

SPECIAL PROVISIONS CONCERNING  
CONSENT TO SUB-SUBCONTRACTS (7-94)

(a) The Company has been authorized by DOE to make noncompetitive awards to small disadvantaged business concerns certified by SBA for participation in the 8(a) program, so long as those awards are at fair market prices and are for work under a Standard Industrial Classification (SIC) Code appearing in the concern's "business plan" (see 13 CFR 124.301).

(b) The Seller is encouraged to exercise the same authority in its award of subcontracts. Certified participation by a concern in the 8(a) program will constitute the "explanation of why . . . the proposed subcontractor was selected" required by paragraph (b)(2)(iii) of the "Subcontracts" clause of Terms and Conditions \_\_\_\_ for work under an SIC Code appearing in the concern's business plan.
