## Summary

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source(s) of air pollution. A description of the proposed project follows:

On behalf of Exxon Mobil, Environmental Resolutions, Inc. has applied for a permit to remediate contaminated soil by means of Dual Phase Extraction and Treatment at a site located at 2200 East 12<sup>th</sup> Street in Oakland. This is near the following school(s): Beacon School, Agnes Memorial School of God, Garfield Elementary School, and Life Academy High School.

The District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed source(s) are within acceptable levels, and that the project will comply with all other applicable air pollution control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at <http://www.baaqmd.gov/permit/pn.htm>.

**Public Comment Period**

There is a 30-day period for public response to this proposal. If you wish to comment on the proposed project, you may do so in writing or by e-mail. Alternatively, you may call and leave a telephone message up to one minute in length, so that a District staff member may respond to your message.

Please use the following contact information if you would like to comment on the proposed project:

Mailing address: Former Exxon Service Station 7-0238 Public Notice Response  
BAAQMD  
Permit Services Division  
939 Ellis Street  
San Francisco, CA 94109  
Attn: Carina Chen

E-mail address: [cchen@baaqmd.gov](mailto:cchen@baaqmd.gov)

Telephone Number: (415) 749-5122

The public comment period for this project ends on June 11<sup>th</sup>, 2003.
