# FLORIDA 2000-2001 WIA ANNUAL REPORT

Toni Jennings, Chairman Curtis Austin, President

December 3, 2001

Ms. Anna Goddard United States Department of Labor Employment & Training Administration Sam Nunn Atlanta Federal Center Room 6M12 12 Forsyth Street, SW Atlanta, GA 30303

Dear Ms. Goddard:

The State of Florida is pleased to submit our Workforce Investment Act (WIA) Annual Report for the 2000-2001 Program Year. The information contained in the annual report has been assembled in accordance with Training and Employment Guidance Letter No. 14-00 of March 5, 2001 and Change 1 to 14-00 dated November 19, 2001.

The federally required WIA annual report as presented is combined with Workforce Florida's state mandated report on all state workforce development strategies.

We would like also to acknowledge and thank our partners at the Florida Agency for Workforce Innovation (AWI), the Florida Education & Training Placement Information Program (FETPIP) of the Florida Department of Education and others for their help in gathering the information needed for this report.

We hope that our report provides all the required information needed by your office. Should you have any questions please contact Richard Meik of our office at (850) 921-1119.

Sincerely,

Curtis C. Austin President

Enclosures

#### Federal Programs: Workforce Investment Act (WIA), Wagner-Peyser and Related Workforce Programs

#### Introduction: Governance and Service Delivery Structures under WIA

As described in the State Workforce Florida Annual Report, Florida's workforce system has been crafted to comprehensively incorporate all workforce-related services, traditional federally funded employment and training, welfare reform, and specialized state-funded programs. The broad structure and details of the primary non-federal programs are provided in the preceding sections. Florida's Workforce Innovation Act was expressly drafted to be compatible with and build upon the provisions of the federal Workforce Investment Act (WIA), and the more traditional workforce programs funded through the U.S. Department of Labor.

The balance of this report provides the performance outcome data and other information required to be reported by federal WIA law covering services and programs funded through WIA, Wagner-Peyser and related programs under the jurisdiction of the U.S. Department of Labor. In Florida the primary roles in WIA-related governance and service delivery are as follows:

- Workforce Investment Board (WIA Section 111): Workforce Florida Inc., (WFI) Governor Jeb Bush, Chairman Toni Jennings, President Curtis Austin
- State-level Administrative/Fiscal Agency (WIA Sections 132, 303, etc.): Agency for Workforce Innovation (AWI), Director Tom McGurk
- Local Workforce Investment Boards (WIA Section 116): Florida's 24 Regional Workforce Boards (RWBs), as shown on the attached map and at http://www.workforceflorida.com/wages/wfi/boards/index.html
- One Stop Delivery System (WIA Section 134): Florida's network of One-Stop Operators and Centers at <a href="http://www2.myflorida.com/awi/contacts/onestopdir.index.htm">http://www2.myflorida.com/awi/contacts/onestopdir.index.htm</a>

#### State Workforce Performance

#### Background

Section 136 of the Federal Workforce Investment Act (WIA) identifies core indicators of performance for the adult, dislocated worker, and youth programs. Fifteen core measures apply to outcomes for the adult, dislocated worker, and youth programs; and two measures of customer satisfaction apply across these three programs, bringing the total number of required measures to seventeen. These measures are as follows (definitions for each can be found in Appendix Table 2 or at <u>http://www.workforceflorida.com/wages/wfi/news/red-green/definitions.doc</u>):

#### Adults

- 1. Entry into unsubsidized employment;
- 2. Retention in unsubsidized employment six months after entry into employment;
- 3. Earnings change six months after entry into employment;
- 4. Credential attainment

#### **Dislocated Worker**

- 5. Entry into unsubsidized employment;
- 6. Retention in unsubsidized employment six months after entry into employment;
- 7. Earnings replacement six months after entry into employment;
- 8. Credential attainment

#### Older Youth (aged 19-21)

- 9. Entry into unsubsidized employment;
- 10. Retention in unsubsidized employment six months after entry into employment;
- 11. Earnings change six months after entry into employment;
- 12. Credential attainment

#### Younger Youth (aged 14-18)

- 13. Attainment of secondary school diplomas and their recognized equivalents;
- 14. Attainment of goals and skills;
- 15. Retention in unsubsidized employment six months after entry into employment;

#### All Programs

- 16. Customer satisfaction for individuals;
- 17. Customer satisfaction for employers.

In accordance with the WIA, each of these measures is broken out into sub-categories to track special populations and target groups. The adult and dislocated worker programs listed above provide three levels of service: Core, Intensive and Training services, while the youth programs provide two levels: assessment and activities beyond assessment. Reports must be compiled detailing each level of service, breaking out special populations within each service level such as Displaced Homemakers, Individuals with Disabilities, Out of School Youth, persons on Public Assistance, etc.

The following table presents the total number of participants and exiters leaving the WIA program during the 2000-2001 Program Year.

Program	Total Participants Served	Total Exiters
Adults	25,408	11,703
Dislocated Workers	15,984	7,036
Older Youth	2,808	1,257
Younger Youth	17,420	6,410

The number of customers served in each program during 2000-2001 increased over the prior year. A total of 61,620 customers were served during the year in all programs as opposed to 42,221 for the preceding year.

#### **Reporting Time Periods**

Federal guidelines require two differing time periods for the 17 WIA core measures. The first reporting period is comprised of three calendar quarters of the 1999-2000 WIA Program Year and the first calendar quarter of the 2000-2001 WIA Program Year – four quarters beginning 10/1/99 and ending 9/30/00. This delayed year is required so that follow-up data from Unemployment Insurance (UI) Wage Reports can be collected on participants six months after exit. Thirteen performance measures (numbers 1 through 12 and 15 on the key above) are reported using this reporting period. Four measures are reported using data from the actual 2000-2001 WIA Program Year – four quarters beginning 7/1/00 and ending 6/30/01. These measures report real-time data elements that do not require a follow-up period. The four measures (note key above) are numbers 13, 14, 16 and 17.

#### **Core Measures**

Pursuant to the Workforce Investment Act, all states submitting a state plan must propose expected levels of performance for each of the seventeen measures, or core measures. Federal guidelines describe core measures as the key measures of success in achieving the legislative goals of WIA. The measures are used to:

- set performance goals at the State and local level;
- ensure comparability of state performance results to maintain objectivity in measuring results for incentive and sanction determinations;
- provide information for system wide reporting and evaluation for program improvement.

The proposed levels of performance are developed with the use of baseline data produced in accordance with federal instructions. As part of the state plan review process, the Secretary of the United States Department of Labor (USDOL) and the Governor must negotiate an agreement on the levels of performance or goals for each core measure.

Data on core measures is collected from Florida's MIS system, UI Wage Records, and from the Wage Record Information System (WRIS). The MIS system gathers exit information on participants, and covers the real-time data elements referenced above. UI Wage records contain

information such as wage and retention information after exit. The WRIS system is a database consisting of 20 states' records for wages and employment, etc. WRIS records supplement Florida's UI data to paint a clearer picture of participant outcomes.

Goals for the core measures were determined by using the results from 1999-2000 WIA Program Year as a baseline. Most notably Florida met or exceeded all but one of the statewide goals negotiated at the beginning of the year. The table on the succeeding page displays Florida's negotiated rate for each of the seventeen required measures along with the actual statewide outcomes achieved:

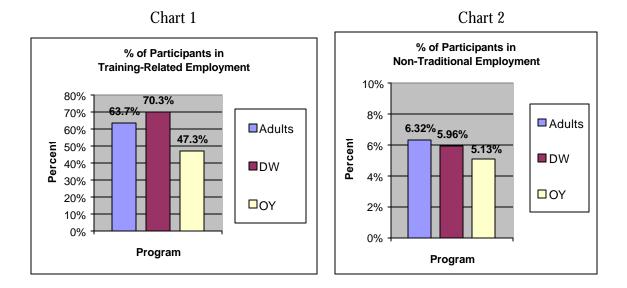

## State WIA Performance Measures

	NEGOTIATED	ACTUAL	
WIA CORE MEASURE	GOAL	PERFORMANCE	DIFFERENCE
Adult Entered Employment	05 000/	07 000/	0.00
Rate	65.00%	65.99%	+0.99
Adult Employment Retention	70.000/	01.010/	0.01
Rate*	79.00%	81.61%	+2.61
Adult Earnings Gain	\$3,300.00	\$4,473.00	+\$1,173.00
Adult Credential Attainment	40.00%	42.53%	+2.53
	11		1
Dislocated Worker Entered	05 000/		10.00
Employment Rate	65.00%	75.83%	+10.83
Dislocated Worker	<u>90.000</u> /	00 610/	.0.01
Employment Retention Rate	80.00%	88.61%	+8.61
Dislocated Worker Earnings Replacement Rate	92.00%	155.53%	+65.53
Dislocated Worker Credential	92.0070	133.3370	+03.33
Attainment	40.00%	51.14%	+11.14
Attainment	40.0070	51.1170	11,11
Older Youth (19-21) Entered			
Employment Rate	65.00%	65.70%	+0.70
Older Youth (19-21)			
<b>Employment Retention Rate</b>	80.00%	78.75%	-1.25
Older Youth (19-21) Earnings			
Gain	\$3,000.00	\$4,119.00	+\$1,119.00
Older Youth (19-21)			
Credential Attainment	30.00%	30.95%	+0.95
V	1		1
Younger Youth (14-18) Skill Attainment Rate	50.00%	80.08%	+30.08
Younger Youth (14-18)	50.00%	<b>0U.Uð</b> %	+30.08
Diploma Attainment Rate	25.00%	41.86%	+16.86
Younger Youth (14-18)	20.0070	11.0070	10.00
Retention Rate	35.00%	55.51%	+20.51
	00.0070	00.01/0	. 20.01
Customer Satisfaction -			
Individuals	64.00	68.69	+4.69
Customer Satisfaction -			
Employers	67.00	76.69	+9.69

