[68 FR 56130, Sept. 29, 2003]

**§ 58.46 Time delays for exceptional circumstances.**

The responsible entity must make the FONSI available for public comments for 30 days before the recipient files the RROF when:

- (a) There is a considerable interest or controversy concerning the project;
- (b) The proposed project is similar to other projects that normally require the preparation of an EIS; or
- (c) The project is unique and without precedent.

**§ 58.47 Re-evaluation of environmental assessments and other environmental findings.**

(a) A responsible entity must re-evaluate its environmental findings to determine if the original findings are still valid, when:

- (1) The recipient proposes substantial changes in the nature, magnitude or extent of the project, including adding new activities not anticipated in the original scope of the project;
- (2) There are new circumstances and environmental conditions which may affect the project or have a bearing on its impact, such as concealed or unexpected conditions discovered during the implementation of the project or activity which is proposed to be continued; or
- (3) The recipient proposes the selection of an alternative not in the original finding.

(b)(1) If the original findings are still valid but the data or conditions upon which they were based have changed, the responsible entity must affirm the original findings and update its ERR by including this re-evaluation and its determination based on its findings. Under these circumstances, if a FONSI notice has already been published, no further publication of a FONSI notice is required.

(2) If the responsible entity determines that the original findings are no longer valid, it must prepare an EA or an EIS if its evaluation indicates potentially significant impacts.

(3) Where the recipient is not the responsible entity, the recipient must inform the responsible entity promptly of any proposed substantial changes under paragraph (a)(1) of this section, new circumstances or environmental conditions under paragraph (a)(2) of this section, or any proposals to select a different alternative under paragraph (a)(3) of this section, and must then permit the responsible entity to re-evaluate the findings before proceeding.

If the responsible entity adopts an EIS prepared by another agency, the procedure in 40 CFR 1506.3 shall be followed.
