I **am** writing to recommend that **you** delete item **5.9** of agenda item No. **6** in the draft guidelines for vitamin and mineral supplements. Every citizen is the real gatekeeper for truthful and non-misleading information about nutrition, and item **5.9** of the labeling proposal is regressive, misleading, and not in the best interest of the **U.S.** consumer. Furthermore, Item **5.9** is in violation of the Dietary Supplement Health and Education Act of 1994 (DSHEA).

**Thank** you for your prompt attention to this matter.
