(Vice-Chairperson)

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants ("air pollutants") located within 1,000 feet of a school site, State law requires that we notify the public and inform residents that there is a 30-day period for public response to the proposal. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

2200 Pacific Homeowners Association is applying for an Authority to Construct and/or Permit to Operate a natural gas fired cogeneration system.

Jack P. Broadbent
EXECUTIVE OFFICER/APCO

The Bay Area Air Quality Management District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed source(s) are within satisfactory levels, and that the project will comply with all other applicable air pollution control requirements. Accordingly, the BAAQMD plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the BAAQMD evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the BAAQMD at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the BAAQMD website at <http://www.baaqmd.gov/permit/pn.htm>.