As the above table indicates, Florida performed well against the goals set for this year. PY 2000 results also compare favorably with 1999 Program Year outcomes. For example, both Customer Satisfaction measures showed increased performance. Employer Customer Satisfaction rose by 3.5 percentage points, while Participant Satisfaction jumped 9.6 percentage points. Further, the Dislocated Worker Entered Employment Rate rose by 2.9 percentage points and the Dislocated Worker Employment Retention Rate rose by 3.8 percentage points. The most dramatic increase in performance over last year was for the Younger Youth Diploma Attainment Rate, which increased from 22.56% to 41.86%, an increase of over 19 percentage points.

#### Non-Traditional Employment, Training-Related Employment

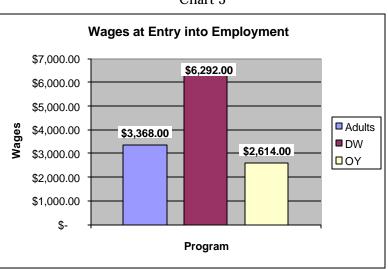

The WIA also mandates that states report on placement of participants in non-traditional employment and training-related employment. Training-related employment is employment in which the individual uses a substantial portion of the skills taught in the training received by the individual. Nontraditional employment is employment in an occupation or field of work for which individuals of the participant's gender comprise less than 25% of the individuals employed in such occupation or field of work. The following graphs provide a brief overview of participants for the Adult, Dislocated Worker (DW) and Older Youth (OY) components.

Since information on these graphs is collected after participants leave the system, data is taken from UI (Unemployment Insurance) Wage Reports. Chart 1 shows that more than 63% of adults are being employed in training-related jobs, while the percentage of dislocated workers finding training-related jobs is even greater. Chart 2 points out that a higher percentage of adults are finding employment in non-traditional employment.

#### Wages at Entry into Employment

The WIA requires that states track participants to determine their wage at entry into employment. Again, Florida uses UI (Unemployment Insurance) Wage Reports to track former participants after exit. Chart 3 (right) displays the earnings that each group - Adults. Dislocated Workers and Older Youth attained after exit. Dislocated Worker earnings are well above Adults earnings, while Older Youth earnings are understandably lower. Dislocated

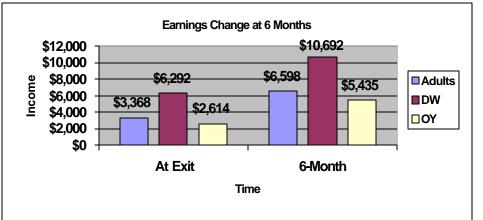

Worker earnings are significantly higher because they already have skills many employers desire.

#### 12-Month Retention and Earnings Change

These measures take a look at individuals who exited more than one year ago, and tracks their retention in unsubsidized employment and the wages they garner in those jobs. Chart 4 (right) displays the trend of individuals as they hold employment over time. Six-month figures are taken from the percentage at exit (for adults, 66% had a job at exit, 81% of those still had a job at 6 months). Since a primary goal of the WIA is to promote self-sufficiency for its participants, income participants after they receive of employment is also tracked (see Chart 5 below).

The Earnings Change/ Earnings Replacement measure uses the same UI data to track former participants after they exit. Figures for earnings are reported by

Chart 4

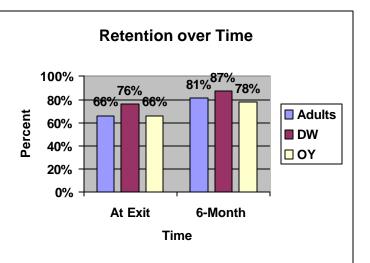

Chart 3

quarter, not annual increments. As Chart 5 indicates, income for each group significantly increased in only six months. This could be explained by the shift from part to full-time, probationary periods, or increased wages. Participant data is not available for hourly wages or amount of time worked, only for total income garnered during the quarter.

#### State-Level Discretionary Funding

The Workforce Florida Board of Directors has dedicated Title I funding to state administration to induce, design, develop, and fund innovative Individual Training Account pilots, demonstrations, and special programs. Of these state level funds, \$2 million was reserved for the Incumbent Worker Training Program. Additionally, the Workforce Florida Board directed funding for operating fiscal, compliance, and management accountability systems through Workforce Florida; conducting evaluation and research on workforce development activities; and providing technical and capacity building assistance to regions.

Disbursement of these funds was handled under two separate conditions. One, through contracts with various vendors to produce analysis data, follow-up reports, or provide demographic economic conditions in the state. Secondly, funds were disbursed through grants to regional workforce boards to provide innovative pilot projects to reach certain targeted populations such as youth, incumbent workers or elders.

All request for proposals included stipulations for leveraging of funds from private business, community-based organizations and/or partnering with area agencies to encourage and produce greatest outcomes for the least funding. In addition, the evaluation process for the RFPs included additional allowance for proposals that specifically address the needs of displaced homemakers, that targeted nontraditional employment or that focused projects within empowerment zones or enterprise zones. As a result of these efforts, Florida has been successful in funding many projects to meet local needs and created many agency and community based partnerships within the state to carry on these activities geared to creating an effective workforce. Various workforce development strategies funded from state-level discretionary funds during the year include:

- \* **Youth Jobs Initiative** provided after school activities for year round youth. Seventeen regions participated in this project.
- \* **Youth Challenge Demonstration** projects offered partnering agencies, businesses, schools, and community based organizations the opportunity to provide one-stop services within schools.
- \* **Summer Youth Awards** provided twelve regions additional support for summer activities.
- \* **General Demonstration Projects** offered direct training of full time placement services for economically disadvantaged persons utilizing individual training accounts. Eight regions participated.

- \* **Elder Employment** grants provided direct training for older workers to obtain employment in occupations identified on the regional targeted occupation lists. Six regions participated.
- \* **Digital TV** grants provided technical job training in the field of digital and high definition TV and corresponding technology. Three regional boards participated.
- \* **University of Florida-Minority Teachers** was designed to train participants in the field of education to assist in meeting the teacher shortage faced by Florida.
- \* **Florida Mediation Academy** provided administration and oversight for the Incumbent Worker Training Program.
- \* **FAMU Entrepreneur Program** assisted in creating jobs in low-income communities by teaching participant the "hows" of entrepreneurialship.
- \* **Florida Community College at Jacksonville-Construction Institute** trained participants in the five aspects of the construction industry.
- \* **Incumbent Worker Program** provided training for workers in danger of losing their jobs and/or in need of new skills for advancement in their jobs.
- \* **Information and Technology** provided training in software and hardware technology. Ten regions participated.
- \* **First Jobs Course Change** project partnered with TANF funding to implement multifaceted innovative programs targeting eligible youth through one-stop centers.
- \* **Tampa Bay Regional** project surveyed and identified changes in occupations in the information technology field.
- \* **Florida Space Research Institute** developed and implemented a pilot aerospace workforce education program designed to support statewide growth of space related commercial and governmental programs.
- \* **Florida Trend** is a publication used to educate employers, as well as citizens, on the one-stop delivery system and how employers and job seekers can benefit through the system.
- \* **Geographic Solutions** works with the Agency for Workforce Innovation and Workforce Florida to establish and communicate a statewide occupational demand listing for occupations of higher value linked to the required/approved training provider lists.

- \* **Department of Education-Florida Education & Training Placement Information Program** combines WIA, Wagner Peyser, and TANF funds to perform follow-up analyses on participants relative to placement and wages.
- \* **Brandt Information Systems** combines funding from WIA, Wagner Peyser, and TANF to deliver customer and employer satisfaction survey and results.

