on these successes with targeted investments benefiting residents, businesses, and visitors.

**Continuing to reduce taxes.** Philadelphia has taken major steps toward addressing the fiscal challenges faced in the 1990s. The City has significantly increased the efficiency of service delivery. Taxes have been reduced to spur economic development. State and federal reimbursement for the cost of redistributive social services has increased dramatically. Strategic investments in neighborhoods, cultural institutions, the tourism sector, and waterfronts have begun to pay off: Population decline has been stemmed, property values are increasing significantly across the City, and the City has begun to receive national and international acclaim for its quality of life, cultural amenities and progressive creativity. Despite these achievements, however, the basic structural financial challenge remains: A weak tax base, high tax burden, escalating costs, high service responsibilities, and low federal financial support.

The City's \$46.8 million General Fund deficit at the end of FY04 was the first negative fund balance in twelve years. While this deficit was primarily attributable to a delay in receiving state reimbursement for social service program costs, the negative General Fund balance was nonetheless a sign of the increasingly limited room for error in City finances. The Five Year Financial Plan projects tax cuts totaling \$451 million in cumulative tax reduction from FY08-FY12. Even with a continuing tax reduction strategy, however, the FY08-12 Plan projects continued positive balances at the end of each fiscal year. While fund balances decrease each year and are smaller than those achieved during the economic boom of the late 1990s, they are still strong, considering that only \$319 million in cumulative tax cuts was removed from the revenue stream from FY96 to FY00, compared with \$1.3 billion from FY01 to FY07. Although revenues have been strong since FY04, growth has been centered in the volatile realty transfer tax and business privilege taxes. Moreover, the Wage Tax alone represents half of all tax collections, and significant mandated future tax reductions, as well as growth that is unevenly distributed across the economy, constrain future collection growth.

The City remains committed to continuing the wage tax reduction program into a thirteenth year, in FY08, and beyond. The wage tax rate will be reduced to 4.219 percent for residents and 3.7242 percent for non-residents, effective January 1, 2008 at a cost of \$12.4 million.

Projected rates for 2006-2012 are based on legislated reductions under Bill 040607. They do not include the potential additional wage tax rate reductions made possible by state fiscal assistance for tax reform.
 The FY96 reductions took effect January 1, 1996. The reductions for fiscal years 1997 through 2004 took effect on the first day of the fiscal year, July 1. The reduction for fiscal year 2005 took effect on January 1, 2005. Reductions for fiscal years 2006 through 2012 will take effect on January 1 of each fiscal year.

Wage tax reduction for the five years beginning with 2010 are estimated to grow at nearly three times the rate of current reductions, and are large enough to substantially offset growth in the tax base.

Such steep reductions put great pressure on the City's ability to provide services. For example, the \$60 million funding gap anticipated for the beginning of FY06 compelled the City to implement a workforce reduction that has put staffing levels at forty-year lows. The significantly larger cuts that would result from the low-income wage tax credits could begin to impair the City's ability to deliver services.

As shown in the following table, the Proposed FY08 budget lowers the gross receipts portion of the BPT to 0.154 percent in FY08 and to 0.1415 percent by FY09, a reduction of almost 60 percent from the FY95 level.

\* The Business Privilege Tax consists of a tax on gross receipts combined with a tax on net income. The proposed rate reductions affect only the rate of the gross receipts portion of the tax.

\*\* This percentage includes the effects of (1) the reductions in the gross receipts portion of the BPT and (2) the double weighting of the sales factor in calculating the net income portion of the BPT.

While additional future cuts were proposed in prior plans, the following reflects only those gross receipts reductions currently legislated. Prior to adoption of the budget, City Council shifted 1.69 mills of City real estate tax to the School District of Philadelphia to assist the District with its budget shortfall. The millage shift removed almost \$18 million in City tax revenue from the FY08 budget, and \$94 million from the Five Year Plan. In order to partially offset this loss in real estate tax revenue, Business Privilege rate reductions are not assumed after FY09.

