

# Proposed Rules

Federal Register

Vol. 64, No. 219

Monday, November 15, 1999

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## OFFICE OF PERSONNEL MANAGEMENT

### 5 CFR Part 532

RIN 3206-A175

### Prevailing Rate Systems; Abolishment of the King, Washington, Nonappropriated Fund Wage Area

**AGENCY:** Office of Personnel Management.

**ACTION:** Proposed rule with request for comments.

**SUMMARY:** The Office of Personnel Management is issuing a proposed rule that would abolish the King, Washington, nonappropriated fund (NAF) Federal Wage System (FWS) wage area, establish a new Snohomish, WA, NAF FWS wage area, and remove Whatcom County, WA, as an area of application. The abolishment of the King wage area and the establishment of a new Snohomish wage area is necessary because of the closure of the King wage area's host installation, Naval Station Puget Sound. This closure has left the Department of Defense without an installation in the survey area capable of hosting annual local wage surveys. The removal of Whatcom County is necessary because there are no longer any NAF FWS employees stationed in the county.

**DATES:** Comments must be received by December 15, 1999.

**ADDRESSES:** Send or deliver comments to Donald J. Winstead, Assistant Director for Compensation Administration, Workforce Compensation and Performance Service, Office of Personnel Management, Room 7H31, 1900 E Street NW., Washington, DC 20415-8200, or FAX: (202) 606-4264.

**FOR FURTHER INFORMATION CONTACT:** Jennifer Hopkins by phone at (202) 606-2848, by FAX at (202) 606-0824, or by e-mail at [jdhopkin@opm.gov](mailto:jdhopkin@opm.gov).

**SUPPLEMENTARY INFORMATION:** Because of the closure of the King, Washington, nonappropriated fund (NAF) wage

area's host activity, Naval Station Puget Sound (NSPS), the Department of Defense (DOD) no longer has an activity in the survey area with the capability to conduct annual local NAF wage surveys. DOD recommended that the Office of Personnel Management (OPM) abolish the King, WA, NAF wage area and establish a new Snohomish, WA, NAF wage area. DOD also recommended that Whatcom County be removed from an NAF wage area definition because Blaine Air Force Station has closed, and there are no longer any NAF FWS employees stationed in Whatcom County. Under section 5343(a)(1)(B)(i) of title 5, United States Code, NAF wage areas "shall not extend beyond the immediate locality in which the particular prevailing rate employees are employed." Therefore, Whatcom County should not be defined as part of an NAF wage area. The King wage area is presently composed of one survey county, King County, and four area of application counties, Island, Snohomish, Whatcom, and Yakima Counties, WA. The new Snohomish, WA, NAF wage area would be composed of one survey county, Snohomish County, and three area of application counties, Island, King, and Yakima Counties, WA.

Under section 532.219(b) of title 5, Code of Federal Regulations, NAF wage areas are established when there are a minimum of 26 NAF wage employees in the survey area, the local activity has the capability to host annual local wage surveys, and there are within the survey area a minimum of 1,800 private enterprise employees in establishments within survey specifications. NSPS ceased operations in the summer of 1996 and relocated to Naval Station Everett in Snohomish County, WA. During this time, a full-scale wage survey was scheduled to begin in the King NAF wage area in July 1996. Because the host installation relocated, the local wage survey committee had to conduct the King survey from Naval Station Everett in Snohomish County. King County does not have another activity in the King survey area to host annual local wage surveys. However, Snohomish County meets the regulatory requirements to be established as a separate NAF survey area. There are approximately 103 NAF FWS employees stationed at Naval Station Everett, and the base has the capability

to host annual local wage surveys. Also, Snohomish County has more than the required minimum number of private enterprise employees in establishments within survey specifications.

Section 532.219 of title 5, Code of Federal Regulations, lists the following criteria that OPM considers when defining FWS wage area boundaries:

- (i) Proximity of largest activity in each county;
- (ii) Transportation facilities and commuting patterns; and
- (iii) Similarities of the counties in:
  - (A) Overall population;
  - (B) Private employment in major industry categories; and
  - (C) Kinds and sizes of private industrial establishments.

The closest major Federal installation to NSPS is Naval Station Everett. NSPS is approximately 45 km (28 miles) from Naval Station Everett. Commuting patterns indicate that 4 percent of the King County resident workforce commutes to Everett County. Transportation facilities consist of major interstate and highways and do not favor one county more than another. Also, a review of the similarities of the counties does not favor one county more than another. Based on an analysis of these regulatory criteria, OPM proposes to establish Snohomish, WA, as a new NAF wage area and define Island, King, and Yakima Counties, WA, as areas of application.

Full-scale wage surveys would be ordered in the Snohomish, WA, NAF wage area in July of even fiscal years, with the first full-scale wage survey for the Snohomish wage area beginning in July 2000. The Federal Prevailing Rate Advisory Committee, the national labor-management committee responsible for advising OPM on matters concerning the pay of FWS employees, has reviewed and concurred by consensus with these changes.

