USDA Downed Animal Ban

Dear Sirs:

Please continue to KEEP the Downed Cattle act in effect!

We do not want the animals who are too sick to stand or walk to be slaughtered AND THEN used for human food. I continue to have concerns about the irresponsible and inhumane marketing and slaughter of downed animals. This current act could also be expanded to include sheep and hogs as well. We encourage you to continue to be vigilant in the efforts for these helpless animals and those with illnesses. Also we do not want to pass on the possibilities of illnesses to humans who consume them.

Thank you for your diligence in this matter.
