

DNA Day Previews

Community of Genetic Educators - CoGE

<http://www.coge.nih.gov>

The **Community of Genetic Educators (CoGE)** is new from the National Human Genome Research Institute. It's an online community where educators can find valuable resources for teaching genetics in K-12 and college classrooms. The site now has a special area for DNA Day that includes a number of useful resources. From **March 12 until April 23**, CoGE will host a live **Question and Answer Chat** on **Wednesdays from 3:00 pm to 5:00 pm EST**. Chatters can have their questions about DNA Day answered by NHGRI staff. Mark your calendars and join us for a DNA Day afternoon of exchange.

Live Wednesdays - - - DNA Day Tips and Ideas Chat LIVE 3-5PM ET

Got a question about celebrating DNA Day at
your school or in your community?

Looking for tools or ideas?

Got ideas and activities to share with other
educators?

Join the staff for National DNA Day at the NIH
any Wednesday from 3pm - 5pm ET here on
CoGE in the [DNA Day discussion room](#).

Share a technique, talk about your plans, ask questions. Carla Easter and Jeff Witherly will host this weekly chat right up until April 23rd. When the room is idle, we'll use the discussion area to share stories and information that may be valuable in preparing for DNA Day. Stop by, or check the transcripts at your own convenience to get the latest on DNA Day 2008!

If you do not wish to receive this mailer, please contact Carla Easter. If you know someone who would like to receive this mailer, please have them contact Carla Easter at easterc@mail.nih.gov.
