

NOTICE OF COMMUNITY MEETING

Notice is hereby given that the Bay Area Air Quality Management District (District), in collaboration with the City of Richmond Planning Department, will conduct a community meeting to discuss the the air quality permit application and California Environmental Quality Act (CEQA) environmental review process for the following proposed project:

Chevron Energy & Hydrogen Renewal Project

Permit Application No. 12842

Chevron Richmond Refinery

841 Chevron Way, Richmond, CA

The meeting will be held at 6:00 pm, Wednesday, February 13, 2008, at the RRC Social Hall, 3230 Macdonald Avenue, Richmond, California.

Chevron is applying for an air district permit for the proposed project, which consists of a number of component projects. The four main component projects are: (1) Hydrogen Plant Replacement, (2) Power Plant Replacement, (3) Reformer Replacement, and (4) Hydrogen Purity Improvements. At the meeting, District staff will discuss the new and modified equipment of the project and the associated emissions control equipment that will be required. District staff will also discuss existing equipment that will be shutdown as part of this project as well as other aspects of the evaluation of the permit application.

The Richmond Planning Department has prepared a Draft Environmental Impact Report (DEIR) to analyze the environmental effects associated with the proposed project. Copies of the DEIR are available at the City of Richmond Planning and Building Regulations Department, located at 1401 Marina Way South, Richmond, CA. Copies are also available for review at the Richmond Public Library, Main Branch, 325 Civic Center Avenue, Richmond, CA. A copy of the DEIR is also available for review online at <http://www.ci.richmond.ca.us/index.asp?NID=832>. Questions about the air quality permit application should be submitted to Barry Young, Manager of the Permit Evaluation Section, by e-mail at byoung@baaqmd.gov or in writing to him at the following address:
