

Great American River Cleanup

VOLUNTEERS NEEDED!

Saturday, September 20, 2008
9:00 a.m. — Noon

Participate in one of the world's largest volunteer events and cleaning of our watershed – **Keep the Parkway Clean and Safe!**

Every year over 1,000 volunteers of all ages join forces for the Great American River Clean Up. The volunteers include cyclists, scuba divers, equestrians, snorkelers, runners, and paddlers. Local businesses, schools and service organizations also come out and volunteer for this event. Covering a span of 20 sites along the parkway, volunteers collect 10 tons of trash from the Parkway and river bottom every year!

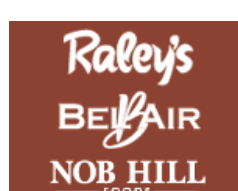

A California Coastal/Watershed Cleanup Day Event

There are 18 different cleanup sites.

For registration or driving directions for each site, please visit
<http://www.arpf.org/garcu.shtml>
