PROJECT COMPLETION

- Buildings 9723-18 and 9728 represent reductions of 15,900 ft² and 13,600 ft² respectively.
- The demolition of these buildings led to a consolidated, more efficient laundry operation.
- Laundry services previously housed in these buildings were relocated to the renovated Alpha 3 complex, another Infrastructure Reduction project.
- No lost time injuries—IR's perfect safety record continues.
- Accomplished with Facilities and Infrastructure Recapitalization Program (FIRP) monies.
