To whom it May Concern,

I am writing to thank you for banning the slaughter of downed cattle for human consumption. Please make this ban permanent and include all downed animals - sheep, pigs and any other animals, as well as the cattle. Please require all downed animals to be humanely euthanized immediately once they become downed animals - wherever they may fall.

Please consider this and take action. No animal deserves to suffer. Thank you for your time. Sincerely,

Heather Harrison-Rouillard
