FOR RELEASE \_\_\_\_\_November 5, 1971

## NEW RULES AND RULE PROPOSALS

RULE PROPOSED REGARDING THE NATIONAL CLEARING CORP. ("NCC") SYSTEM. The SEC today invited the submission of views and comments not later than December 14 upon a proposed new Rule 15Aj-3 under the Securities Exchange Act (Rel. 34-9380). The proposal would prescribe certain requirements applicable to a national association of securities dealers which establishes and operates facilities for clearing and settling securities transactions, including the requirement that applicable rules of the Association incorporate as guides to interpretation and application certain public interest standards set forth in the Act and also that such rules of the Association provide fair procedures for consideration of requests for or refusals of access to such system by customers, issuers, brokers and dealers. The proposed rule would also provide for Commission review of adverse actions by the Association with respect to such requests for or refusals of access.

While the proposed rule is applicable to action that may be taken by any securities association registered under Section 15A of the Act, it has been formulated in light of the National Association of Securities Dealers, Inc. (NASD) establishment of the NCC as a wholly-owned subsidiary to a nationwide system to clear and settle over-the-counter transactions in securities and the NCC's and NASD's proposals to adopt rules governing the operation of or access to such system.

The NASD has submitted to the Commission amendments to its by-laws and a proposed new schedule thereunder which, among other things, would provide complaint and hearing procedures for aggrieved persons who may be adversely affected by NCC action. The NASD has also submitted proposed rules governing access to the system.

The Commission's proposed rule relates specifically to its function to make sure that rules of a national association of securities dealers, among other things, are "designed to ... remove impediments to and perfect the mechanism of a free and open market; and are not designed to permit unfair discrimination between customers or issuers, or broker or dealers."

SEC ADOPTS RULE RE RETROACTIVE REGISTRATION OF CERTAIN INVESTMENT COMPANY SECURITIES. The SEC has announced adoption of a new Rule 24f-1 which implements the first two sentences of Section 24(f) of the Investment Company Act, as amended by the Investment Company Amendments Act of 1970. The rule applies to securities issued by a face-amount certificate company, an open-end management company or unit investment trust where the number of shares which have been sold exceeds the number of shares included in the registration statement of such company under the Securities Act of 1933 in effect at the time of sale. The rule provides a procedure whereby, by the filing of a notification containing the information specified in the rule and by the payment of the prescribed fee, such companies may elect to have the registration of certain excess shares, sold within six months prior to the payment of the fee required by the rule, deemed effective as of the time of sale of such excess shares.

The printing and distribution of this release to the Commission's mailing list will be somewhat delayed. Therefore, the Investment Company Institute has undertaken to distribute copies to its members and make copies available to other interested persons. The release will also appear in the Federal Register within the next few days. (Release 33-5208)
