

Dated: September 24, 2008

Below is the drawdown schedule for Tulloch Reservoir for Fall/Winter 2008/2009. The schedule has been revised to allow a steeper drawdown and refill for FERC required spillway gate maintenance. Please be aware that local inflow to Tulloch during a rain event may cause disruptions to the schedule. If you have any questions or comments, please contact Elizabeth Kiteck at (916) 979-2684 or ekiteck@mp.usbr.gov
