

Dennis Ripley, ANM-520.6, Federal Aviation Administration, 1601 Lind Avenue S.W., Renton, Washington, 98055-4056; telephone number: (425) 227-2527.

SUPPLEMENTARY INFORMATION: The FAA published the direct final rule with a request for comments in the **Federal Register** on February 25, 1998 (63 FR 9409). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. The comment period ended March 27, 1998. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment or a written notice for intent to submit such an adverse comment were received within the comment period, the regulation would become effective on May 26, 1998. No adverse comments were received, and thus this document confirms that the final rule will become effective on that date.

Issued in Seattle, Washington, on April 6, 1998.

Joe E. Gingles,

Acting Assistant Manager, Air Traffic Division, Northwest Mountain Region.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 92-ASW-35]

Establishment of Class E Airspace, Osceola, AR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes the Class E airspace extending upward from 700 feet above ground level (AGL) at Osceola Municipal Airport, Osceola, AR. The development of a nondirectional radio beacon (NDB) Standard Instrument Approach Procedure (SIAP) to runway (RWY) 19 has made this rule necessary. This action is intended to provide adequate controlled airspace extending upward from 700 feet or more above the surface for Instrument Flight Rules (IFR) operations at Osceola Municipal Airport, Osceola, AR.

EFFECTIVE DATE: 0901 UTC, August 13, 1998.

FOR FURTHER INFORMATION CONTACT: Donald J. Day, Airspace Branch, Air Traffic Division, Southwest Region,

Federal Aviation Administration, Fort Worth, TX 76193-0520, telephone 817-222-5593

SUPPLEMENTARY INFORMATION:

History

On June 15, 1995, a proposal to amend 14 CFR Part 71 to establish Class E airspace at Osceola, AR, was published in the **Federal Register** (60 FR 31424). The proposal was to establish controlled airspace extending upward from 700 feet AGL. The intended effect of the proposal was to provide adequate Class E airspace to contain aircraft executing the NDB RWY 19 SIAP at Osceola, AR.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments to the proposal were received. The rule is adopted as proposed. The coordinates for this airspace docket are based on North American Datum 83. Designated Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9E, dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the order.

The Rule

This amendment to 14 CFR Part 71 establishes Class E airspace, at Osceola, AR, extending upward from 700 feet above the surface within a 6.4-mile radius of the Osceola Municipal Airport at Osceola, AR and within 8 miles west and 4 miles east of the 021° bearing from the Osceola NDB extending from the 6.4-mile radius to 9.9 miles north of the NDB.

The FAA has determined that this regulation only involves an established body of technical regulations that need frequent and routine amendments to keep them operationally current. It therefore (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g) 40103, 40113, 40120; E.O. 10854; 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, *Airspace Designations and Reporting Points*, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ASW AR E5 Osceola, AR [New]

Osceola Municipal Airport, AR
(lat. 35°41'28" N., long. 090°00'36" W.)

Osceola NDB
(lat. 35°41'34" N., long. 090°00'47" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Osceola Municipal Airport and within 8 miles west and 4 miles east of the 021° bearing from the Osceola NDB to 9.9 miles.
