TAXPAYER ADVOCATE SERVICE

The Taxpayer Advocate Service is an independent organization within the IRS that assists taxpayers who are experiencing economic harm, who are seeking help in resolving tax problems that have not been resolved through normal channels, or who believe that an IRS system or procedure is not working as it should. You may be eligible for Taxpayer Advocate Service assistance if:

- You are experiencing economic harm or significant cost (including fees for professional representation),
- You have experienced a delay of more than 30 days to resolve your tax issue, or
- You have not received a response or resolution to the problem by the date that was promised by the IRS.

The service is free, confidential, tailored to meet your needs, and is available for businesses as well as individuals. There is at least one local taxpayer advocate in each state, the District of Columbia, and Puerto Rico (which is also responsible for the U.S. Virgin Islands). The Honolulu office is responsible for the U.S. Pacific Territories of Guam, Commonwealth of the Northern Mariana Islands, and American Samoa. Because advocates are part of the IRS, they know the tax system and how to navigate it. If you qualify, you will receive personalized service from a knowledgeable advocate who will:

- Listen to your problem,
- Help you understand what needs to be done to resolve it, and
- Stay with you every step of the way until your problem is resolved.

You can reach the Taxpayer Advocate Service by:

- Calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.
- Calling or writing your local taxpayer advocate, whose address and phone number are listed in the government listings in your local telephone directory and in Publication 1546, *Taxpayer Advocate Service – Your Voice at the IRS*.
- Filing Form 911, “Request for Taxpayer Advocate Service Assistance (and Application for Taxpayer Assistance Order)” with the Taxpayer Advocate Service, or

To get a copy of Form 911 or learn more about the Taxpayer Advocate Service, go to www.irs.gov/advocate.

THE OFFICE OF PRIVACY

The Office of Privacy ensures that the personally identifiable information you provide to the IRS is protected. We review IRS information systems regularly to certify that they collect only the information we need to do our jobs or to enable us to respond to your requests for service. We want taxpayers to remain confident in our ability to protect personal information.

You can be sure that the personal and tax information you give us is safe and that it is used only for the purposes we state.

The Office of Privacy is here to help you with any privacy concern. If there is anything you wish to discuss with us, we can be reached at our e-mail address: privacy@irs.gov.

REQUESTING IRS RECORDS UNDER THE FREEDOM OF INFORMATION ACT

The Freedom of Information Act (FOIA), 5 U.S.C. § 552, provides public access to agency records unless protected from disclosure by one of the FOIA’s nine exemptions or three exclusions. The FOIA applies to records created by federal agencies and does not cover records held by Congress, the courts, or state and local government agencies.

The Internal Revenue Service complies with the FOIA by:

- Maintaining publicly available materials on the Internet in the IRS Electronic Reading Room.
- Staffing the IRS Freedom of Information Reading Room at 1111 Constitution Avenue, NW, Washington, DC 20224 (call 202-622-5164).
- Responding to written requests for agency records not available in the Reading Room.

While many FOIA requests are processed without charge to the requester, some may be subject to fees for duplication and, in some cases, for the time expended searching for and reviewing responsive records. Additional information relating to fees and other FOIA access questions may be found at www.irs.gov/foia/index.html.

Free Education and Assistance Programs

The IRS has programs that offer free assistance with tax return preparation and tax counseling through volunteers trained by IRS partners. For more information on the times and locations of assistance or to learn how to become a volunteer, call the IRS toll-free at (800) 829-1040 or go to www.irs.gov Keyword: *community network*

VOLUNTEER INCOME TAX ASSISTANCE (VITA)

The VITA program offers free tax help to people who cannot afford paid professional assistance. Volunteers trained in tax law help prepare basic tax returns for low-income taxpayers.

VITA sites are generally located at community and neighborhood centers, libraries, schools, shopping malls and other convenient locations. Many locations also offer free electronic filing.

