OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 532

RIN 3206-AJ63

Prevailing Rate Systems; Change in Federal Wage System Survey Job

AGENCY: Office of Personnel
Management.

ACTION: Proposed rule with request for
comments.

SUMMARY: The Office of Personnel
Management is issuing a proposed rule
that would permit the Department of
Defense to survey the Maintenance
Mechanic job on an optional basis rather
than having to seek OPM's permission
when it wants to add that job to
appropriated fund wage surveys.
Currently, OPM's regulations contain
required and optional survey jobs. If a
particular job does not appear on either
list, but is needed for a survey, an
agency must request OPM's written
approval. The Federal Prevailing Rate
Advisory Committee (FPRAC)
established a Survey Job Work Group to
review wage survey job descriptions in
general, and it recommended making
the Maintenance Mechanic job an
optional job. The FPRAC agreed with
the Work Group's recommendation,
which will save time and facilitate the
survey process.

DATES: Comments must be received on
or before September 3, 2002.

ADDRESSES: Send or deliver comments
to Donald J. Winstead, Assistant
Director for Compensation
Administration, Workforce
Compensation and Performance Service,
Office of 1 Personnel Management,
Room 7H31, 1900 E Street NW.,
Washington, DC 20415-8200, or FAX:
(202) 606-4264.

SUPPLEMENTARY INFORMATION: The
Federal Prevailing Rate Advisory
Committee (FPRAC), the national labor-

management committee responsible for
advising the Office of Personnel
Management (OPM) on matters
concerning the pay of Federal Wage
System (FWS) employees, established a
Survey Job Work Group (SJWG) to
review the survey job descriptions used
by Federal agencies during FWS local
wage surveys to determine prevailing
rates of pay for FWS employees. The
SJWG reviewed many FWS jobs and
found that the Maintenance Mechanic
survey job description should be
changed, to better reflect the industry
standard wording for the job. The SJWG
also decided that it would be beneficial
to add the Maintenance Mechanic
survey job to the list of optional survey
jobs. The SJWG recommended these
changes to FPRAC because adding the
Maintenance Mechanic survey job to the
list of optional jobs would allow the
Department of Defense (DOD) the
opportunity to survey the job at its
discretion, without having to ask OPM
for prior approval. This change would
allow DOD more planning time when
conducting surveys, and the changed
job description, when surveyed, may
provide DOD with more job matches.
FPRAC agreed with the Work Group's
recommendations.

Regulatory Flexibility Act

I certify that this regulation would not
have a significant economic impact on
a substantial number of small entities
because it would affect only Federal