Some of these initiatives were brought forward from the prior fiscal year; many are ongoing and will continue into fiscal year 2001/02, while some have concluded. A complete and more descriptive outline is available in Appendix Table 3.

#### **Rapid Response Funding for Regional Workforce Boards**

The Federal Workforce Investment Act (WIA) of 1998 requires that up to 25 percent of the state's annual Dislocated Worker (DW) allocation be used for rapid response activities to respond to major layoffs and emergency situations. Pursuant to state Workforce Innovation Act of 2000, the expenditure of these rapid response funds is to be carried out in accordance with approved policies by the Agency for Workforce Innovation (AWI) under contract with Workforce Florida, Incorporated (WFI). At the beginning of each program year, the United States Department of Labor awards the state an allocation in DW funds. The state approved allocation for rapid response/dislocated worker assistance consists of funds budgeted for the state DW unit activities with a balance set aside as emergency reserve.

Section 134 (a)(2)(A)(ii) of the Act states that for statewide rapid response activities, a state shall use funds reserved to carry out statewide rapid response activities, which shall include provision of additional assistance to local areas that experience disasters, mass layoffs or plant closings, or other events that precipitate substantial increases in the number of unemployed individuals, carried out in local areas by the state or by an entity designated by the state, working in conjunction with the local boards and the chief elected officials in the local areas.

The Emergency Reserve funds set aside each program year are awarded as supplemental funds to Regional Workforce Boards (RWBs) based on need at the local level. AWI in conjunction with WFI awarded \$4,432,478 in supplemental funds to RWBs to be used during Program Year 2000. These funds were used for core, intensive services and training. Of the \$4,432,478 awarded during PY 2000, \$4,252,076 were expended by the RWBs for the period ending June 30, 2001. Appendix Table 4 provides a project description and shows performance outcomes by region.

#### Local Performance

Upon the completion of the State's negotiation with the USDOL on state performance goals for each of the twelve reportable WIA core measures, the state workforce board conducted negotiations at the state level with each regional workforce board. As a result of this process, expected levels of performance or goals were agreed upon for each region. The following table summarizes outcomes based on these goals. Individual performance tables for each of Florida's twenty-four regions are also attached.

# Regional Program Year 2000-2001 WIA Performance

WIA CORE MEASURE	STATE GOAL	RANGE OF REGIONAL PERFORMANCE	# OF REGIONS ACHIEVING REGIONAL GOAL	% OF REGIONS ACHIEVING GOAL
CUSTOMER SATISFACTION INDIVIDUALS	67.0	70.9 to 85.9	24 of 24	100%
CUSTOMER SATISFACTION EMPLOYERS	64.0	65.3 to 82.7	24 of 24	100%
ADULT ENTERED EMPLOYMENT RATE	65.00%	53.49% to 78.50%	14 of 24	58.33%
ADULT EMPLOYMENT RETENTION RATE	79.00%	62.5% to 91.3%	12 of 24	50.00%
ADULT EARNINGS GAIN	\$3,300	\$2,953 to \$7,394	19 of 24	79.16%
ADULT EMPLOYMENT AND CREDENTIAL RATE	40.00%	23.02% to 62.16%	20 of 24	83.33%
DISLOCATED WORKER ENTERED EMPLOYMENT RATE	65.00%	62.86% to 90.00%	17 of 24	70.83%
DISLOCATED WORKER EMPLOYMENT RETENTION RATE	80.00%	76.47% to 96.77%	20 of 24	83.33%
DISLOCATED WORKER EARNINGS REPLACEMENT RATE	92.00%	90.87% to 307.58%	23 of 24	95.83%
DISLOCATED WORKER EMPLOYMENT AND CREDENTIAL RATE	40.00%	21.32% to 83.83%	19 of 24	79.16%
OLDER YOUTH (19-21) ENTERED EMPLOYMENT RATE	65.00%	0% to 100.00%	14 of 24	58.33%
OLDER YOUTH (19-21) EMPLOYMENT RETENTION RATE	80.00%	25.00% to 100.00%	10 of 24	41.66%
OLDER YOUTH (19-21) EARNINGS GAIN	\$3,000	\$186 to \$8,880	10 of 24	41.66%
OLDER YOUTH CREDENTIAL RATE	30.00%	0% to 100.00%	18 of 24	75.00%
YOUNGER YOUTH (14- 18) SKILL ATTAIMENT RATE	50.00%	61.20% to 99.66%	22 of 24	91.66%
YOUNGER YOUTH (14- 18) DIPLOMA ATTAINMENT RATE	25.00%	0% to 94.76%	14 of 24	58.33%
YOUNGER YOUTH (14- 18) RETENTION RATE	35.00%	0% to 76.67%	21 of 24	87.50%

#### **State Evaluation Activities and Incentive Policy**

#### **Overall Description and Background**

Due to historical practices and state law mandates, Florida has long engaged in extensive program evaluation activities, with a particular emphasis on results, outcomes and longitudinal information. In the workforce realm, much of that evaluation activity has been based on many of the key elements now mandated by WIA, including use of many of the same or similar measures, similar definitions and heavy reliance on use of Unemployment Insurance wage records to verify initial job placement, job retention, and initial and long-tern earnings over time.

#### FETPIP

One of Florida's earliest and most successful innovations in evaluation and performance tracking has been the Florida Education and Training Placement Information Program (FETPIP) established in the mid-80's within the state Department of Education. This program was developed mainly to help evaluate the effectiveness of post-secondary education and training programs, particularly vocational education and similar career preparation programs. The scope of the groups to be tracked rapidly expanded to cover nearly all job training and placement programs including WIA, Wagner-Peyser, Job Corps, Veterans, welfare reform (TANF), Apprenticeship, Unemployment Compensation claimants, ex-offenders, and a total of nearly 200 groups or sub-cohorts being tracked.

The FETPIP follow-up data is electronically derived from Unemployment Compensation (Insurance) quarterly wage records, federal military and civilian personnel records, public assistance, incarceration/parole records, and continued education rosters. Access to this data allows for annual reports with extensive detail and longitudinal capabilities. Each group is typically tracked for at least 2 years, with many tracked over much longer periods, including the "Class of 1991" composed of all graduates (and drop-outs) of high school, certificate programs, and all levels of higher education. Quarterly reports covering employment and public assistance status and outcomes are regularly run and analyzed. For more details on FETPIP, including examples of annual outcome reports, see:

http://www.firn.edu/doe/bin00078/fetpip/fmain.htm.

#### Short Term Measures

A few years ago a "regional outcome matrix" was prepared to display key program outcomes statewide and for each workforce region. This report was designed as a first indicator of program performance to work in conjunction with other administrative short-term reports and longitudinal reports required by state and federal law. Key measures were selected from exit data available through the State's administrative reporting systems. With the implementation of the Workforce Investment Act (WIA), this report was revised to reflect the new WIA measures and the Act's emphasis on program integration through the one-stop system. The revisions and the adoption of new short-term measures were based on the extensive solicitation of input from all parties and the recommendations of two working groups appointed by the Board which represented state and local agencies, the regional workforce boards, and other interested parties.

The "regional outcome matrix," often referred to as the Red and Green Report addresses outcomes for the three major one-stop partner programs in Florida: WIA programs, Wagner-Peyser programs, and the State's TANF/Welfare Transition Program. All short-term measures

outline performance outcomes that can be typically reported within one calendar quarter through the various programs' management information systems. Results from the measures are compiled regionally and compared against other regions and statewide outcomes. Appendix Table 5 contains the 2000-2001 Year-End Performance and a detailed description of the measures included in the Red and Green Report.

Outcomes for each of the measures listed in Appendix Table 5 are reported statewide and by workforce region. Results are compared both by ranking the actual outcomes by region and by comparing each region's outcome versus its local goals.

