AGREEMENT

As a condition of importing nursery stock governed by postentry quarantine provisions of the Nursery, Plants, Roots, Bulbs, Seeds, or Other Plant Products regulation (7 CFR 319.37) the following requirements must be met.

- a. All plant material will be grown on premises supervised and controlled by me, located as specified in Item 5 above, and will not be moved or distributed without prior written permission of the appropriate State or Territory Official and (except Hawaii, Guam, & CNMI) the Coordinator, Postentry Quarantine Program, Beltsville, MD.
- b. Properly identified officers, either Federal and/or State, will be given access to the premises listed in Item 5 during regular business hours.
- c. No increase of these plants by cuttings, grafting, suckers, flowers, seeds or air layers will be made; there will be no distribution of the plants or increase; and no cutting of flowers for sale will be made until the plants are released from postentry quarantine, or written permission of the (as in a. above).
- d. The plant material and all increase therefrom will be labeled by specific plant name, port accession number, and date of importation.
- e. The plant material will be separated from domestic stock of the same genus including such stock on adjoining premises, by no less than 3 meters (approximately 10 feet); and will be separated from other imported plants by the same distance.
- f. Any treatments prescribed by the officer including destruction of the quarantined plant material or other plants growing on the premises will be complied with to prevent the dissemination of a plant pest.
- g. The appropriate State or Territory Official will be notified in writing within 30 days when any abnormality is noticed in the plant material or if the plant material dies. Dead plants will be retained and collected by the officer for analysis.
- h. Notification of change of address will be sent to the appropriate State or Territory Official and (except Hawaii, Guam, and CNM I) the Coordinator, Postentry Quarantine Program, Beltsville, MD.
- i. Plants of *Rubus* spp. From Europe will be grown in a screenhouse (16 mesh per inch minimum); plants of *Chrysanthemum*spp. and *Dianthus* spp. Will be grown in a greenhouse or other enclosed building.
- j. The postentry requirements will be applied to *Chrysanthemum* spp. for 6 months after importation, to *Dianthus* spp. for 1 year after importation, and to all other plants for 2 years after importation.

I, as the responsible agent have read this agreement and agree to the above conditions, and understand that violation of the terms of this agreement will result in the cancellation of my postentry permit.

**Instruction for Completing PPQ Form 546
Agreement for Postentry Quarantine State Screening Notice**

Note: Please TYPE or PRINT legibly to complete this form.

1. Enter the name of the company representative who is responsible for the shipment, the company name, and a street address. If you have a Post Office box for mail deliveries, add this to the street address in this box.
2. Enter the scientific (Latin) name of each plant you wish to import. If you do not know the scientific name(s), enter the English common name(s).
3. Enter the maximum number of plants/cuttings you and the State inspector consider appropriate for the growing area you have selected during the quarantine period required for the genus or genera you are importing.
4. Enter the country or countries from which the product is originally being shipped.
5. Enter the specific location – street address (if available), city, county, and State - where the plant material will be grown for the duration of the quarantine period. If no street address is available, you and the State inspector must determine how to describe the location in detail (GPS coordinates can be used).

Stop. Contact your State Plant Regulatory Official to set up an appointment for a site inspection and consultation. See the National Plant Board website at <http://www.nationalplantboard.org/> for contact information for your State's Regulatory Official.

6. After the site inspection and consultation, the person named in Block 1 must sign the application.
7. Enter the date the application was completed and signed.

The State Regulatory Official will complete the form and submit it to USDA, APHIS, Plant Protection and Quarantine (full address on bottom of form).
