## BAY AREA AIR QUALITY MANGEMENT DISTRICT Memorandum

To:	Chairperson Miller and Members of the Budget and Finance Committee
From:	Wayne Tanaka Director of Administrative Services
Date:	September 2, 2003
Re:	Consider Proposed Amendments to Administrative Code Division II – Fiscal Policies and Procedures

## **RECOMMENDED ACTION:**

It is recommended that the Board of Directors give notice in the Agenda for the October 1, 2003, Regular Meeting of the Board of Directors to consider amendments to Administrative Code Division II, Fiscal Policies and Procedures.

## BACKGROUND

Division II of the District's Administrative Code provides for Fiscal Policies and Procedures. A periodic review of these policies and procedures is appropriate in keeping with the best fiscal and business practices. The policies were last reviewed and changed in 1998.

# DISCUSSION

Administrative Code Division II, Fiscal Policies and Purchasing Procedures provide guidelines for the following:

- Section 1 Treasurer
- Section 2 District Audit
- Section 3 Fiscal Procedures
- Section 4 Purchasing Procedures
- Section 5 Allowable Expenses

Some of the proposed amendments will be a return to former policies and procedures. Other proposed changes will increase or eliminate *threshold* limits. A review of practices for other large air quality districts indicates that the Air District is not as current as the others in some areas. A spreadsheet is attached, outlining the current practices of the District, proposed amendments, and current practices for the South Coast AQMD, San Joaquin AQMD and the Monterey APCD. Also attached is Division II of the Administrative Code with changes, additions, and deletions shown with current language struck out and proposed language inserted.

Changing the limit from a \$25,000 limit to no limit for budget transfers will bring the District into alignment with other large air districts. This change will apply only to items already budgeted. Authorization will continue to be required for items not currently approved in the budget. There will no longer be a reporting requirement if the transfer is within an expenditure class, i.e. from a line item within Services and Supplies to another line item within that same class. Transfers from a line item in Salary and Benefits to a line item in Services and Supplies will require reporting to the Board as a consent item.

The higher threshold limits for prior Board authorization *prior* to issuing a contract or purchase order are in alignment with what is the practice of our sister agencies. It also allows for inflationary creep experienced over the last 5 years. In some cases, the price for some monitoring equipment has increased at a faster rate than the Bay Area CPI over the last 5 years. The proposals will streamline the purchasing process.

A change in the language under Contracts with Minority Business Enterprises and Women's Business Enterprises is suggested to comply with state law that eliminated minority and gender based preference. The new language will state, "It is the policy of the Board of Directors of the Bay Area Air Quality Management District that minority, veteran, and women owned businesses be encouraged to apply."

Approval of the proposed amendments will streamline the fiscal, purchasing, and contracting process of the District and is in line with the practices of other large air quality management districts. The changes will comport to the best business and fiscal operating practices.

## BUDGET CONSIDERATION/FINANCIAL IMPACT

No impact on current year budget.

Respectfully submitted,

Wayne Tanaka Director of Administrative Services

# SUMMARY OF PROPOSED AMENDMENTS TO DIVISION II, FISCAL POLICIES AND PROCEDURES OF THE ADMINISTRATIVE CODE

SECTION PAGE		REASON FOR AMENDMENT
2.1	1	Bring language into conformance with current audit requirements.
3.2	1	Correction to typographical error.
3.3	2	Streamline account transfer policy. Increase annual threshold limits to \$50,000 for cumulative annual transfers and \$20,000 for each account transfer to allow for inflation creep since last amended in 1993. Allow APCO to authorize budget transfers, eliminating threshold for notification.
4.2	4	Define 9 county area of District for doing business with vendors.
4.3	4	Streamline contract limitation policy. Increase contract threshold limits to \$70,000 to allow for inflation since last amended in 1993.
4.4	4	Streamline language to comply with existing laws on Disadvantaged, Women, and Minority Business Enterprises
4.6	6, 8-9	Contracts. Informal bid procedure streamlined to eliminate language for prequalified vendors. Not needed. District views each bid process to be unique and does not use a prequalified vendor list.
	7	Increase threshold limit to \$25,000 contracts for possible waiver of specifications, last amended in 1993.
	9,10	Bid solicitation. Increase threshold limit to \$70,000 for bid requirement to allow for inflation since last amended in 1993.
	10	Streamline process to include APCO's designee to act on his/her behalf.
	11	Amend language to allow re-bidding for financial auditing service every 3 years to allow District to select the auditing audit firm with the best proposal, value and bid. Not possible with current language as it does not allow