Volunteers (which include college students, law students, members of professional business and accounting organizations, and members of retirement, religious, military, and community groups, and others) can take part in various VITA program activities including:

- Preparing tax returns,
- Screening taxpayers,
- Recruiting volunteers,

- Conducting quality reviews,
- Assisting with computers,
- Interpreting languages,
- Teaching taxpayers to prepare their own returns,
- Managing a VITA site, and
- Arranging publicity.

For more information about the VITA program, or to find the location of a VITA site in your area, call the IRS at (800) 829-1040.

If you wish to become a VITA volunteer, the IRS provides VITA training material. Training is conducted at times and locations convenient for volunteers. Generally, these sessions are offered in December through January each year before the actual filing season starts.

TAX COUNSELING FOR THE ELDERLY (TCE)

The TCE program provides free tax help to people age 60 and older. Volunteers who provide tax counseling are often retired individuals associated with nonprofit organizations that receive grants from the IRS. Grant funds are used to reimburse volunteers for out-of-pocket expenses including transportation, meals and other expenses they incurred providing tax counseling assistance at locations convenient to the taxpayers. For more information on the TCE program or to find the locations, dates and hours of the nearest TCE site, call the IRS toll-free at (800) 829-1040.

As part of the IRS-sponsored Tax Counseling for the Elderly program, The AARP Foundation offers an AARP Tax-Aide assistance and preparation program at approximately 7,000 sites nationwide during the filing season. Trained with IRS materials and certified by an IRS examination, AARP Tax-Aide volunteer counselors can help with most tax circumstances faced by low- and moderate-income taxpayers age 60 and older. Younger taxpayers are helped as counselor time permits.

To find an AARP Tax-Aide volunteer site in your community, call (888) 227-7669, or access the Internet site locator at www.aarp.org/taxaide/home.html.

LOW INCOME TAXPAYER CLINICS (LITC)

Through this LITC program, independent organizations provide low income taxpayers with representation in federal tax controversies with the IRS for free or for a nominal charge. The clinics also provide tax education and outreach for taxpayers with limited English proficiency or who speak English as a second language. The IRS provides partial grant funding to support this program, but the organizations operate independently.

Publication 4134, Low Income Taxpayer Clinic List, provides information on clinics in your area. It is available at www.irs.gov or at most local IRS offices.

TAX INFORMATION FOR STUDENTS

Check out the educational Web site called Understanding Taxes on www.irs.gov. It is divided into two content areas — the Hows of Taxes and the Whys of Taxes. Understanding Taxes is designed to teach middle school, high school and community college students, and the general public about their federal tax rights and responsibilities and the economics and history on which our tax system is based. To find this site, go to www.irs.gov, then click Individuals, then Students, then Understanding Taxes.

- Tax tutorials in English and Spanish will guide students through the basics of tax preparation, introducing them to the concept of filing their tax returns electronically. The “How” section has fact sheets, lesson plans, assessments, teacher and student pages, tax tutorials, simulations and real-life examples of how and why taxes affect and influence our daily lives.
- A teacher’s page includes 38 detailed lesson plans featuring both Web-based and downloadable print (PDF) material, along with over 75 interactive students’ activities, student assessments, and PowerPoint presentations.

PRACTITIONER EDUCATION

Through this program, training is provided to people who prepare tax returns and counsel taxpayers for a fee. Classes are held in many state bureaus of revenue, colleges, universities, and professional accounting groups. Tax professional institutes alert participants of the tax law changes and work with participants to improve the quality of return preparation to reduce errors.

Here's how you can use IRS *e-file*:

Use a Personal Computer – A computer with Internet access and tax preparation software are all you need. You can e-file your tax return from the comfort of your

home 24 hours a day, 7 days a week. Best of all, you may qualify for Free File. See Free File Options below or visit www.irs.gov for details. If you don't qualify for any of the Free File Options, our *e-file* Partners for Individuals page offers low-cost tax preparation and e-filing at www.irs.gov.

IRS e-file through Employers and Financial Institutions – Some businesses offer free e-file to their employees, members, or customers. Ask your employer or financial institution if they offer IRS *e-file* as an employee, member, or customer benefit.

