

previous years have spawned successfully and that the Corps' transportation program appears to have maintained and potentially increased levels of coho salmon natural production in the Elk Creek Basin. ESA-listed adult fish are proposed to be captured at a weir below the dam, anesthetized, transported above the dam, allowed to recover from the anesthetic, and released. In addition to transporting the ESA-listed adult fish, the Corps proposes to tag the fish with opercule punches to estimate the number of fish that pass downstream over the weir and are then captured a second time. ESA-listed adult fish indirect mortalities associated with the transportation program are requested. The Corps also requests that ODFW be authorized to act as an agent of the Corps under the permit.

Those individuals requesting a hearing on the permit application should set out the specific reasons why a hearing would be appropriate (see ADDRESSES). The holding of such a hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the above application summary are those of the applicant and do not necessarily reflect the views of NMFS.

Dated: August 24, 1998.

**Kevin Collins,**

**DEPARTMENT OF COMMERCE**

**Technology Administration**

**Technology Administration  
Performance Review Board  
Membership, September 1998**

The Technology Administration Performance Review Board reviews performance appraisals, agreements, and recommended actions pertaining to employees in the Senior Executive Service and reviews performance-related pay increases for ST-3104 employees. The Board makes recommendations to the appropriate appointing authority concerning such matters so as to ensure the fair and equitable treatment of these individuals.

The following is the full membership of the Board:

Kelly H. Carnes (NC), Deputy Assistant Secretary for Technology Policy, Technology Administration,

Washington, DC 20230, Appointment Expires: 12/31/98

Karl E. Bell (C), Deputy Director of Administration, Office of the Director of Administration, National Institute of Standards and Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/99

B. Stephen Carpenter (C), Director, Office of International & Academic Affairs, Office of International and Academic Affairs, National Institute of Standards & Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/00

Stephen W. Frieman (C), Chief, Ceramics Division, Materials Science and Engineering Laboratory, National Institute of Standards and Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/99

Kent Hughes (C), Associate Deputy Secretary of Commerce, U.S. Department of Commerce, Washington, DC 20230, Appointment Expires: 12/31/99

Frederick Johnson (C), Associate Director of Computing, Information Technology Laboratory, National Institute of Standards & Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/00

Richard F. Kayser, (C), Chief, Physical and Chemical Properties Division, Chemical Science and Technology Laboratory, National Institute of Standards and Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/98

Ronald E. Lawson (C), Associate Director for Financial and Administrative Management, National Technical Information Service, Springfield, VA 22161, Appointment Expires: 12/31/99

Harry I. McHenry (C), Chief, Materials Reliability Division, Materials Science and Engineering Laboratory, National Institute of Standards and Technology, Boulder, CO 80303,

Appointment Expires: 12/31/00

Rosalie T. Ruegg (C), Director, Economic Assessment Office, Advanced Technology Program, National Institute of Standards and Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/99

Dr. Barry N. Taylor (C), Manager, Fundamental Constants Data Center, Physics Laboratory Office, National Institute of Standards & Technology, Gaithersburg, MD 20899,

Appointment Expires: 12/31/00

Samuel P. Williamson (C), Deputy Director, Office of Systems Development, National Weather Service, National Oceanic and Atmospheric Administration, Silver

Spring, MD 20910, Appointment Expires: 12/31/98

Dated: August 24, 1998.

BILLING CODE 6351-01-M

**DEPARTMENT OF DEFENSE****Office of the Secretary****Preparation of a Final Programmatic  
Environmental Assessment for the Air  
Drop Target System Program****AGENCY:** Ballistic Missile Defense  
Organization (BMDO).**ACTION:** Notice of Availability (NOA).**SUMMARY:** This notifies the public that  
BMDO is issuing a Final Programmatic  
Environmental Assessment (PEA) for the  
Air Drop Target System Program. The  
PEA assesses the potential impacts  
associated with technology and  
deployment activities of the program.  
The proposed action is to provide the  
capability to produce, deploy, and  
maintain the Air Drop Target System.  
The Air Drop Target System program  
would provide a realistic target for  
current and evolving interceptor  
programs. The Air Drop Target System  
program would provide a highly  
flexible, short-range target system  
allowing multi-shot engagements with  
high azimuth variability. The Air Drop  
Target System would provide an air  
launch target delivery system using  
standard C-130 cargo aircraft, rather a  
fixed land-based site.*Lead Agency:* Ballistic Missile  
Defense Organization.*Proposed Action:* The BMDO  
proposes to provide the capability to  
produce, deploy, and maintain the Air  
Drop Target System. The Air Drop  
Target System program would provide a  
realistic target for current and evolving  
interceptor programs.*Findings:* It has been determined, after  
consideration of all factors presented in  
the PEA and pertinent environmental  
legislation, that, provided the mitigation  
measures discussed in the PEA are  
implemented and future site-specificanalysis be performed, the action would  
not be anticipated to significantly affect  
the quality of the human environment,  
and there would be no significant  
environmental effects associated with  
this action. For the foregoing reasons, a  
Finding of No Significant Impact (FNSI)  
is appropriate, and an environmental  
impact statement will not be prepared.**ADDRESSES:** Forward comments and  
recommendations on the FNSI and PEA  
to Mr. Crate J. Spears, Room 1E1081,  
Ballistic Missile Defense Organization,  
7100 Defense Pentagon, Washington, DC  
20301-7100.**FOR FURTHER INFORMATION CONTACT:** To  
request more information on the FNSI  
and PEA or to obtain a copy of the FNSI  
or PEA, please write to the above  
address, or call Mr. Crate J. Spears at  
703-604-3893.

Dated: August 24, 1998.
