Introduction

Universal Care
1600 East Hill Street
Signal Hill, California 90806-3682
800-635-6668

This brochure describes the benefits of Universal Care under our contract (CS 2855) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2002, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2002, and changes are summarized on page 7. Rates are shown at the end of this brochure.

Plain Language

Teams of Government and health plans' staff worked on all FEHB brochures to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member; “we” means Universal Care.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's “Rate Us” feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Office of Insurance Planning and Evaluation Division, 1900 E Street, NW Washington, DC 20415-3650.

Inspector General Advisory

Stop health care fraud. Fraud increases the cost of health care for everyone. If you suspect that a physician, pharmacy, or hospital has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

- Call the provider and ask for an explanation. There may be an error.
- If the provider does not resolve the matter, call us at 800-635-6668 and explain the situation.
- If we do not resolve the issue, call **THE HEALTH CARE FRAUD HOTLINE—202/418-3300** or write to: The United States Office of Personnel Management, Office of the Inspector General Fraud Hotline, 1900 E Street, NW, Room 6400, Washington, DC 20415.

Penalties for Fraud. Anyone who falsifies a claim to obtain FEHB Program benefits can be prosecuted for fraud. Also, the Inspector General may investigate anyone who uses an ID card if the person tries to obtain services for someone who is not an eligible family member, or is no longer enrolled in the Plan and tries to obtain benefits. Your agency may also take administrative action against you.

Section 1. Facts about this HMO plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

How we pay providers

Universal Care contracts with individual physicians, medical groups, and hospitals to provide the FEHBP benefits. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments or coinsurance. Universal Care provides covered services through the Universal Care Contracted Participating Medical Groups and Primary Care Physicians. The location, telephone number and hours of service of the Contracted Participating Medical Groups and Primary Care Physicians are listed in the Universal Care Provider Directory accompanying this Brochure. Emergency Services are available on a 24-hour basis, seven (7) days a week.

Who provides my health care?

Universal Care provides covered services through the Universal Care Contracted Medical Groups and Primary Care Physicians. The location, telephone number and hours of service of the Contracted Medical Groups and Primary Care Physicians are listed in the Universal Care Provider Directory. Emergency Services are available on a 24-hour basis, seven (7) days a week.

Your Rights

OPM requires that all FEHB Plans to provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Universal Care began its operations in 1983 and has been providing quality health care services for 17 years to Southern California residents.
- Universal Care is a privately held, family-owned health plan.
- Universal Care currently has approximately 315,000 commercial (group, individual), and government program (Medicaid, Access for Infants and Mothers, Healthy Families, CalPERS, and FEHBP) enrollees.
- Universal Care's focus is on quality and patient satisfaction, as reflected in routinely high scores in annual state medical audits.
- Universal Care complies with State, Federal, and private accreditation standards that assure confidentiality of medical records and orderly transfer of medical records to caregivers. Universal Care has received 3-year commendable accreditation from NCQA.
- Universal Care encourages all of its members to fully participate in all decisions related to their health care.

If you want specific information about us, call 800-635-6668 or write to 1600 E. Hill St., Signal Hill, CA 90806. You may also contact us by fax at 562-490-9419 or visit our website at www.universalcare.com.

Service Area

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice. Our service area is: Los Angeles, Orange, Riverside, San Bernardino, San Diego, Kern, and Ventura counties.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member moves, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. How we change for 2002

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- We no longer limit total blood cholesterol tests to certain age groups. (Section 5(a))

Changes to this Plan

- Your share of the non-Postal premium will increase by 9.8% for Self Only and by 9.9% for Self and Family
- You pay a \$10 copay for name brand drugs on our formulary, a \$30 copay for non-formulary drugs, or a \$15 copay for name brand drugs obtained through our mail order program.
- We increased speech therapy benefits by removing the requirement that services must be required to restore functional speech. (Section 5(a))
- We now cover certain intestinal transplants. (Section 5(b))

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-635-6668.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” Universal Care provides covered services through the Universal Care Contracted Medical Groups and Primary Care Physicians (PCP). The location, telephone number and hours of service of the Contracted Medical Groups and Primary Care Physicians are listed in the Universal Care Provider Directory accompanying this Brochure. Emergency Services are available on a 24-hour basis, seven (7) days a week. You will only pay copayments and deductibles and you will not have to file claims.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards. Universal Care’s Plan providers include Primary Care Physicians, specialty physicians, physician assistants and nurse practitioners.