The following tables show statewide PY 2000 outcomes for each of the short-term measures:

Welfare Entered Employ. Rate (1)	Welfare Initial Employ. Wage Rate (2)	Welfare Return Rate (3)	WIA Adult Enter. Emp. Rate (4)	WIA Adult Enter. Emp. Rate Goal (5)		WIA Adult Wage Rate** (6)	WIA Dislocated Wkr. Enter. Emp. Rate (7)
24.6%	<b>65.8</b> %	<b>14.8</b> %	<b>78.9</b> %	121.5%		<b>87.4</b> %	88.4%
WIA Dislocated Wkr. Enter. Emp Rate Goal (8)	WIA Dislocated Wkr. Wage Rate (9)	WIA Overall Enter Emp. Rate (10)	WIA Youth Goal Attainment Rate (11)	WIA Youth Positive Outcome Rate (12)	WP Entered Emp. Rate (13)	WP Entered Emp. Rate Goal (14)	WP Wage Rate (15)
136.1%	111.9%	81.6%	<b>80.1</b> %	91.3%	<b>29.7</b> %	<b>89.9</b> %	<b>84</b> .5%

PY 2000 Statewide Short-Term Outcomes

WP New Hire Involvement Rate (16)	WP Employer Involvement Rate (17)	UC Benefits Duration (18)	Customer Satisfaction – Individuals (19)	Customer Satisfaction – Individuals as a % of Goal (20)	Customer Satisfaction -Employers (21)	Cust. Sat. – Employers as a % of Goal (22)
13.0%	23.5%	12.83	76.69	114.5%	68.7	107.3%

#### **Regional Review Teams**

Section 445.007(3), of the Florida Statutes mandates that "The Workforce Development Board shall assign staff to meet with each regional workforce development board annually to review the board's performance and to certify that the board is in compliance with applicable state and federal law."

Workforce Florida executive staff made presentations to all 24 regional workforce boards. Preparation for the annual review presentations included evaluating, utilizing and linking all available performance data (including Red and Green short-term exiter measures, longitudinal tier measures, monthly management reports), information and resources. Also incorporated into the review presentations were the outcomes of the site visits jointly conducted by the Agency for Workforce Innovation (AWI) Program Review Unit and Workforce Florida, Inc., (WFI) staff. The AWI team focused on assessing the region's compliance with applicable State and Federal

laws, regulations and policies, where as WFI staff evaluated the regional capacity to implement the Workforce Innovation Act of 2000. Specifically, WFI staff reviewed the extent to which regional boards incorporated the needs of the employer community into strategic planning efforts, operational plans/operational systems, sales and marketing efforts and One-Stop bricks and mortar plans. Presentations to the regional workforce boards included; comparative demographic information reflecting regional poverty and unemployment rates, relative shares of funding to meet those needs (e.g. WIA, Welfare-to-Work, Wagner-Peyser and TANF funds), regional board performance compared to other regions and to prior year and an assessment of how well employer needs had been met.

WFI staff will continue to review performance and partner with the Agency for Workforce Innovation and other appropriate workforce organizations to guide the redesign of capacitybuilding tools and technical assistance programs to support regions as they build regional capacity and continuously improve workforce programs and processes. Validation of those capacity-building tools by WFI staff will ensure their efficacy. This course of action will also make certain that programs and processes implemented by regional workforce boards are consistent in representing the intent and direction of Workforce Florida, Inc.

#### State Longitudinal Measures—"Tier Measures"

State Longitudinal Measures—"Tier Measures" - The Florida Legislature has mandated that the State Workforce Florida Board develop uniform measures and standards to cover all job training, placement, career education and other workforce programs [See Sec. 445.005 (9), Florida Statutes]. Tier 1 measures are broad outcome measures that can be (almost) universally applied to all workforce-related indicators, including entered employment, job retention and earnings at various levels. Tier 2 measures are oriented to logical grouping of programs and/or targeted populations and provide additional measures that are uniquely relevant to that group. These measures include continued education status for youth programs and reduction in public assistance dependency for TANF recipients and other low-income individuals. Tier 3 includes process/output measures including those mandated for federally funded programs. These measures also disaggregate the Tier 1 and 2 measures to sub-state breakouts, some of which are regionally adjusted. Examples of process measures would include caseloads for specific programs or first-payment time-lapse data for Unemployment Compensation. Disaggregated results would include the WIA performance of specific Workforce Regions or the number/percentage of youth who complete teen pregnancy prevention programs in a specific county or region. A summary of the most recent Tier report is included as Appendix Table 6.

#### WIA Incentive Awards

Florida was one of six early implementation states that opted to begin applying the terms of the federal Workforce Investment Act (WIA) on July 1, 1999, a year earlier than the mandated implementation schedule. Among other advantages resulting from early implementation, Florida also became eligible for the first round of Workforce Incentive Awards available under WIA. Earning an award also required submission of a timely WIA annual report to USDOL, furnishing required financial and participant data, and achieving the WIA long-term performance standards negotiated with USDOL. Florida met all those requirements, formally applied for a performance award, and was awarded \$2,645,125, with most of the federal award derived from federal education funds and the balance coming out of WIA federal reserves.

The terms of the federal award require Florida to submit a joint plan for use of the Workforce Incentive Award, with sign-off by the Governor, the Department of Education, Workforce Florida, Inc., and the Agency for Workforce Innovation. The plan first provides that \$1,645,125 will be administered through the Florida Department of Education to build stronger adult education systems throughout Florida, including several internet-based virtual/remote learning systems and greater linkages between one-stop systems and local adult education/literacy programs.

The remaining \$1 million of the Workforce Incentive Award has been earmarked to be used for program and performance improvements for Regions that have performed at the lower levels compared to other Regions. Note that the six regions that performed at the highest quartile levels on the annual performance (Red and Green) reports recently were awarded top performer awards, and will soon be receiving high performance bonus awards out of state-level WIA, TANF and Wagner-Peyser funds. Low performing regions will receive only minimal bonus awards, but can receive the benefit of these controlled performance improvement funds for specific program corrective actions.

Based on the "Red and Green" report for Program/Fiscal Year 2000-2001, seven regions had six or more reported outcomes ranking in the lowest quartile cumulatively compared to all 24 regions. Additional performance data and trendline information is also provided through the "Red and Green" quarterly reports, the annual/quarterly WIA long-term outcomes, the AWI Monthly Management Reports, and local performance data where utilized. Information on local structures, service delivery systems, internal processes and possible compliance/quality issues has been assembled by AWI staff that has been systematically visiting, monitoring and evaluating local performance through its Program Review Teams and Technical Assistance staff, supplemented by data and observations from WFI staff. In order to implement the program/performance improvement plan, the WFI Board directed that:

- 1. AWI through its Program Review Teams and Technical Assistance staff to provide an analysis of performance deficiencies for each of the seven regions, with a specific plan for program/performance improvements, and a budget for implementing the planned improvements.
- 2. The Performance Improvement Plan may take into account any self-assessment or corrective action steps initiated by the affected region, also leveraging local "formula" funds. The plan shall also be based on the findings/results of AWI/WFI staff visits in the last year, with joint approval of the plan by AWI and WFI staff.
- 3. Any training and technical assistance (TAT) needs must be collaboratively planned with Learning Link, particularly identifying training modules that could benefit multiple regions. The plan may provide for payments to Learning Link or any other suitable training provider, and cover costs for AWI or other RWBs to provide technical assistance or peer coaching, but may not simply provide all funds directly to the region for discretionary uses.
- 4. The Performance Improvement Plan for each region may provide for a budget of \$50,000 to \$200,000 for each of the seven regions, with specific budget items tied to specific improvement investments, with defined deliverables, expected quantifiable performance gains, and timelines, including quarterly progress reports to WFI. Total

expenditures are not to exceed \$1 million and the planned improvements are to be completed by the May, 2002 meeting of the WFI Board of Directors.

In addition to the special federal WIA Performance Award funds described above, the WFI Board earmarked a total of \$1,790, 720 in WIA State-Level 15% funds for incentive payments to high performing regions, also setting aside commensurate amounts of Welfare Transition (TANF) and Wagner-Peyser funds for similar incentives. There are separate sets of awards for both short-term and long-term measures, with the total WIA funds equally divided between the two sets. The short term-measures are derived from the "Red and Green" annual report, using the comparative Entered Employment Rates for WIA Adults and Dislocated Workers, along with Customer Satisfaction scores for Individuals and Employers. The long-term measures for WIA incentive payments are derived from the 17 federal WIA measures. Both short-term and long-term award calculations reward both achievement of negotiated goals and performance in the top quartile among the 24 regions.

#### **Cost of Workforce Investment Activities**

#### **Expenditure Levels**

During the 2000-2001 program year, Florida had \$158,271,594 in available funds from all WIA funding sources. Of this amount \$119,547,559 or 75.5%, was expended to carry out state-level and regional activities. Of the \$100,138,023 expended by the State's twenty-four regions, 93.3% went for direct client services. An additional \$16,770,020 in state-level funds was also expended for direct client services. For additional information on expenditures see the WIA Financial Statement included in the Appendix as Table 7 and the Appendix Table N, Cost of Program Activities.

