#### 2. **Hard Copy Submissions:**

- a. The **SF-424 (R&R)** and the **RESEARCH & RELATED Other Project Information** forms require the PureEdge Viewer. All other fillable forms require the Adobe 8 Reader. You can download the PureEdge Viewer at [http://www.grants.gov/PEViewer/ICSViewer602\\_grants.exe](http://www.grants.gov/PEViewer/ICSViewer602_grants.exe)
- b. **SF-424 (R&R) Items 9 and 10:** Because the **SF-424 (R&R)** form is a standard form available from Grants.gov it contains an anomaly. Items 9 & 10 on this form are not fillable and contain information for NIH not for ATP. Please fill out the rest of the form, print the form and **IGNORE items 9 and 10**. ATP will correct the information. This does not apply to electronic submissions through Grants.gov as the correct information is automatically inserted in items 9 and 10.
- c. **Signatures:** If you are submitting a proposal in hardcopy, signatures are required on the forms that have signature blocks. If you are submitting a proposal electronically via Grants.gov, Grants.gov's registration process is considered your signature and signatures are not required on the forms nor add any image of your signatures on the forms.

#### 3. **Electronic Submission and RESEARCH & RELATED Other Project Information Form:**

- a. Item 6 of this form must be used to attach pages 1 and 2 of the NIST-1262 or NIST-1263. Please do not merge pages 3 and 4 of the NIST-1262 or pages 3-

5 of the NIST-1263 with pages 1 and 2. Pages 3 and 4 of the NIST-1262 and pages 3-5 of the NIST-1263 must be attached under item 11.

- b. The electronic submission instructions explain that item 11 on this form will accept multiple attachments. If you are not consolidating any attachments that make up your complete proposal (other than the SF-424 (R&R) and pages 1 and 2 of the NIST-1262 or NIST-1263 into one document, please use this field to attach the additional files associated with your proposal.