We list Plan providers in the provider directory, which we update periodically. The list is also available on our website (www.universalcare.com).

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also available on our website (www.universalcare.com).

What must you do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. To select your Primary Care Physician, call our Member Services Department at 800-635-6668.

- **Primary care**

Your Primary Care Physician can be a family practitioner, general practitioner, internist or pediatrician. Your Primary Care Physician will provide most of your health care, or give you a referral to see a specialist. Your Primary Care Physician is responsible for directing and coordinating all of your health care needs for Covered Services. Your Primary Care Physician will arrange for laboratory tests, x-rays, referrals to specialists, hospitalization, and any other Medically Necessary Covered Services. In order to be covered under this health plan, all referrals to specialists must be coordinated by your Primary Care Physician.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

- **Specialty care**

Your Primary Care Physician will refer you to a specialist for needed care. However, you may see an OB/GYN or an Internist without a referral. Generally, your Primary Care Physician will refer you to a specialist within your Contracted Medical Group. If you require services that are not available within your

Contracted Medical Group, the Primary Care Physician will arrange for a referral to a Contracted Provider within Universal Care's network. To order certain services, the Primary Care Physician will give you a written referral authorizing such services. For certain specialty services, the referral is submitted by the Primary Care Physician for review for Prior Authorization to Universal Care or to the Contracted Medical Group's Utilization Review Committee.

Here are other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your Primary Care Physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your Primary Care Physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
 - Terminate our contract with your specialist for other than cause; or
 - Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan; or
 - Reduce our service area and you enroll in another FEHB Plan,

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 800-635-6668. If you are new to the FEHB Program, we will arrange for you to receive care.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first

These provisions apply only to the benefits of the hospitalized person.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

We call this review and approval process Prior Authorization. Your physician must obtain prior authorization for all authorization requests, which may include, but not be limited to the following:

- Referral to specialists
- Laboratory services
- Radiology
- Elective procedures - inpatient or outpatient
- Home health care
- Durable Medical Equipment
- Transportation.

Your physician must get our approval before sending you to a hospital, referring you to a specialist, or recommending follow-up care. Prior Authorization means that your Primary Care Physician must contact Universal Care (or in some cases, the Contracted Medical Group with which your Primary Care Physician is affiliated) to request that the service be approved for coverage before services are rendered. Requests for Prior Authorization will be denied if the requested services are determined to be not Medically Necessary. Requests for Prior Authorization of coverage for services by non-Contracted Providers will also be denied if Universal Care determines that comparable or more appropriate services are available through Universal Care's Contracted Providers.

The majority of requests for Prior Authorization of coverage are responded to within 72 hours of their receipt, and urgent matters are expedited. Those requests which require investigation and/or physician review sometimes take longer as there may be need for additional information and communication with the requesting Primary Care Physician or specialist. Requests for coverage that are approved by Universal Care are communicated directly to you and your Primary Care Physician and the referral specialist along with an authorization number. Requests for Prior Authorization of coverage that are denied by Universal Care are communicated in writing to your Primary Care Physician and you.

In the event that Prior Authorization of coverage has been denied by Universal Care (or in some cases, the Utilization Review Committee of your Contracted Medical Group), you, or your Primary Care Physician on your behalf may appeal the denial by following the appeals process outlined on page 44 of this brochure. If you would like a more detailed description of Universal Care's Criteria for Authorizing or Denying Health Care Services, you may contact Universal Care's Member Services Department at 800-635-6668.

Section 4. Your costs for covered services

You must share the cost of some services. You are responsible for:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive services.

Example: When you see your primary care physician you pay a copayment of \$10 per office visit and when you go in the hospital, you pay nothing for admission.

- **Deductible**

We do not have a deductible.

- **Coinsurance**

We do not have coinsurance.

Your catastrophic protection out-of-pocket maximum for deductibles, coinsurance, and copayments

After your copayments total \$1,000 per person or \$3,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. However, copayments for the following services do not count toward your out-of-pocket maximum, and you must continue to pay copayments for these services:

- Prescription drugs
- Durable Medical Equipment
- Diagnosis and treatment of infertility

Be sure to keep accurate records of your copayments since you are responsible for informing us when you reach the maximum.

Section 5. Benefits — OVERVIEW

(See page 7 for how our benefits changed this year and page 56 for a benefits summary.)

NOTE: This benefits section is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies - what they all have in common is the need for quick action.