MILLIONS ELIGIBLE FOR FREE FILE

Free File allows qualified taxpayers to prepare and e-file their own tax returns for free using commercially available online tax preparation software. In 2007, nearly 4 million Americans took advantage of Free File. Taxpayers can review online tax software provider offerings and determine if they are eligible by visiting the Free File page at www.irs.gov.

ELECTRONIC FEDERAL TAX PAYMENT SYSTEM (EFTPS)

EFTPS is the easiest way to pay all your federal taxes and, best of all, it's free.

With EFTPS, individuals and businesses can make tax payments using the Internet or phone.

Here's how it works: On the date you select, EFTPS will move funds electronically from your account to the U.S. Treasury. Your funds stay in your account until the date you select and your tax records will be automatically

updated with the IRS when the funds move. You can do this on the Internet with EFTPS Online, or when you use EFTPS by Phone.

Use EFTPS via the Internet to make a payment, cancel a payment, review your payment history, change bank account information and more. EFTPS via the Internet is easy to navigate and secure. It requires a browser with 128 bit encryption. Also, the following information is required for identification and authorization:

- Taxpayer Identification Number (Employer Identification, Social Security number or Individual Tax Identification Number)
- EFTPS Personal Identification Number (PIN)
- Internet Password

EFTPS offers you total convenience. It's available 24 hours a day, 7 days a week, and you can schedule payments in advance (businesses up to 120 days in advance of the tax due date, and individuals up to 365 days).

You can choose to use EFTPS through a service offered by a financial institution. If you decide to make tax payments using a service offered by a financial institution, you will instruct them to move funds from your account to the Treasury's account. (Not all financial institutions offer EFTPS. Please check with your financial institution to learn if they offer EFTPS and if you are eligible to use it. Some may charge a fee.)

Tax professionals, accountants and payroll companies are discovering the added benefits for using EFTPS. There are four easy ways to make payments for your clients:

1. EFTPS Online

Available to taxpayers or tax professionals who wish to make debit payments using the Internet or telephone.

2. EFTPS Batch Provider

Enhanced, Web-based software is designed for payroll processors and tax professionals who wish to make multiple payments in a single transmission for business and individual clients. Registration is required and all clients must be enrolled and have a payment authorization on file.

3. EFTPS Bulk Provider

Designed for payroll processors who initiate frequent payments from and desire automated enrollment through an Electronic Data Interchange (EDI) compatible system.

To enroll in EFTPS visit www.eftps.gov. For additional information, call EFTPS Customer Service at (800) 555-4477 (TDD (800) 733-4829), (Spanish (800) 244-4829).

The IRS produces a number of documents that provide additional information on EFTPS:

- Publication 966, *The Secure Way to Pay Your Federal Taxes (for taxpayers)*
- Publication 4169, *Tax Professional Guide to EFTPS (for tax professionals)*

You can order these free by calling (800) 829-3676. These publications are also available on the Web site at www.irs.gov.

Free IRS Resources

COPIES OR TRANSCRIPTS OF PRIOR YEAR TAX RETURNS

You have two easy and convenient options for requesting copies of your tax return information from the IRS — by phone at (800) 829-1040, or by mail using Form 4506, “Request for Copy of Tax Return,” or Form 4506-T, “Request for Transcript of Tax Return,” by mail or fax.

Requesting Documents

You can get transcripts, Form W-2 information, and verification of nonfiling by calling (800) 829-1040, or by mailing or faxing Form 4506-T, “Request for Transcript of Tax Return.” (See instructions on Form 4506-T.) If you need photocopies of your tax return, use Form 4506, “Request for Copy of Tax Return.” This form must be mailed with payment to the appropriate address in the instructions. You can even direct the documents to a third party. These forms can be obtained by calling (800) TAX-FORM [(800) 829-3676]. They are also available on the IRS Web site in a fill-in format at www.irs.gov.

Tax Return Transcript

A tax return transcript shows most line items contained on the return (1040 series only) as it was originally filed, including any accompanying forms and schedules. It does not reflect any changes made by you, your tax representative, or the IRS after the

return was filed. In many cases, a return transcript will meet the requirements of lending institutions, such as those offering mortgages and student loans. Tax return transcripts are available for the current and 3 prior calendar years, are delivered in approximately 2 weeks, and are provided free of charge.

