

**Summary of Major Work Accomplishments of SCS-CCC Program
1934 - August 1941**

Impounding and diversion dams	Number	2,216
Fence Construction	Rods	15,443,808
Gully Control:		
Check dams	Number	3,537,582
Gully banks sloped	Square yards	83,294,377
Gullies seeded or sodded	Square yards	381,954,175
Trees planted for gully control	Number	147,522,738
Diversion ditches	Linear feet	538,278,320
Terracing	Miles	28,858
Terrace Out letting:		
Channel construction	Linear feet	40,704,467
Outlet structures	Number	343,795
Planting, seeding, and sodding outlets	Square yards	124,682,895
Limestone quarried	Tons	2,226,707
Preparation for strip cropping	Acres	207,116
Contour furrows and ridges	Miles	134,167
Field planting of trees	Number	285,042,500
Roadside erosion-control	Miles	841
Soil conservation nurseries	Man-days	1,929,057
Drainage work:		
Clear and cleaning channels and reservoirs	Square yards	394,372,287
Excavation of channels –earth and rock	Cubic yards	70,120,859
