

## **HAVE I? SAFETY QUESTIONS TO ASK PRIOR TO PERFORMING ELECTRICAL WORK**

A photo of a properly locked and tagged equipment plug.

**Have I.....?**

- **obtained properly rated electrical components, and protective equipment for the job?**
- **established that all circuits ,adjacent circuits, charged capacitors, or equipment to be repaired are, in fact, de-energized?**
- **locked, tagged out the circuit(s) or equipment, and grounded the circuit(s)?**
- **identified potential hazards and properly addressed them?**
