# ***Map & Compass Class***

Here's your chance to take an in depth map & compass course. This free class meets our patroller level requirement and is also open to the public! We will spend two evening sessions teaching land navigation topics such as USGS topo maps, compass use, scale & topography, bearings & headings, triangulation, UTM coordinates, Map datums, land survey lines & legal descriptions. We will put it all together and practice our skills during an all day field session.

### **Highlights**

- Free Class
- Two evening classes
- All day Sat. field session
- A needed foundation of knowledge for future GPS use
