Susan and Tim McManus

Dear Nancy,

Please delete item **5.9** of agenda item No. 6 in the **draft** guidelines for vitamin and mineral supplements. We, **as** American citizens, are responsible for truthful and non-misleading information regarding Nutrition. My parents are in their late **70's** and they **are** well informed and well read on the supplements that they take. The labeling proposal is regressive, misleading and **NOT** in the best interest of the **U.S.** consumer. Also, item 5.9 is in violation of the DSHEA of **1994**. (Dietary Supplement Health and Education Act).

Thank you for your attention to this very important matter.

Sincerely,

Susan and Tim McManus