**Investment in the ReStore Commercial Corridor program.** In October 2006, the Mayor signed an ordinance authoring issuance of \$150 million in bonds to support the ReStore Philadelphia Corridors and the Cultural Corridors programs. A significant new investment for neighborhood economic development, Restore Philly Corridor is being enhanced through alignment with funding from other sources, including the Community Development Block Grant, other federal and state resources, and NTI interest earnings. In FY07, the City approved funding for 29 Commercial Corridor Support Program projects, two Main Street programs, and six Neighborhood Commercial Area Transformation awards. In FY08, funding will be made available for such purposes as street lighting, pedestrian lighting, street paving, public signage, sidewalks, crosswalks, curbs and curb cuts, bump-outs, greening and trees, public art, as well as planning, design, architecture, and engineering studies.

**Strengthening the economic impact of Philadelphia's cultural organizations through the Cultural Corridors program**. The Cultural Corridors program is a comprehensive strategy to position arts and culture as a central part of Philadelphia's identity. Investment in infrastructure projects will enhance the physical fabric of the city's major cultural corridors, preserve and strengthen arts and culture organizations, and leverage private and other public resources of support. A \$65 million fund will support capital projects in five cultural corridors: The Avenue of the Arts, Ben Franklin Parkway, Historic District, Centennial District, El Centro de Oro, and other emerging corridors. Additionally, a \$5 million Capital Grants Fund will be available to eligible organizations citywide for capital projects under \$250,000 that are necessary, yet traditionally more difficult to fund. There can be no doubt that investments such as these will have a positive and lasting impact on Philadelphia and the region.

**Putting New River City funds to work spurring water-infrastructure and watershedrelated development**. With a surety bond expected to be obtained in July 2007, the City is fashioning a process for disseminating \$125 million of water bond reserve funds in FY08, and has selected PIDC to administer the program. Eligible expenditure categories include sewer infrastructure and watershed-related spending throughout city neighborhoods. City funding will leverage Commonwealth and federal resources, creating opportunities for private developers to commit significantly greater levels of capital, in anticipation of market rate returns.

**Transforming Philadelphia's neglected neighborhoods.** In April 2001, Mayor Street unveiled the Neighborhood Transformation Initiative (NTI), a strategy to revitalize Philadelphia's neighborhoods as thriving communities. While low mortgage interest rates, real estate tax abatements, wage and business tax cuts, and increased buyer confidence in the city have contributed to increased property values citywide since 2000, NTI's strategically targeted investments have helped boost property values that stagnated during prior real estate booms. Since 2000, nearly 2,800 new housing units have been created, 275,000 abandoned cars removed, 500,000 graffiti defacements abated, nearly 80,000 vacant lots rehabilitated, and 5,000 abandoned and dangerous properties demolished. For perhaps the first time in decades, neighborhoods with properties customarily below market value have been commanding prices competitive with more traditionally market-rate locations. The success of the NTI effort is also demonstrated by growth in Real Estate Transfer Tax revenue, which tripled, from \$77 million in FY01 to \$236 million in FY06.