Tax Account Transcript

A tax account transcript includes any later adjustments either you or the IRS made after the tax return was filed. This transcript shows basic data, including marital status, type of return filed, adjusted gross income, and taxable income. Tax account transcripts are delivered by mail in approximately 2 weeks and are provided free of charge.

Photocopies of Tax Returns

When you need a copy of a tax return because a transcript does not meet your needs, the IRS can provide one for a fee of \$39 for each tax year requested. You should wait at least 6 weeks after filing a current return before requesting copies. Copies are generally available for returns filed in the current year and past 6 years. Tax forms filed more than 6 years ago may not be available for making photocopies. However, tax account transcripts are generally still available for these periods. Certified photocopies for court or administrative proceedings are also available on request. Allow at least 60 days from IRS receipt for delivery.

AN INSTALLMENT PLAN TO PAY YOUR TAXES

If you are not able to pay all your federal taxes by the due date, a monthly payment plan may be the answer. The process isn't automatic and there may be alternatives, but if you are eligible, this could be the solution that makes paying taxes easier.

Apply for a payment plan by completing Form 9465, "Installment Agreement Request." This form also has details about eligibility requirements.

You may be able to apply for a payment plan online. Check www.irs.gov for the Online Payment Agreement Application.

Generally, you may have up to 60 months to pay, but paying the full amount as soon as possible will save you money in penalties and interest. The late payment penalty is usually 0.5 percent a month, every month, up to 25 percent of the tax owed. Interest rates vary because they are set quarterly. You can check the current interest rate by going to www.irs.gov, Keyword *interest rate*. Interest and penalties are figured on the declining monthly balance throughout the life of the payment plan. There is also a \$105 set-up fee for an installment agreement, which is taken from your first payment under the plan. Do not send the \$105 with Form 9465.

IRS TELETAX – RECORDED INFORMATION BY PHONE (800) 829-4477

Recorded tax information and refund information are available 24 hours a day, 7 days a week through this Touch-tone phone service. For a directory of topics, listen to topic 123. You may listen to as many topics as you like during the call. Have paper and pencil ready to take notes. See pages 12-13 in this publication for a list of topics.

For refund information, have a copy of your current tax return (Form 1040, 1040A or 1040EZ), your Social Security number (SSN) or the first SSN that appears on a jointly filed tax return, your filing status from the front of your tax return and the exact whole dollar amount of your refund.

Calling the IRS

BEFORE YOU CALL THE IRS

We will be able to provide you with more accurate and complete answers to your tax questions if you have the following information available: the tax form, schedule, or notice to which your question relates; the facts about your particular situation; and the name of any IRS publication or other source of information that you used to look for the answer. (The answer to the same question often varies from one taxpayer to another because of differences in their age, income, or whether they can be claimed as a dependent, etc.)

To protect and maintain your individual account security, you may be asked for your Social Security number (SSN), date of birth, or IRS Personal Identification Number (PIN) if you have one. You will also need to provide the amount of your refund, the filing status shown on your tax return, the “caller ID number” shown at the top of any notice you received, and the numbers in your street address, or your ZIP code.

**IRS tax forms and publications
are available 24 hours a day, 7 days
a week through the IRS Web site,
www.irs.gov.**

If you are asking for an installment agreement to pay your tax, you will be asked for the highest amount you can pay each month and the date on which you can pay it.

BEFORE YOU HANG UP

If you do not fully understand the answer to your question, or you feel the IRS representative did not fully understand the question, please tell the representative. The representative will take additional time to be sure he or she has answered your question fully.

By law, you are responsible for paying your fair share of federal income tax. If we should make an error in answering your question, you are still responsible for paying the correct tax. You will not be charged any penalty due to an IRS error.

The IRS uses several methods to evaluate our telephone service. One method is to record telephone calls (for quality assurance purposes only). A random sample of recorded calls is selected for review through the quality assurance process. Other methods include listening to live calls in progress and contacting a random selection of customers with a Customer Satisfaction Survey.
