BURL W. HAGA  
95 CONCORD DRIVE  
BRUNSWICK, MD 21716

IN REFERENCE TO 03-025IF

I ONLY HAVE A FEW HEAD OF CATTLE 5-15

I SOMETIMES HAUL CATTLE TO MARKET FOR SEVERAL  
SMALL PART TIME FARMERS IN THE AREA.

ACUTE INJURIES ARE A BIG PROBLEM FOR THEM  
COST TO HAVE SOMEONE BURY THEM. IF YOU CAN FIND SOMEONE  
OR SOME WOULD DRAG OUT TO BACKFIELD OR WOODS TO DECAY  
COYOTES OR DOGS WOULD FEED ON AND SPREAD MORE DISEASE  
IF ONE WAS PRESENT.

SOME OF THESE ACUTE INJURIES COULD BE DIAGNOSED  
WRONG BY LOCAL FARMERS.

I PERSONNELLY HAVE LOST 3 COWS THAT WENT TO ZULLINGER PA.  
I DID NOT KNOW WHAT THE PROBLEM WAS, I STILL DON'T  
KNOW ON 2 OF THE 3.

ZULLINGER HAS A RECORD. IF THEY HAD A CONTAGIOUS  
DISEASE, OR ACT OF TERRORISM OR BSE IT IS CONTAIN THEM.  
BOTTOM LINE FOR ME AND LOCAL PART TIME FARMERS

- (1) ECONOMIC <sup>OR</sup> ~~DISPOSAL~~ DISPOSAL OF LOSS.
- (2) EARLY DIAGNOSIS.
- (3) RECORD CONTAIN DISEASE OR PROBLEM AS  
SOON AS POSSIBLE

Paul Haga