Advancing the fourth year of the Mayor's Ten-point Plan to End Homelessness. In June 2004, Mayor Street created a Task Force to End Homelessness, with the goal of enhancing social services and improving the quality of life for the most at-risk Philadelphians. In FY08, OSH will continue to move the Plan forward with several priorities. OSH will decrease the emergency housing census and the average length of stay by implementing a successful intervention strategy, modeled on a nationally recognized model, the Hennepin County Minnesota Rapid Exit program. In addition, with an FY07 \$1 million allocation from the Housing Trust Fund as a base, OSH will seek to expand its rent subsidy program, aimed at maintaining families in their own housing in the community, by partnering with the Philadelphia Housing Authority to create 65 additional housing opportunities for families that were formerly residing at area hotels or poised to exit transitional housing. In FY08, OSH will also implement Breaking Bread, a partnership with the Mayor's Office of Faith Based Initiatives, to move food distribution indoors. To meet demands in FY07, the City increased General Fund support to OSH by \$4 million, and an additional \$3.9 million has been added for expansion programs in FY08. **Completing initial implementation of the Personnel Human Resources Information System (HRIS) by the end of 2007**. With Council approval of a \$5.9 million Productivity Bank loan in October 2006, the Personnel Department and MOIS have begun replacing the City's 30-year old personnel database and paper-based manual employee transaction system with a new enterprise-wide HRIS system. The first phase of the project has been initiated in FY07 with a dedicated project manager and a governance structure ultimately accountable to the ITGB, to ensure project completion on time and on budget. Completed modules will include an employee database; a position management system, featuring job descriptions and improved budget controls; and advanced benefits management, which includes flex benefit plan administration. A total of \$1.2 million is estimated for FY07 spending, and \$3.2 million is projected for FY08. Efficiencies achieved by the new program will enable savings in the future through position attrition. A future phase of the project will allow employees to view their personal data and make on-line benefits elections.

Creating an Office of Emergency Preparedness. In September 2005, the Mayor appointed an Emergency Preparedness Review Committee to conduct a thorough evaluation of the City's capability to respond to and recover from a catastrophic disaster, such as was experienced by cities on the Gulf during Hurricane Katrina. In July 2006, the Committee released more than 200 recommendations for enhancing preparedness. In September 2006, the City launched an extensive public outreach campaign to preparing and protecting themselves and their families in the event of an emergency. Additionally, the City included questions in the 2006 annual Citizen Survey to gauge citizen readiness and provide guidance to emergency management personnel on where to target future preparedness efforts. Since fall 2006, executives and managers throughout the city have completed federally required National Incident Management System training. A Deputy Managing Director for Emergency Management was hired to implement a comprehensive emergency management program to enable the City to manage large and small emergencies by partnering with the community, effectively coordinating agencies, and efficiently using resources. Full Funding of the Office of Emergency Management staff ( \$1 million) in FY08 will enable development of detailed operational disaster response plans, implementation of public education and outreach campaign, training and exercises for first responders, and partnerships within the community and private sector. Additional positions will be funded through the Aviation and Water enterprise funds, due to the department's importance of the airport and water systems in the City's overall preparedness effort. SECTION 15. General Provisions

The sums herein appropriated under Items 2.46, 3.7, and 10.9 "To the Director of (1) Finance-Indemnities" shall be used for the purpose of settling claims against the City. Payments therefor shall be made by the Director of Finance only upon the authorization of the City Solicitor or his/her designated representative for this purpose.

(2) If any function is transferred from one office, department, board or commission to another office, department, board or commission, the Director of Finance may not, without Council approval by ordinance, transfer to the successor office, department, board or commission those portions of the appropriations which appertain to the function transferred.

(3) If, pursuant to the provisions of Section 8-401 of the Philadelphia Home Rule Charter, employees of any office, department, board or commission are used by another office, department, board or commission, the compensation of such employees for the period of such use may not be charged against the applicable appropriations to the using office, department, board or commission, unless Council by ordinance expressly approves such charge.

(4) In respect to any grant received by the City under Sections 5, 6, 7 or 9 of this Ordinance, The Director of Finance may, upon written authorization by the grantor transfer non-City funds between and among classes. The authorizations for such transfers shall be transmitted by The Director of Finance to the Clerk of Council within two (2) working days of any such transfer, along with a statement explaining the reason for such transfer. Transfers between and among departments respecting grants of two hundred fifty thousand (250,000) dollars or greater shall not be made except with the prior approval of the Council by resolution or ordinance. Approval shall not be granted to any such transfer request submitted to Council unless it is accompanied by a copy of the grant proposal (and, if received, the grant award) which has caused the transfer request to be made. Transfers between and among departments respecting grants of less than two hundred fifty thousand (250,000) dollars shall be made upon written authorization of the Director of Finance; provided however, that such authorization, along with a full description of the grant affected is transmitted to the President of Council at least two (2) days before the effective date of such authorization.