What to do in case of emergency:

If you are in an emergency situation, immediately call “911” or go directly to the nearest emergency room for treatment. Be sure to tell the emergency room personnel that you are a Universal Care member so they can notify the Plan.

Emergencies within our service area: You or a family member must telephone your Universal Care medical group within 24 hours (unless it was not reasonably possible to do so). It is your responsibility to ensure that the Plan has been timely notified. Continuing treatment shall be covered for only so long as the Medical Director of the Plan, after reviewing any medical records or other relevant information and conferring with the physician in charge of the patient care, determined that the member cannot be transferred to the care of a Universal Care Medical Group or contracting provider.

Emergencies outside our service area: You or a family member must telephone your Universal Care medical group within 24 hours (unless it was not reasonably possible to do so). It is your responsibility to ensure that the Plan has been timely notified. Continuing treatment shall be covered for only so long as the Medical Director of the Plan, after reviewing any medical records or other relevant information and conferring with the physician in charge of the patient care, determined that the member cannot be transferred to the care of a Universal Care Medical Group or contracting provider.

If you need to be hospitalized in a non-Plan facility, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in a non-Plan facility and a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed Plan or referral physician must write the prescription.
- **Where you can obtain them.** You must fill the prescription at a Plan pharmacy. Universal Care approved maintenance drugs for chronic conditions can be ordered through the mail.
- **We use a formulary.** Universal Care uses a comprehensive formulary as a method of evaluating various drug products available to treat illnesses. The formulary is a preferred list of generic & name brand drugs that we have selected to meet patient needs at a lower cost and are:
 - FDA approved for specified indications;
 - Reviewed by Universal Care with participation by practicing physicians;
 - Safe and effective as well as being medically necessary for the treatment of maintenance of a medical condition; and
 - Cost effective for the treatment of the medical condition.

Your physician may prescribe a name brand drug or a generic drug from a formulary list. A generic equivalent will be dispensed if it is available, unless your physician specifically requires a name brand. If your physician prescribes a drug that is not on our formulary, you pay the non-formulary copay. Non-formulary drugs that are prior approved by us will be subject to the applicable formulary copay.

To order a prescription drug formulary, call 800-635-6668.

These are the dispensing limitations. Up to a one-month supply of a prescription drug will be dispensed. Certain drugs such as vitamins with fluoride for infants may be limited for up to one year. A 90-day supply of a prescription drug for chronic conditions ordered through the mail. If a member sends in an order too soon after the last one was filled, the new order will not go through. Only maintenance medications for conditions such as hypertension, diabetes, etc. are available through mail order.

-
- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name; the name brand is the name under which the manufacturer advertises and sells a drug. Under federal law, generic and name brand drugs must meet the same standards for safety, purity, strength, and effectiveness. A generic prescription costs you — and us — less than a name brand prescription.
 - **When you have to file a claim.** Submit all claims to: Universal Care

- Subscriber and Dependent \$84.00 per year
- Subscriber and Family \$134.40 per year

You and each covered member of your family are entitled to enrollment in our Dental Plan. You must enroll in Universal Care's Dental plan to receive these benefits. The following sample copayments apply.

- Adult Oral Examination No charge
- Child Oral Examination No charge
- Adult Cleaning \$20.00
- Child Cleaning \$15.00

The Dental Plan is currently available to all members. To receive further information and enroll in Universal Care's Dental 700 Plan, please call (800) 635-6668

Section 6. General exclusions — things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency Benefits);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related to sex transformations; or
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.

Section 7. Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital & drug benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Facilities will file on the UB-92 form. For claims questions and assistance, call us at 800-635-6668.

When you must file a claim — such as for out-of-area care — submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer —such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Submit your claims to: Universal Care
PO Box 16420
Signal Hill, CA 90806

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies - including a request for preauthorization:

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">(a) Write to us within 6 months from the date of our decision; and Send your request to us at: Universal Care Attn: Grievance Unit 1600 E. Hill Street Signal Hill, CA 90806and(b) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and(c) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">(a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or(b) Write to you and maintain our denial — go to step 4; or(c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request-go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none">• 90 days after the date of our letter upholding our initial decision; or• 120 days after you first wrote to us — if we did not answer that request in some way within 30 days; or• 120 days after we asked for additional information. <p>Write to OPM at: Office of Personnel Management, Office of Insurance Programs, Contracts Division 3, 1900 E Street, NW, Washington, DC 20415-3630.</p>

The Disputed Claims process (Continued)

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review different claims, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

5 OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

6 If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year, in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at 800-635-6668 and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You can call OPM's Health Benefits Contracts Division 3 at 202-606-0737 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you are covered or a family member is covered under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

- **What is Medicare?**

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare + Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care. When Medicare is the primary payer, we waive all out-of-pocket costs.