#### **Cost of Program Activities Relative to Effect**

Florida tracks and evaluates the cost of program activities relative to effect in a number or ways. Cost per participant and cost per positive outcome is computed at the state and regional level for the adult, dislocated worker, and youth programs. The overall cost per participant served for all programs was \$1784. The overall cost per positive outcome for exiters from all programs was The positive outcome tracked for the dislocated worker program was entered \$3,952. employment. Positive outcomes for the adult program included entered employment and the successful completion of program activities designed to assist employed workers in upgrading their employment in order to attain a greater degree of self-sufficiency. Florida has placed an emphasis on assisting the under-employed worker. As a result, the number of adult program exiters with positive outcomes included 1,192 employed workers who successfully completed program activities in order to upgrade their employment. Positive outcomes for older youth included entered employment and the attainment of a credential. Positive outcomes for younger youth included entered employment, entrance into postsecondary education, advanced training, apprenticeship or the military, attainment of a youth goal, attainment of a diploma, and remaining in school.

Outcomes were tracked for the exit periods used for the corresponding WIA core measure. Therefore, the exit period used for the adult and dislocated programs was the period from 10/1/99 through 9/30/00 while the period for the youth program was the actual program year from 7/1/00 through 6/30/01. Cost information was also tracked by major level of activity:

core services, intensive services, and training for the adult and dislocated worker programs; and for assessment and for aggregated services beyond assessment for the youth programs.

Statewide data for expenditures and cost per positive outcome is displayed in the table below. Similar data for each of Florida's twenty-four regions are included in the Appendix as Tables 8 through 10.

#### Florida Program Year 2000-2001 WIA Expenditures/Cost Per Positive Outcome

#### ADULT PROGRAM 10/1/99 TO 9/30/00

STATEWIDE TOTALS	AMOUNT	% OF TOTAL	TOTAL SERVED	COST PER PARTICIPANT	TOTAL w. POS. OUTCOMES	COST PER POS. OUTCOME

#### **Use of Individual Training Accounts (ITAs)**

Florida policy places emphasis on the provision of training services. Accordingly, State statute requires the tracking of the number of ITAs awarded and their average value. The statute also requires 50% of WIA pass-through funds for adults and dislocated workers to be allocated to ITAs and ITA-related training expenses. For Program Year 2000-2001, 16,637 ITAs were awarded in the State with an average value of \$2,305. Of \$68,170,655 expended by Florida's

twenty-four regions for the adult and dislocated worker programs during the program year, \$45,299,845 or 66.5% was expended for ITAs and ITA-related activities. A table is attached which displays data related to the award of ITAs and ITA expenditures for the State and each of its regions.

#### Negotiated Performance Measures Summary

## DEFINITIONS FOR WIA CORE PERFORMANCE MEASURES

#### **Customer Satisfaction Measures**

#### Participant Satisfaction

The weighted average of participant ratings on each of the three questions regarding overall satisfaction are reported on a 0-100 point scale. The score is a weighted average, not a percentage.

#### **Employer Satisfaction**

The weighted average of employer ratings on each of the three questions regarding overall satisfaction are reported on a 0-100 point scale. The score is a weighted average, not a percentage.

#### Adult Measures

#### Adult Entered Employment Rate

Of those who are not employed at registration:

Number of adults who have entered employment by the end of the first quarter after exit divided by the number of adults who exist during the quarter.

#### Adult Employment Retention Rate at Six Months

Of those who are employed in the first quarter after exit:

Number of adults who are employed in the third quarter after exit divided by the number of adults who exit during the quarter.

#### Adult Average Earnings Change in Six Months

Of those who are employed in the first quarter after exit:

Total post-program earnings (earnings in quarter 2 + quarter 3 after exit) minus pre-program earnings (earnings in quarter 2 + quarter 3 prior to registration) divided by the number of adults who exit during the quarter.

#### Adult Employment and Credential Rate

Of adults who received training services:

Number of adults who were employed in the first quarter after exit and received a credential by the end of the third quarter after exit divided by the number of adults who exited services during the quarter.

#### Dislocated Worker Measures

#### Dislocated Worker Entered Employment Rate

Number of dislocated workers who have entered employment by the end of the first quarter after exit divided by the number of dislocated workers who exit during the quarter

Dislocated Worker Employment Retention Rate at Six Months Of those who are employed in the first quarter after exit: Number of dislocated workers who are employed in the third quarter after exit divided by the number of dislocated workers who exit during the quarter.

#### Dislocated Worker Earnings Replacement Rate in Six Months

Of those who are employed in the first quarter after exit:

Total post-program earnings (earnings in quarter 2 + quarter 3 after exit) divided by the predislocation earnings (earnings in quarters 2 + quarter 3 prior to dislocation)

#### Dislocated Worker Employment and Credential Rate

Of dislocated workers who received training services:

Number of dislocated workers who were employed in the first quarter after exit and received a credential by the end of the third quarter after exit divided by the number of dislocated workers who exited services during the quarter.

## Older Youth (Age 19-21) Measures

#### Older Youth Entered Employment Rate

Of those who are not employed at registration and who are not enrolled in post-secondary education or advanced training in the first quarter after exit:

Number of older youth who have entered employment by the end of the first quarter after exit divided by the number of older youth who exit during the quarter.

#### Older Youth Employment Retention Rate at Six Months

Of those who are employed in the first quarter after exit and who are not enrolled in post-secondary education or advanced training in the third quarter after exit:

Number of older youth who are employed in third quarter after exit divided by the number of older youth who exit during the quarter.

## Older Youth Average Earnings Change in Six Months

Of those who are employed in the first quarter after exit and who are not enrolled in post-secondary education or advanced training in the third quarter after exit:

Total post-program earnings (earnings in quarter 2 + quarter 3 after exit) minus pre-program earnings (earnings in quarter 2 + quarter 3 prior to registration) divided by the number of older youth who exit during the quarter.

## Older Youth Credential Rate

Number of older youth who are in employment, post-secondary education, or advanced training in the first quarter after exit and received a credential by the end of the third quarter after exit divided by the number of older youth who exit during the quarter.

## Younger Youth (Age 14-18) Measures

## Younger Youth Skill Attainment Rate

Of all in-school youth and any out-of-school youth assessed to be in need of basic skills, work readiness skills, and/or occupational skills:

Total number of basic skills goals attained by younger youth plus number of work readiness skills goals attained by younger youth plus number of occupational skills goals attained by younger youth divided by the total number of basic skills goals plus the number of work readiness skills plus the number of occupational skills goals set.

#### Younger Youth Diploma or Equivalent Attainment

Of those who register without a diploma or equivalent:

Number of younger youth who attained secondary school diploma or equivalent by the end of the first quarter after exit divided by the number of younger youth who exit during the quarter (except those still in secondary school at exit)

#### Younger Youth Retention Rate

Number of younger youth found in one of the following categories in the third quarter following exit:

\_post secondary education \_advanced training \_employment \_military service \_qualified apprenticeships

divided by the number of younger youth who exit during the quarter (except those still in secondary school at exit).

Project	Time Period	Purpose	Performance Required	Performance Achieved
Youth Jobs Initiative	10/1/00 - 6/30/01	After school activities for year round youth program. 17 Regional Workforce Boards participated	1000 participants to be served	586 Served Total on Board 346 Terminated 240
Youth Challenge Demonstration Projects	6/2/00 - 6/30/01	For partnering with agencies, schools, CBOs, employers to establish one-stop services for youth. 5 Regional Workforce Boards participated	455 participants to be served	397 Served Total on Board 319 Terminated 78
Summer Youth Awards	6/22/00 – 9/30/00	Summer jobs for eligible youth. 12 Regional Workforce Boards participated	455 participants to be served	610 Served Total on Board 390 Terminated 220
General Demonstration Projects	6/2/00- 6/30/01	Direct training of full-time placement services for economically disadvantaged persons utilizing ITA's. 8 Regional Workforce Boards participated	1427 Participants to be served	2559 Served Total on Board 1084 Terminated 1475
Elder Employment Grants	7/1/00 – 6/30/01	Direct training for older workers to obtain employment in occupations that are on the targeted occupation list for a given region. 6 Regional Workforce Boards participated	273 to be served	323 Served Total on Board 91 Terminated 232
Digital TV Grants	7/1/00 - 6/30/01	Technical job training related to digital and high definition TV and the corresponding technology. 3 Regional Workforce Boards participated	108 to be served	61 Served Total on Board 38 Terminated 23
UF (Minority Teachers)	1/1/00 - 6/30/01	Train participants in the field of education to provide Florida more Teachers	Core and Intensive Training with the end result being a scholarship	48 Served Total on Board 47 Terminated 1
Florida Mediation Academy	9/1/99 – 9/30/00	Provide administration and oversight for the Incumbent Worker Training Program	Various deliverables; marketing package, program design report, legislative report and contract with employers for training of employees	1722 Served Total on Board 41 Terminated 1681
FAMU (Entrepreneur Program)	12/14/99 	Create jobs in low-income communities by teaching participants to become entrepreneurs	Enroll, train, completion and employment of participants as entrepreneurs	312 Served Total on Board 2 Terminated 310