In respect to funds from the Department of Housing and Urban Development's Community Development Block Grant (CDBG) appropriated under Section 11 of this Ordinance, the limitations set forth in the provisions of Chapter 21-1100 of The Philadelphia Code shall govern any transfer of CDBG funds between and among classes, departments and elements (grants).

(5) In respect to the appropriation made in Item 11.4 of this Ordinance "To the Director of Finance-Community Development Block Grant-To be Allocated", the sums shall not be construed as being available for commitment prior to the adoption of any ordinance appropriating moneys to be made available by the Department of Housing and Urban Development for the Fiscal Year 2008.

(6) The Director of Finance may make adjustments for obligations incurred in Fiscal Year 2007 and prior years. These may be made out of the appropriations therefor to the respective offices, departments, boards, commissions and agencies for Fiscal Year 2008. Within one week of taking any action authorized by this subsection (6), the Director of Finance shall provide written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(7) Except as otherwise provided by this Ordinance, special funds heretofore established pursuant to ordinance or statute, shall continue to be utilized in Fiscal Year 2008 for the purposes and in the manner prescribed by such ordinance or statutes to the extent that they are consistent with the provisions of the Philadelphia Home Rule Charter.

When under the Philadelphia Home Rule Charter an appropriation is a prerequisite to payments of money from such special funds, this paragraph should be construed as an appropriation of the full receipts of such funds for the purpose heretofore authorized by such ordinance or statutes, except that this paragraph shall not be construed as an appropriation of any funds contained in the Housing Trust Fund created under Chapter 21-1600 of The Philadelphia Code, and expenditures from the Housing Trust Fund shall be made only pursuant to appropriations made in Section 14 of this ordinance. The provisions in the prior

sentence relating to the Housing Trust Fund are not severable from the remainder of that sentence or from any of the other provisions of this subsection (7), but are essentially and inseparably connected with those provisions, it being Council's intent that no portion of this subsection (7) would have been enacted if it did not also contain the provisions relating to the Housing Trust Fund.

The Director of Finance is authorized and directed to impound the balance of any special fund with respect to which he/she finds that the purposes for which the fund is being expended were intended by ordinance or law to be funded by an appropriation made in other Sections of this Ordinance.

(8) The City Treasurer is authorized and directed to make temporary advances in such amounts as the Director of Finance shall specify between any of the operating funds receiving appropriations in this Ordinance or between any operating fund and the Capital Projects Fund, and the Industrial and Commercial Development Fund, in anticipation of the collection of revenues or other receipts which are estimated to be receivable during the Fiscal Year 2008. Such advances shall bear interest at such rates as the City Treasurer, upon approval of the Director of Finance, shall determine.

(9) The amounts herein appropriated for Purchase of Services; Materials, Supplies and Equipment; Contributions, Indemnities and Taxes; and Debt Service shall be deemed to be available for encumbrance upon the effective date of this Ordinance, to the extent necessary to facilitate the operations of the various offices, departments, boards and commissions for Fiscal Year 2008; provided, that no service shall be rendered prior to July 1, 2007 and no materials, supplies or equipment acquired shall be used in Fiscal Year 2007 except to the extent required to prepare for Fiscal Year 2008.

Such portions of the appropriations herein made for debt service to the Sinking Fund Commission may be paid over to the City's fiscal agent prior to July 1, 2007 as in the judgment of the Director of Finance is necessary to meet interest and principal on the debt of the City due on July 1, 2007.

(10) The Director of Finance is authorized to charge or credit fund balances available for appropriations as of June 30, 2006 to record properly actual charges for Interfund Services for the Fiscal Year 2007.