(Primary payer chart begins on next page.)

The following chart illustrates whether the Original Medicare Plan or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

Claims process when you have the Original Medicare Plan — You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will pay the balance of covered charges. You will not need to do anything. To find out if you need to do something about filing your claims, call us at 800-635-6668.

We waive all costs when you have the Original Medicare Plan— When Original Medicare is the primary payer, we will waive all out-of-pocket costs

- **Medicare managed care plan** If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from another type of Medicare+Choice plan — a Medicare managed care plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare managed care plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare managed care plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare managed care plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare managed care plan, the following options are available to you:

This Plan and another plan’s Medicare managed care plan: You may enroll in another plan’s Medicare managed care plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare managed care plan is primary, even out of the managed care plan’s network and/or service area (if you use our Plan providers), but we will not waive any of our copayments. If you enroll in a Medicare managed care plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare managed care plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare managed care plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare managed care plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare managed care plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next open season unless you involuntarily lose coverage or move out of the Medicare managed care plan’s service area.

- **If you do not enroll in Medicare Part A or Part B**

If you do not have one or both Parts of Medicare, you can still be covered under the FEHB Program. We will not require you to enroll in Medicare Part B and, if you can’t get premium-free Part A, we will not ask you to enroll in it.

TRICARE

TRICARE is the health care program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. If both TRICARE and this Plan cover you, we pay first. See your TRICARE Health Benefits Advisor if you have questions about TRICARE coverage.

Workers' Compensation

We do not cover services that:

- You need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.
Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

Medicaid

When you have this Plan and Medicaid, we pay first.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

If you have a malpractice claim

If you have a malpractice claim because of services you did or did not receive from a plan provider, it must go to binding arbitration. Contact Universal Care at 800-635-6668 about how to begin the binding arbitration process.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. See page 12.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 12.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Personal services required to assist a Member in meeting the requirements of daily living. Such services include, without limitation, assistance in walking, getting in or out of bed, bathing, dressing, feeding, or using the lavatory, preparation of special diets and supervision of medication schedules. Custodial Care does not require the continuing attention of trained medical or paramedical personnel.
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 12.
Experimental and Investigational Services	<p>For Universal Care to determine if a service or supply is experimental or investigational, we refer to evidence from the national medical community, which may include one or more of the following sources:</p> <p>National Centers for Health Services Research; Peer-reviewed medical and scientific literature; Publications from organizations such as the American Medical Association; Professionals, specialists and experts; and written protocols and consent forms used by the proposed treating facility or other facility administering substantially the same drug, device or medical treatment.</p> <p>In addition, the service or supply must meet all of the following criteria:</p> <p>If it is a drug or device, which cannot be lawfully marketed without the approval of the United States Food and Drug Administration (“FDA”), final approval must have been obtained at the time the drug or device is furnished. Interim FDA approvals for a Phase I, II or III trial, pre-market approval applications and investigational exemptions are not sufficient.</p> <p>The evidence must show conclusively that the service or supply is safe, effective and medically appropriate for use in the treatment of the illness, injury or condition at issue as compared to the conventional means of treatment or diagnosis.</p> <p>The service or supply must be recognized or approved in accordance with generally accepted professional medical standards. Any required approval of any federal government or agency, or any state government or agency, must have been obtained prior to the time of use.</p> <p>To obtain additional information concerning how we determine whether a particular service or treatment is experimental or investigational or to obtain information on how to appeal our decision to deny a service or treatment as Experimental or Investigational, please call our Member Services Department at 800-635-6668.</p>

Group health coverage

Health benefit coverage for a group that has met the program required eligibility requirements for participation and has health care provided by Universal Care.

Medical necessity

The medical treatment or services are required and are necessary to maintain the health of an Enrollee consistent with professionally recognized standards of care in the judgment of the physician in charge of the Enrollee's care. However, in the event the medical director must determine whether or not medical treatment or services are, or were, a Medical Necessity, (1) he shall confer with the physician in charge of such patient's care, and (2) he shall base his decision upon the standards of the medical community as they would apply to the specific situation.