## STATE 15% SET-ASIDE PROJECTS

Project	Time Period	Purpose	Performance Required	Performance Achieved
FCCJ (Construction Institute)	12/15/99  12/31/01	Establishment of the institutes of applied technology in the construction industry. Development curriculum and train participants in five aspects of the contraction industry	Various deliverables, such as competency based curricula for each occupational program and marketing report and the enrollment of 50 participants	71 Served Total on Board 70 Terminated 1
Incumbent Worker Program	7/1/00 - 6/30/01	Training for workers in danger of losing their jobs and/or need new skills to advance	New program and no goals were set	85 Employer contracts 6266 Participants trained
Information and Technology	11/00 - 3/01	High skill job training in software and hardware technology in the Information Technology Industry	Ten region received grants to train a total of 1000 participants	1481 Served Total on Board 844 Terminated 637
First Jobs Course Change	5/17/01 – 6/30/02	To implement multi-faceted innovative programs targeting eligible youth through one-stop centers. 20 Regional Workforce Boards participated	Programs design and application for support programs for youth such as mentoring, job coaching and counseling	Performance is being carried- forward into new program year
Tampa Bay Regional	10/20/00 - 6/30/01	Identify changes in occupations in Information Technology	Eight deliverables with a fixed unit price for each	All deliverables were met
Florida Space Research Institute (NASA)	6/11/01 - 6/30/02	Develop and implementation of a pilot aerospace "Advanced Learning Environment" workforce education program that supports state-wide growth of space related commercial and governmental programs	Various deliverables in space industry occupations (two phases)	Parts of phase one have been achieved
Florida Trend	11/01/01	To educate employers and the public on the one-stop delivery system and how employer and job seekers can benefit from the system.	Series of one-page ads on workforce issues published in the Florida Trend	Products were satisfactorily delivered
Geographic Solutions	1/1/01 - 12/31/01	To work with WFI and AWI to establish and communicate, via a web site, a statewide occupational demand listing for occupations of higher value	Various deliverables associated with the end product of a state-wide targeted occupations list	All deliverables were met
DOE (FETPIP)	10/1/00 - 6/30/01	To receive follow-up status on participants in the various funding streams relative to placement and wages	Various deliverables associated with placement data	All deliverables were met

## STATE 15% SET-ASIDE PROJECTS (Continued)

Project	Time Period	Purpose	Achievements			
Florida Coast Paper Company (FCPC) Apalachicola Northern Railroad Waste-Water Treatment Plant Materials Transfer, Inc.	8/30/99 – 12/31/01	Provided employment and training assistance to individuals dislocated from the Apalachicola Northern Railroad, Waste-Water Treatment Plant, Material Transfer, Inc., and Florida Coast Paper Company.	230 participants enrolled; 220 participant enrolled in classroom training; 10 participants enrolled in OJT; 170 participants enrolled in Basic Readjustment Services; and 184 entered employment.			
Vanity Fair and Garment Workers	11/19/99 - 3/31/00	The project provided employment and training assistance to trade-impacted worker from Russell Corporation, Vanity Fair, and Starke Uniform	660 participant enrolled; 170 participant terminations; and 134 participant entered employment.			
Hurricane Irene	11/17/99 - 1/31/00	Provide temporary jobs assistance to the individuals dislocated as a result of the damages caused by Hurricane Irene. These funds were used to provide assistance to affected Migrant and Seasonal Farm Workers and other dislocated workers to assist in disaster relief and restoration activities. Services were provided in Brevard, Indian River, Martin, Okeechobee, St. Lucie, Palm Beach, Broward, Dade, and Monroe Counties.	The performance requirements include the creation of 200 temporary jobs in public and private non-profit agencies to assist in the cleanup and restoration efforts for the impacted counties. The temporary jobs consist of construction helpers, laborers, truck drivers, construction equipment operators, and other required personnel to assist in supporting cleanup and restoration activities.			
Escarosa Regional Workforce Development Board, Inc. (RWB 1)	9/12/00 – 6/30/01	To provide supplemental funding to the RWB 1 to for employment and training services to the affected workers of First Data Corporation, Magnolia Nursing Home, and Delchamps.	Enrollment 350 Placement 160 Still on board: 182			
Okaloosa-Walton Jobs and Education Partnership, Inc. (RWB 2)	9/12/00 - 6/30/01	To provide supplemental funding to the RWB 2 for employment and training services to the affected workers of Russell Corporation	Enrollment 275 Placement 91 Still on board 184			
Chipola Regional Workforce Development Board (RWB 3)	12/15/00 - 6/30/01	To provide supplemental funding to the RWB for employment and training services to the affected state employees of the Division of Correction, Chipola Community College and other state workers.	Enrollment 14 Placement 1 Still on board 13			

#### **RAPID RESPONSE PROJECTS**

Project	Time Period	Ригроѕе	Achievements
Gulf Coast Workforce Development Board (RWB 4)	2/7/01 – 6/30/01	To provide supplemental funding to the RWB 4 for employment and training services to the affected workers of Grolier Telemarketing.	Enrollment 45 Placement 1 Still on board 7
North Florida Workforce Development Board (RWB 6)	3/22/01- 6/30/01	To provide in supplemental funding to the RWB 6 to provide employment and training services to the affected workers of PCS Phosphate	Enrollment 46 Placement: 7 Still on board: 46
Florida Crown Workforce Development Board, Inc. (RWB 7)	1/31/01– 6/30/01	To provide RWB 7 supplemental funding to provide employment and training services to the affected workers of PCS Phosphate, Timco and Moltech.	Enrollment 120 Placement 68 Still on board 63
First Coast Workforce Development, Inc. (RWB 8)	9/12/00 	To provide supplemental funding to the RWB 8 to provide employment and training services to the affected workers of Aetna Insurance, US Census, Website Pros, Pitney Insurance, Merrell Lynch, and International Paper.	Enrollment 822 Placement 390 Still on board 400
Alachua/Bradford Jobs and Education Partnership (RWB 9)	5/15/01 	To provide supplemental funding to the RWB 9 to provide employment and training services to the affected workers of Moltech.	Plan Enrollment 89 Placement 2 Still on board 89
Brevard Workforce Development Board (RWB 13)	12/31/01 	To provide supplemental funding to the RWB 13 to provide employment and training services to the affected workers of such companies as Computer Science Raytheon, Premier Cruise Line, etc.	Enrollment 58 Placement 29 Still on board 29
Broward Workforce Development Board (RWB 22)	9/12/01 	To provide supplemental funding to the RWB 22 to provide employment and training services to the affected workers of NAL Acceptance Corporation, Hyde Park Supermarket, Magellan Specialty Health, and Division of Motor Vehicles.	Total served 197

# RAPID RESPONSE PROJECTS (Continued)

#### **RED GREEN REPORT DEFINITIONS**

- 1. **WELFARE ENTERED EMPLOYMENT RATE** The percentage of closed TANF cases that were closed due to earned income. The numerator is the sum of cases that received TANF during the report period that were closed due to earned income. The denominator is the sum of the cases that received TANF during the report period.
- 2. WELFARE TRANSITION ENTERED EMPLOYMENT WAGE RATE The average welfare transition program hourly wage at entry into employment expressed as a percentage of the regionally adjusted Lower Living Standard Income Level (LLSIL) for a family of three. Regional adjustments are based on the Florida Price Level Index. (Source: AWI, Office of Workforce Information Services, Labor Market Statistics)
- 3. **WELFARE RETURN RATE** Return TANF cases that were previously closed due to earnings expressed as a percentage of new cases. The numerator is the sum of cases that begin receiving TANF during the report period that were previously closed due to earned income. The denominator is the sum of all cases that begin receiving TANF during the report period.
- 4. **WIA ADULT ENTERED EMPLOYMENT RATE** Applies the WIA core measure for entered employment at exit. Of those adults unemployed at registration, the percentage employed at exit.
- 5. **WIA ADULT ENTERED EMPLOYMENT RATE GOAL** The WIA Adult Entered Employment Rate expressed as a percentage of the region's negotiated goal.
- 6. **WIA ADULT ENTERED EMPLOYMENT WAGE RATE** The average adult hourly wage at entry into employment expressed as a percentage of the regionally adjusted Lower Living Standard Income Level (LLSIL) for a family of three. Regional adjustments are based on the Florida Price Level Index. (Source: AWI, Office of Workforce Information Services, Labor Market Statistics)
- 7. **WIA DISLOCATED WORKER ENTERED EMPLOYMENT RATE** Applies the WIA core measure for entered employment at exit. The percentage of all dislocated workers employed at exit.
- 8. **WIA DISLOCATED WORKER ENTERED EMPLOYMENT RATE GOAL** The WIA Dislocated Worker Entered Employment Rate expressed as a percentage of the region's negotiated goal.
- 9. **WIA DISLOCATED WORKER ENTERED EMPLOYMENT WAGE RATE** The average dislocated worker hourly wage at exit expressed as a percentage of the regionally adjusted Lower Living Standard Income Level (LLSIL) for a family of three. Regional adjustments are based on the Florida Price Level Index. (Source: AWI, Office of Workforce Information Services, Labor Market Statistics)
- 10. **WIA OVERALL EMPLOYMENT RATE INCLUSIVE OF EMPLOYED WORKERS** - The percentage of the total number of WIA adults, dislocated workers, and older youth employed at exit inclusive of those employed at registration.

