SECTION 1 — GENERAL INFORMATION

A. Purpose of the Survey — The purpose of this survey is to provide comprehensive and timely information on business financial conditions. Each corporation's response is an important component in the overall assessment of the health of our Nation's economy. The information you provide will be used to prepare national measures of corporate profits and to formulate fiscal and monetary policy.

B. Survey Scope — This survey collects income statement and balance sheet data for domestic corporations that have a plurality of sales activity in manufacturing industries with domestic assets over \$250,000; and corporations with a plurality of sales activity in the mining, retail, or wholesale trade industries and domestic assets over \$50 million.

C. Rules for Consolidation — Fully consolidate the operations of every domestic corporation (including 1120S corporations) that are taxable under the U.S. Internal Revenue Code and are owned more than 50 percent by your company and its majority-owned consolidated subsidiaries. For purposes of this report, domestic operations refer to operations that are within the 50 United States and the District of Columbia. Commonwealths such as Puerto Rico and territories such as the Virgin Islands are not considered domestic.

Nonconsolidated Domestic and Foreign

Operations are domestic corporations primarily engaged in foreign operations (plants or workforces are located in foreign countries); foreign entities (corporate or noncorporate); foreign branch operations; and, subsidiaries created in foreign countries to manufacture and/or sell primarily in foreign markets. These operations are to be reported using the equity method or cost method of accounting.

Do not consolidate domestic corporations primarily engaged in banking, finance, or insurance (as defined in the North American Industry Classification System Sector 52, United States, 1997).

If you have questions regarding the consolidation rules, please call the QFR staff toll-free at (800) 866-4707 or (301) 763-3386.

The questionnaire is due to be returned to the U.S. Census Bureau within 25 days after the end of the period requested.