(11) The Director of Finance is authorized to charge to fund balance payment of any obligation properly incurred in Fiscal Year 2007 or in any prior year, provided that at the time such obligation was incurred an appropriation was available against which it could have been charged, but that such appropriation shall have ceased to exist due to merger into surplus. It is further provided that the payment of any such obligation be in the same manner and subject to the same controls as would have been followed had the obligation been paid in a timely manner. Within one week of taking any action authorized by this subsection (11), the Director of Finance shall provide written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(12) The appropriation contained in Sections 7, 9 and 11 of this Ordinance shall be made available for encumbrances and/or expenditure only when the Director of Finance has certified that he/she has been responsibly advised that funds necessary to finance such appropriation or portion thereof have been received or are to be forthcoming from another government or from a nongovernmental source.

In such event the Director of Finance is authorized to accept the award for the City and to provide for the appropriation as may be required to execute the program covered by the award.

(13) The Director of Finance is authorized and directed to restore any deficiency in any Sinking Fund Reserve established pursuant to a revenue bond general ordinance, when such deficiency results from a decline in the market value of its investments, by charging the amount of the deficiency against available loan balances, or in the absence of available loan balances, against the appropriate operating fund balance. Within one week of taking any action authorized by this subsection (13), the Director of Finance shall provide written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(14) None of the appropriations herein provided in Section 11 shall be encumbered against or expended out of the thirty third entitlement grant prior to the formal award thereof: Provided, that pending the receipt of all or a portion of the aforesaid grant award the Director of Finance is authorized to finance the appropriations herein provided from balances of prior entitlement grant awards. The authorization for such financing shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such authorizations.

(15) In respect to the authorization amounts as set forth in Section 13 for purposes of operating the Board of Pensions and Retirement, the Director of Finance may increase each class amount by an amount not to exceed fifteen percent (15%) of the total budget for the fund for Fiscal Year 2008. The authorization for such increases shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such increases.

(16) The appropriation contained in Section 9.3 of this ordinance shall only be made available for obligation upon certification by the Director of Finance that Community Development Block Grant unexpended funds are available for Interim and Construction Assistance and that the amounts to be made available are guaranteed by an irrevocable Letter of Credit or similar security. At such time the Director of Finance may authorize amounts to be provided from his/her appropriation, which amounts shall be financed by Community Development Block Grant revenues. Amounts which are repaid shall be credited as program income to finance Community Development Fund activities.

The Director of Finance and the Director of Housing, in accordance with the regulations of the Department of Housing and Urban Development (HUD), are authorized and directed to draw funds in a single lump sum from HUD's Community Development Block Grant (CDBG) to the City of Philadelphia for the appropriation contained in Section 11.1 of this Ordinance to establish a rehabilitation fund in one or more private institutions for the purpose of financing the rehabilitation of privately owned properties as part of the City's CDBG program. Funds drawn down from HUD, pursuant to this authorization, may be deposited in any private financial institution, as defined by the applicable HUD regulations notwithstanding the limitations on the placement of City deposits set forth in Chapter 19-200 of The Philadelphia Code.

(17) The Director of Finance, with the concurrence of the U. S. Department of Housing and Urban Development (HUD), shall as of June 30 of the fiscal period preceding the start of this Operating Budget Ordinance, transfer all unobligated encumbrances and other available balances from the oldest Community Development Program Year not previously closed out to the next oldest Program Year as of July 1. Further, any questioned cost items from the closed out Program Year which are determined by HUD to be ineligible costs shall be transferred to the oldest open Program Year after such costs are removed. Program regulations governing such transferred funds shall be determined by HUD. The Director of Finance shall notify the Clerk of Council periodically concerning Program Year close outs and transfers.

(18) The Director of Finance is hereby authorized, at his/her discretion, to transfer the amount of the authorization and/or the obligations in respect to indemnities, advertising, insurance, telephone, postage, rental, leases, vehicle purchases, utilities, employer's share of fringe benefits and data processing services from the appropriations herein made to the appropriate offices, departments, boards, commissions or other agencies of the City.