## **RED GREEN REPORT DEFINITIONS (Continued)**

- 11. **WIA YOUTH GOAL ATTAINMENT RATE** The number of goals attained by youth 14-18 as percentage of goals due to be attained for three categories of younger youth goals: basic skills, work readiness, and occupational skills. This measure is the same as the federal WIA core indicator.
- 12. **WIA YOUTH POSITIVE OUTCOME RATE** The percent of youth exiters 14-18 with positive outcomes. Expresses the number of younger youth participants who enter employment, the military, apprenticeship programs, post-secondary education, and/or stay in secondary education or receive a diploma as a percentage of all younger youth exiters
- 13. **WAGNER-PEYSER ENTERED EMPLOYMENT RATE** Based on data entered into the AWI MIS system and data reported by the Department of Revenue monthly New Hire Report, the percentage of Wagner-Peyser applicants who enter employment. The total entering employment includes all applicants placed as a result of a job referral, those who obtained employment after the receipt of a "prerequisite service", and those who went to work after having received a "reportable service".
- 14. **WAGNER-PEYSER ENTERED EMPLOYMENT RATE GOAL** The Wagner-Peyser Entered Employment Rate expressed as a percentage of the region's goal.
- 15. **WAGNER-PEYSER ENTERED EMPLOYMENT WAGE RATE** The average Wagner-Peyser hourly wage at exit expressed as a percentage of the regionally adjusted Lower Living Standard Income Level (LLSIL) for a family of three. Regional adjustments are based on the Florida Price Level Index. (Source: AWI, Office of Workforce Information Services, Labor Market Statistics)
- 16. **WAGNER-PEYSER NEW HIRE INVOLVEMENT RATE** The total Wagner-Peyser entered employment expressed as a percentage of the total new hires reported by the Department of Revenue monthly New Hire Report.
- 17. **WAGNER-PEYSER EMPLOYER INVOLVEMENT RATE** The total number of employers receiving Wagner-Peyser services expressed as a percentage of the total number of employers reporting new hires in the Department of Revenue monthly New Hire Report.
- 18. **UNEMPLOYMENT COMPENSATION BENEFIT DURATION** Average duration of benefits calculated by dividing the total weeks paid by the number of Unemployment Compensation recipients.
- 19. **CUSTOMER SATISFACTION INDIVIDUALS** Based on a monthly telephone survey, the weighted average of participant ratings on each of three federally mandated questions regarding overall satisfaction and reported on a 0–100 point scale. The methodology is that currently required under WIA and conducted in Florida by Brandt Information Services, Inc. under contract with WFI.
- 20. **CUSTOMER SATISFACTION INDIVIDUALS AS A % OF GOAL** The weighted average of participant ratings on each of three federally mandated questions regarding overall satisfaction expressed as a percentage of the region's negotiated goal.

#### **RED GREEN REPORT DEFINITIONS (Continued)**

- 21. **CUSTOMER SATISFACTION EMPLOYERS** Based on a monthly telephone survey, the weighted average of employer ratings on each of three federally mandated questions regarding overall satisfaction and reported on a 0-100 point scale. The methodology is that currently required under WIA and conducted in Florida by Brandt Information Services, Inc. under contract with WFI.
- 22. **CUSTOMER SATISFACTION EMPLOYERS AS A % OF GOAL** The weighted average of employer ratings on each of three federally mandated questions regarding overall satisfaction expressed as a percentage of the region's negotiated goal.

## Workforce Florida's

## ANNUAL PERFORMANCE REPORT ON FLORIDA'S WORKFORCE DEVELOPMENT SYSTEM

## **Uniform Performance Measures in Three Tiers**

With the passage of the ground-breaking Workforce Florida Act of 1996, the establishment of a standardized process with uniform measures and standards to gauge the performance of the State's workforce development strategy have been required. This mandate was reiterated in 1999 amendments to Section 288.9952 (9), of the Florida Statutes, and again with the adoption of the Workforce Innovation Act of 2000. As one of the several evaluation methodologies employed by Workforce Florida in its review of the state's workforce systems, the review and evaluation of these uniform standards and measures provides critical information concerning the numerous workforce training programs in operation throughout the state.

## **Development of Uniform Standards and Measures**

During 1996-1997, the State Workforce Development Board staff convened a large and diverse working group to develop recommendations on Tier 1 and Tier 2 measures as mandated by the legislation. The working group included representatives of the following agencies and organizations: the Department of Labor and Employment Security (DLES), the Department of Education (DOE), the Department of Children and Families, the Office of Program Policy Analysis and Government Accountability (OPPAGA), the Commission on Government Accountability to the People, Florida TaxWatch, the Center for Needs Assessment and Planning at Florida State University, the Florida Education and Training Placement Information Program (FETPIP), and the University of Florida Bureau of Economic and Business Research. The working group ultimately proposed measures that

- 1) were based on existing data arrangements and systems, and
- 2) utilized FETPIP's annual data collection for measures dealing with employment, earnings, continuing education, and welfare participation.

In November 1998, the State Workforce Development Board adopted the measures developed and recommended by the working group up to that time.

The 1999 Florida Legislature passed legislation amending the Workforce Florida Act of 1996 including the original provisions relating to the development of tiered performance measures. The amendments required the development of some additional measures and the production of an annual report on the performance of Florida's workforce development system, as reflected in the three-tier measurement system. Additional modifications to the three tier reporting system were required with the passage of Senate Bill 1566 in 1999, which shifted the emphasis to the current strategies, including First Jobs/First Wages, Better

Jobs/Better Wages, and High Skills/High Wages. These reporting requirements were retained in the Workforce Innovation Act of 2000, which created the new state board, or Workforce Florida, Inc.

#### 2001 Annual Performance Report

The 2001 Annual Performance Report was compiled by the Florida Department of Education's FETPIP Office at the request of Workforce Florida. Performances are reported for eight uniform measures previously adopted by the predecessor State Workforce Development Board. Findings for the eight measures are reported at the Tier 1 systemwide, Tier 2 strategy/initiative level, and the Tier 3 individual program levels.

The eight measures against which performance is reported include the following:

- 1. Initial employment or those who exited/completed workforce programs and were found employed expressed as a percentage of the total number of those exiting/completing programs
- 2. Earnings or Wage Levels expressed as the percentage of those found employed at each of four full-time earnings or wage levels listed below:
  - Level 0 those earning below minimum wage of \$5.15/hour or \$2,678 quarterly
  - Level 1 those earning at least minimum wage of \$5.15/hour but less than \$7.50/hour (from \$2,678 quarterly to \$3,900 quarterly)
  - Level 2 those earning at least \$7.50/hour but less than \$9.00/hour (from \$3,900 quarterly to \$4,680 quarterly)
  - Level 3 those earning \$9.00/hour and greater (\$4,680 or more quarterly)
- 3. Continued Employment expressed as a percentage of those found employed at followup the year following program exit or completion
- 4. Initial Earnings expressed as the average quarterly amount earned for those found employed the year after program exit/completion
- 5. Earnings Growth expressed as the amount of gain or loss in average quarterly earnings as compared to the average initial earnings
- 6. Public Assistance or those who exited/completed workforce programs and were found to be receiving public assistance expressed as a percentage of the total number of those exiting/completing programs
- 7. Continued Public Assistance expressed as a percentage of those found to be receiving public assistance the year after program exit/completion

8. Continuing Education or those who exited/completed workforce programs and were found to be in any education or training program expressed as a percentage of the total number of those exiting/completing programs

The accompanying three-tier reports are constructed to conform to the requirements in Section 445.004(9), Florida Statutes. Since this is the second year in which data is available in the manner prescribed in law for the three council designations, two separate reports are included. The first report provides Fall 2000 outcomes for the 1998-99 Cohort compared to the initial base-line data captured in the Fall 1999, or simply a second year's look at the initial data captured during Fall 1999. Since data is available for two years within this cohort, a comparison of the number of individuals remaining employed, their change in quarterly earnings, and the change in the percentage of individuals continuing on Public Assistance can be derived. One should note that the Fall 1999 outcomes as reported in the prior year's Three Tier Report submitted in December 2000 may have changed due to the inclusion of data and outcomes from additional programs which were not previously available. Additionally, since each cohort is tracked on a yearly basis, the second year data review provides insight into trends occurring within that particular cohort of individuals.

