WEST SIDE STRATEGIC PLAN

WEST SIDE STRATEGIC PLAN

Adopted by the Albuquerque

City Council

March 17, 1997

A Vision for West Side Albuquerque

The West Side Strategic Plan will:

- ⚙ ***FOCUS** on strategic action, by providing leadership and suggesting changes which utilize specific planning action techniques in a spirit of regional cooperation;*

- ⚙ ***CREATE** a sense of place through communities accessible to all people by building neighborhoods and centers - not anonymous places - and through balancing environmental and economic impacts;*

- ⚙ ***PROTECT** environmental and physical resources, including scenic views, public spaces, and natural features;*

- ⚙ ***PROMOTE** efficient and creative use of land, energy, and capital through growth management, timely services, innovative land use and development techniques, and by encouraging new job development on the West Side; and,*

- ⚙ ***PROVIDE** for a variety of lifestyles, encourage equity of services throughout the metropolitan area, and celebrate diversity of cultures and community character.*
