**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) submitted a request to the Office of Management and Budget (OMB) for reclearance of a revised information collection for the Scholarship For Service (SFS) Program Internet Webpage. Approval of the Webpage is necessary to facilitate the timely registration, selection and placement of program-enrolled students in Federal agencies.

The SFS Program was established by the National Science Foundation in accordance with the Federal Cyber Service Training and Education Initiative as described in the President's National Plan for Information Systems Protection, an outcome of Presidential Decision Directive 63. This program seeks to increase the number of qualified students entering the fields of information assurance and computer security in an effort to respond to the threat to the Federal Government's information technology infrastructure. The program provides capacity building grants to selected 4-year colleges and universities to develop or improve their capacity to train information assurance professionals. It also provides selected 4-year colleges and universities scholarship grants to attract students to the information assurance field. Participating students who receive scholarships from this program are required to serve a 10-week internship during their studies and complete a post-graduation employment commitment equivalent to the length of the scholarship or one year, whichever is longer.

We estimate 200 respondents annually. The application process takes approximately 60 minutes for a total annual burden of 200 hours.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget a request for review of a revised information collection. Standard Form 3112, CSRS/FERS Documentation in Support of Disability Retirement Application, collects information from applicants for disability retirement so that OPM can determine whether to approve a disability retirement. The applicant only completes Standard Forms 3112A and 3112C. Standard Forms 3112B, 3112D, and 3112E, are completed by the immediate supervisor and the applicant's employing agency.

Comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Approximately 12,100 applicants for disability retirement complete Standard

Forms 3112A and 3112C annually. This is a combined figure including 9,000 CSRS and 3,100 FERS applications. The SF 3112C requires approximately 60 minutes to complete. A burden of 12,100 hours is estimated for SF 3112C. SF 3112A is used each year by approximately 1,350 persons who are not Federal employees. This is a combined figure including 1,000 CSRS and 350 FERS applications. SF 3112A requires approximately 30 minutes to complete and a burden of 675 hours is estimated for SF 3112A. The total annual burden for SF 3112 is 12,775 hours.
