Each issuance of Ginnie Mae II Mortgage-Backed Securities that (a) is backed by a pool of Single Family, Graduated Payment, Growing Equity, or Manufactured Home mortgage loans, (b) has an issue date of December 1, 1999 or thereafter, (c) is registered in the name of the depository, and (d) is held in book-entry form through the depository includes the terms set forth below beginning at paragraph 1. An issuance that meets the preceding conditions is referred to herein as the “Issuance,” and the portion of the initial principal amount of an Issuance registered in the name of the depository on the central registry maintained by the Central Paying and Transfer Agent is referred to herein as the “Securities”. If the Issuance has more than one Issuer, the term “Issuer,” as used hereinafter, shall be deemed to be used in the plural.

1. The Issuer of the Securities promises to pay to the depository the principal amount of the Securities registered in the name of the depository on the central registry maintained by the Central Paying and Transfer Agent, and to pay interest in the manner provided below on portions outstanding from time to time at the applicable interest rate, in monthly installments, adjustable as set forth below. All monthly installments shall be for application first to interest at the applicable interest rate and then in reduction of principal balance then outstanding, and shall continue until payment in full of the initial principal amount, and of all interest accruing thereon. All payments to the depository shall be made on behalf of the Issuer by a duly authorized Central Paying and Transfer Agent.

2. The type of mortgages backing the Securities is identified by the suffix appearing as the last two characters in the pool number related to the Securities. The suffixes are defined herein, and the mortgage type backing the Securities is more fully described in the prospectus relating to the Securities.

3. The Issuer certifies that the Securities are proportionately based on and backed by all the mortgages contributed to the pool by the Issuer and identified collectively in the records of the Government National Mortgage Association (“Ginnie Mae,” including any successor thereto), by the pool number related to the Securities; that all such mortgages are insured under the National Housing Act or Title V of the Housing Act of 1949, or are insured or guaranteed under the Servicemen’s Readjustment

Act of 1944 or Chapter 37 of Title 38, United States Code, or are guaranteed under section 184 of the Housing and Community Development Act of 1992; that with respect to the Securities, the base and backing is in the proportion that the initial principal amount of the Securities registered in the name of the depository on the central registry maintained by the Central Paying and Transfer Agent bears to the initial aggregate principal amount of the pool, the latter being equal to the aggregate of the principal amounts of the Issuance, and being equal to the aggregate of the principal amounts outstanding on the mortgages composing such pool; and that the depository is the owner of an undivided beneficial interest in the pool in the foregoing proportion.

4. Each monthly installment shall be subject to adjustment to reflect any prepayments or other early or unscheduled recoveries of principal received from time to time under or consistent with the provisions of the mortgages composing the pool. However, the Issuer shall, through the Central Paying and Transfer Agent, pay to the depository, whether or not collected by the respective Issuer, and shall remit as set forth below, monthly payments of not less than the amounts of principal coming due monthly on the mortgages and apportioned to the depository by reason of the aforesaid base and backing, together with any apportioned prepayments or other early recoveries of principal and interest at the applicable interest rate, except in the case of GA, GD, GP or GT pools wherein payment of some portion of accrued interest is deferred.

5. The Issuer, through the Central Paying and Transfer Agent, shall remit to the depository, for Securities registered in the name of the depository on the last day of the month immediately preceding the month of the respective payment, all monthly payments required under the Securities on the twentieth (20<sup>th</sup>) day of each calendar month (or, if the 20<sup>th</sup> calendar day of the month is not a business day, then on the business day following the 20<sup>th</sup> calendar day of the month), commencing with the first month after the month in which the Issue Date of the Securities occurs. Thereafter, the Issuer, through the Central Paying and Transfer Agent, shall continue to make such payments until payment in full of all amounts owing on the Securities has been made. Remittances shall be made to the depository by ACH debit or other method acceptable to Ginnie Mae and to the depository.

6. The Securities are freely and fully transferable and assignable, but no such transfer or assignment will be recognized by the Issuer or Ginnie Mae unless properly reflected on the central registry maintained by Ginnie Mae's Central Paying and Transfer Agent. The depository may transfer ownership of the Securities on the central registry maintained by the Central Paying and Transfer Agent by presenting to the Central Paying and Transfer Agent an instruction to register the transfer in accordance with the Guide. A service charge in an amount determined by Ginnie Mae shall be imposed for any registration of transfer of the Securities, and payment sufficient to cover any tax or governmental charge in connection therewith also may be required.

7. Except as herein undertaken, the Securities do not constitute a liability of nor evidence any recourse against the Issuer since they are based on and backed by the mortgages composing the above-referenced pool and since recourse may be had to Ginnie Mae in the event of any failure of timely payment, as provided for in Ginnie Mae's guaranty.

8. Upon registration of the Securities by the Central Paying and Transfer Agent in the name of the depository on the central registry maintained by the Central Paying and Transfer Agent, the Securities and Ginnie Mae's guaranty with respect to the Securities are legal and regular in all respects and are duly and validly issued pursuant to Title III of the National Housing Act. It is further certified that no rule, regulation, or other like issuance, and no contract or other agreement of either Ginnie Mae or the Issuer, or of both, adversely affects the right of the depository to receive timely payments as provided under the terms of the Securities.

9. Ginnie Mae, pursuant to Section 306(g) of the National Housing Act, guarantees to the depository, the timely payment of the principal and interest on the Securities, subject only to the terms and conditions thereof. The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under this guaranty.

10. Multiple Issuer pools are distinguished from custom pools (having one Issuer) by the suffix “M” or “C”, respectively, appearing as the third to last character in the pool number. The term “Issuer” as used herein includes any respective successor thereof.

If the pool referred to herein is a Multiple Issuer pool, the Issuers, collectively, are each of the financial institutions which are identified in the records of Ginnie Mae and the Central Paying and Transfer Agent as participating Issuers in the pool. The identity of each Issuer, and the respective portions contributed by each Issuer of the Initial Aggregate Principal Amount of the mortgages upon which the Securities registered in the name of the depository are based and backed, are indicated in the prospectus relating to the Securities. The undivided proportional beneficial interest in the pool which the Securities represent relates to all of the mortgages in the pool and not solely to the mortgages contributed by any one of the Issuers. While each Issuer has undertaken to service and perform other functions with respect to the portion of the mortgages contributed to the pool by that respective Issuer, no participating Issuer is responsible for performing such functions with respect to the portion of the mortgages contributed to the pool by any other participating Issuer, or for any acts or omissions of any other participating Issuer.