### Regulatory Flexibility Act

I certify that this regulation would not have a significant economic impact on a substantial number of small entities because it would affect only Federal agencies and employees.

### List of Subjects in 5 CFR Part 532

Administrative practice and procedure, Freedom of information, Government employees, Reporting and recordkeeping requirements, Wages.

Office of Personnel Management.

Janice R. Lachance, Director.

Accordingly, the Office of Personnel Management proposes to amend 5 CFR part 532 as follows:

PART 532—PREVAILING RATE SYSTEMS

1. The authority citation for part 532 continues to read as follows:

Authority: 5 U.S.C. 5343, 5346; § 532.707 also issued under 5 U.S.C. 552.

2. Appendix B to subpart B of part 532 is amended for the State of Washington by removing the entry for "King" and by adding alphabetically a new entry for "Snohomish" with a beginning survey month of "July" and a fiscal year of full-scale survey of "Even'.

3. Appendix D to subpart B is amended by removing the wage area listing for King, Washington, and by adding alphabetically a new entry for Snohomish, Washington, to read as follows:

Appendix D to Subpart B of Part 532—Nonappropriated Fund Wage and Survey Areas

\* \* \* \* \*

WASHINGTON

\* \* \* \* \*

SNOHOMISH

Survey Area
Washington:
Snohomish

Area of Application. Survey area plus:

Washington:
Island
King
Yakima

[Docket No. EE-RM/STD-98-440]

RIN 1904-AA77

Energy Conservation Program for Consumer Products: Energy Conservation Standards for Central Air Conditioners and Heat Pumps

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces a workshop on the Supplemental Advance Notice of Proposed Rulemaking (ANOPR), which the Department expects to issue shortly, for Central Air Conditioners and Heat Pumps Energy Efficiency Standards Rulemaking.

DATES: December 9, 1999, 9 a.m.-5 p.m.

ADDRESSES: U.S. Department of Energy, 1000 Independence Avenue, SW, Room 1E-245, Washington, DC 20585-0121.

FOR FURTHER INFORMATION CONTACT: Dr. Michael E. McCabe, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Forrestal Building, Mail Station EE-41, 1000 Independence Avenue, SW, Washington, DC 20585-0121, (202) 586-0854, e-mail: michael.e.mccabe@ee.doe.gov or Brenda Edwards-Jones, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Forrestal Building, Mail Station EE-41, 1000 Independence Avenue, SW, Washington, DC 20585-0121, (202) 586-2945, e-mail: Brenda.Edwards-Jones@ee.doe.gov.

SUPPLEMENTARY INFORMATION:

Purpose of the Workshop

The Department will present its methodology and results pertaining to the analysis completed to date (Supplemental ANOPR analysis), answer questions to help participants prepare their written comments on the Supplemental ANOPR, and entertain comments on that document. The Department will also explain its plans for the remaining analysis (NOPR analysis) and seek comments and suggestions for improving its methodologies, assumptions, and data sources.

Preliminary Agenda

9:00 a.m. Opening Remarks and Introductions

ANOPR Analysis—Methodologies and Results

Engineering Analysis and Issues
Life Cycle Cost, National Energy Savings, Shipments Analysis and Issues

NOPR Analysis—Plans

Manufacturer Impact Analysis
Indirect Employment
Utility Impact Analysis
Environmental Assessment
Consumer Subgroup

Summary Discussion

5:00 p.m. Adjournment

Please note that this draft agenda is preliminary. The agenda items listed are guidelines and are subject to change. A

final agenda will be available at the meeting on Thursday, December 9, 1999.

Transcript

We will make the transcript of this workshop available for public review and copying within 30 days at the U.S. Department of Energy, Freedom of Information Public Reading Room, Room 1E-190, Forrestal Building, 1000 Independence Avenue, S.W., Washington, DC 20585, (202) 586-3142, between 9:00 a.m. and 4:00 p.m., Monday through Friday, except Federal holidays.

Issued in Washington, DC, on November 8, 1999.

Dan W. Reicher,

Assistant Secretary, Energy Efficiency and Renewable Energy.

[Docket No. 99-NM-244-AD]

RIN 2120-AA64

Airworthiness Directives; Saab Model SAAB 2000 Series Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes the adoption of a new airworthiness directive (AD) that is applicable to all Saab Model SAAB 2000 series airplanes. This proposal would require a one-time general visual inspection to verify the proper orientation of the aft exterior light; and corrective actions, if necessary. This proposal is prompted by issuance of mandatory continuing airworthiness information by a foreign civil airworthiness authority. The actions specified by the proposed AD are intended to prevent improper illumination of the ground under the service door due to incorrect installation of the aft exterior light, which could result in injury to the passengers or crew members during an emergency evacuation.

DATES: Comments must be received by December 15, 1999.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Transport Airplane Directorate, ANM-114, Attention: Rules Docket No. 99-NM-