Us/We

Us and we refer to *Universal Care*, a California Corporation that operates a health care service plan licensed by the State of California under the Knox-Keene Health Care Service Plan Act of 1975.

You

You refers to the enrollee and each covered family member.

Section 11. FEHB facts

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a Guide to Federal Employees Health Benefits Plans, brochures for other plans, and other materials you need to make an informed decision about:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self-Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self-Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date.

Your medical and claims records are confidential

We will keep your medical and claims information confidential. Only the following will have access to it:

- OPM, this Plan, and subcontractors when they administer this contract;
- This Plan and appropriate third parties such as other insurance plans and the Office of Workers' Compensation Programs (OWCP) when coordinating benefit payments and subrogating claims;
- Law enforcement officials when investigating and/or prosecuting alleged civil or criminal actions;
- OPM and the General Accounting Office when conducting audits;
- Individuals involved in bona fide medical research or education that does not disclose your identity; or
- OPM, when reviewing a disputed claim or defending litigation about a claim.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as temporary continuation of coverage (TCC).

When you lose benefits

- **When FEHB coverage ends** You will receive an additional 31 days of coverage, for no additional premium, when:
 - Your enrollment ends, unless you cancel your enrollment, or
 - You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage.

- **Spouse equity coverage** If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. But, you may be eligible for your own FEHB coverage under the spouse equity law. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices.

- **Temporary continuation of coverage (TCC)** If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage** You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

Getting a Certificate of Group Health Coverage

You may be entitled to continued coverage through The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB web site (www.opm.gov/insure/health); refer to the “TCC and HIPAA” frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and have information about Federal and State agencies you can contact for more information.

Long Term Care Insurance Is Coming Later in 2002!

- Many FEHB enrollees think that their health plan and/or Medicare will cover their long-term care needs. Unfortunately, they are *WRONG!*
- How are YOU planning to pay for the future custodial or chronic care you may need?
- You should consider buying long-term care insurance.

The Office of Personnel Management (OPM) will sponsor a high-quality long-term care insurance program effective in October 2002. As part of its educational effort, OPM asks you to consider these questions:

What is long-term care (LTC) insurance?

- It's insurance to help pay for long term care services you may need if you can't take care of yourself because of an extended illness or injury, or an age-related disease such as Alzheimer's.
- LTC insurance can provide broad, flexible benefits for nursing home care, care in an assisted living facility, care in your home, adult day care, hospice care, and more. *LTC insurance can supplement care provided by family members, reducing the burden you place on them.*

I'm healthy. I won't need

- Welcome to the club!

Long-term care. Or, will I?

- 76% of Americans believe they will never need long term care, but the facts are that about half of them will. And it's not just the old folks. About 40% of people needing long-term care are under age 65. They may need chronic care due to a serious accident, a stroke, or developing multiple sclerosis, etc.
- We hope you will never need long term care, but everyone should have a plan just in case. *Many people now consider long-term care insurance to be vital to their financial and retirement planning.*

Is long-term care expensive?

- Yes, it can be very expensive. A year in a nursing home can exceed \$50,000. Home care for only three 8- hour shifts a week can exceed \$20,000 a year. And that's before inflation!
- Long-term care can easily exhaust your savings. *Long-term care insurance can protect your savings.*

But won't my FEHB Plan, Medicare or Medicaid cover my long-term care?

- Not FEHB. Look at the "Not covered" blocks in sections 5(a) and 5(c) of your FEHB brochure. Health plans don't cover custodial care or a stay in an assisted living facility or a continuing need for a home health aide to help you get in and out of bed and with other activities of daily living. Limited stays in skilled nursing facilities can be covered in some circumstances.
- Medicare only covers skilled nursing home care (the highest level of nursing care) after a hospitalization for those who are blind, age 65 or older or fully disabled. It also has a 100-day limit.
- Medicaid covers long term care for those who meet their state's poverty guidelines, but has restrictions on covered services and where they can be received. *Long-term care insurance can provide choices of care and preserve your independence.*

When will I get more information on how to apply for this new insurance coverage?

- Employees will get more information from their agencies during the LTC open enrollment period in the late summer/early fall of 2002.
- Retirees will receive information at home.

How can I find out more about the program NOW?

- Our toll-free teleservice center will begin in mid-2002. In the meantime, you can learn more about the program on our web site at www.opm.gov/insure/ltc.

NOTES

2002 Rate Information for Universal Care

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and special FEHB guides are published for Postal Service Nurses RI 70-2B; and for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable FEHB Guide.