The second report grouping included as a part of the Three Tier Report submission provides initial Fall 2000 findings for the 1999-00 Cohort. This report provides a first look at individuals entering employment for the first time during Fall 2000.

Within each Cohort report, breakouts are provided for each of the required tiers, including:

TIER 1 – System, or state-wide total unduplicated outcomes for all components and initiatives

TIER 2 – Total outcomes for each of the three initiatives or strategies, unduplicated within each strategy, including First Jobs/First Wages, Better Jobs/Better Wages, and High Skills/High Wages

TIER 3 – Total outcomes for all programs within each of the defined Tier 2 strategies, unduplicated within each program. Each program has been identified within the most logical grouping.

It should be noted that each tier is a product of the outcomes reflected in the tier below, for instance, Tier 1 outcomes reflect a consolidation of Tier 2. However, as noted within the report descriptors, Tier 1 outcomes will be less than the sum of the strategies or initiatives in Tier 2 since Tier 1 is an unduplicated report by social security number within each initiative. Likewise, the consolidated Tier 2 outcomes report reflects an unduplicated count of outcomes reflected in each of the programs found in Tier 3. Graphically, this may be displayed as follows:

TIER 1 Unduplicated System-Wide Outcomes								
TIER 2 Unduplicated Count of the Three Initiatives/Strategies								
First Jobs/First Wages         Better Jobs/Better Wages         High Skills/High Wages								
TIER 3								
Und	luplicated Count of All Progr	ams						
District Adult General Education WIA - Older Youth WIA Younger Youth 401 Ex-Offender Programs Placed Dropout Prevention Public High School Dropouts Public High School Graduates Jobs for Florida's Graduates District Secondary Vocational Completers	401 Ex-Offender Programs Registered WAGES – Jobs – all Wagner Peyser – Registrations WIA – Adults WIA – Older Workers Blind Services Vocational Rehabilitation Closures Food Stamp Education & Training – Rec'd Orientation Food Stamp Education & Training – Placed TANF Adult Migrant Education Quick Response – District Florida Job Corps	Quick Response Florida Community Colleges State University System - Bachelors WIA – Dislocated Workers Apprentice Programs Incumbent Worker Programs Community College Associate of Science Programs* Community College Post- secondary Adult Voc.* Community College Credit Certificate Programs* District Post-secondary Adult Vocational Programs* *Includes only Targeted Occupational						

Specific programs reflected within the 1998-99 Cohort are slightly different from the above list due to the consolidation and merger during 1999-00 of some smaller programs.

#### **PERFORMANCE OUTCOMES**

#### **TIER 1 Performance Outcomes**

#### Comparison of 98-99 Cohort to 99-00 -

A comparison of these two cohorts can be made based upon the general assumption that each cohort represents a similarly structured universe of individuals for each of the years in question. In making this comparison, several positive trends (with numbers bolded) can be discerned -

- 1) The percentage of individuals entering employment for the first time into the higher wage lever (level 3) increased by almost a full percent, or .8%;
- 2) Initial Average Quarterly Earnings increased by \$118;
- 3) The percentage of individuals continuing in educational programs increased from 8.92% to 11.37%, or a difference of **2.45%.**

Other measures for these two cohorts as reflected in the following table reflect negative trends, such as the increased percentage of individuals found on public assistance and the decline in the percentage of individuals found employed.

Measure	98-99 Cohort Fall 99 Findings	99-00 Cohort Fall 00 Findings	Difference
% Employed	48.41%	44.53%	- 3.88%
Earnings Levels – Level 0 Level 1 Level 2 Level 3	41.30% 16.34% 8.99% <b>33.36%</b>	40.75% 16.17% 8.90% <b>34.16%</b>	55% 17% 09% <b>+ .80%</b>
Initial Avg Qtrły Earnings	\$4,030	<b>\$4,148</b>	+ \$118
% on Public Assistance	25.10%	26.74%	+ 1.64%
% Continuing Education	8.92%	11.37%	+ 2.45%

In contrast however, a review of the changes within the 1998-99 cohort Fall 2000 Findings shows a relatively stable percentage of individuals employed (48.74% in Fall 1999 and 47.11% in Fall 2000), a sharp increase in the earnings growth (\$512, or +12.6% increase over Fall 1999), and a decline in the percentage of individuals remaining on public assistance (from 24.81% to 21.58%, or a 13% reduction).

#### **TIER 2 Performance Outcomes**

#### Comparison of 98-99 Cohort to 99-00 -

As required within Section 445.004(9), Florida Statutes, the Three Tier report provides detailed report breakouts for each of the three initiatives, or strategies, including First Jobs/First Wages, Better Jobs/Better Wages, and High Skills/High Wages. A discussion of trends found in comparing the 1998-99 and 1999-00 Cohorts for each of these strategies follows.

#### First Jobs/First Wages:

The following table reflects several positive trends for the First Jobs/First Wages strategy, each bolded for clarity. This comparison attempts to show the differences occurring from the initial cohort from Fall 1999 to the first look for the Fall 2000 cohort. Of particular interest is the dramatic shifts occurring within the Earnings Levels, shifts away from lower paying levels 0-2 to the much higher level 3. This represents a major improvement, even within a one-year block of time, in the outcomes of these programs. Other dramatic positive trends include the substantial increase of 26% (from \$2,047 to \$2,581) in initial average quarterly wage earnings, and the 28% reduction in the percentage of people found on public assistance (9.29% down to 6.68%).

Measure	98-99 Cohort Fall 99 Findings	99-00 Cohort Fall 00 Findings	Difference
% Employed	53.64%	51.91%	- 1.73%

Earnings Levels –			
Level 0	<b>71.00</b> %	<b>60.65</b> %	- <b>10.35</b> %
Level 1	<b>17.00%</b>	<b>18.37%</b>	+ 1.37%
Level 2	<b>5.68</b> %	<b>7.64</b> %	+ <b>1.96</b> %
Level 3	6.29%	13.32%	+ 7.03%
Initial Avg Qtrły Earnings	\$2,047	\$2,581	+ \$ 534
% on Public Assistance	9.29%	6.68%	- 2.61%
% Continuing Education	33.41%	30.73%	- 2.68%

#### **Better Jobs/Better Wages:**

Results within the Better Jobs/Better Wages strategy were not nearly as dramatic as those found within First Jobs/First Wages. On a much smaller scale than First Jobs/First Wages, the same shifts in Earnings Levels can be seen within this strategy. However, one should note that the initial average quarterly earnings within this strategy are twice the amounts found in First/First, so it is not surprising that the change between the two cohorts was not as large.

Measure	98-99 Cohort Fall 99 Findings	99-00 Cohort Fall 00 Findings	Difference
% Employed	46.91%	41.36%	- 5.55%
Earnings Levels – Level 0 Level 1 Level 2 Level 3	38.93% 16.75% 9.62% <b>34.70%</b>	38.62% 16.59% 9.56% <b>35.20%</b>	31% 16% 06% <b>+ .50%</b>
Initial Avg Qtrły Earnings	\$4,118	\$4,219	+ \$101
% on Public Assistance	28.45%	33.38%	+ 4.93%
% Continuing Education	5.07%	6.04%	+ <b>.97</b> %

#### High Skills/High Wage:

Even more dramatic than the trends seen in First Jobs/First Wages, are the results found in the High Skill/High Wage strategy. Every measure within this initiative shows a positive trend –

- the number found employed increased by .52%,
- the changes in earnings levels reflect the shift from lower wages towards Level 3 wages, which increased 3.86% points,
- the percentage of individuals found on public assistance declined, and
- the percentage of individuals continuing education increased by 2.71% points.

These positive outcomes are exactly what one would want to see from all workforce development programs.

Measure	98-99 Cohort Fall 99 Findings	99-00 Cohort Fall 00 Findings	Difference
% Employed	<b>70.62</b> %	71.14%	+ .52%
Earnings Levels – Level 0 Level 1 Level 2 Level 3	16.23% 9.43% 7.54% 66.79%	14.53% 8.34% 6.97% 70.15%	- 1.70% - 1.09% 57% + 3.86%
Initial Avg Qtrły Earnings	\$6,473	\$6,859	+ \$ 386
% on Public Assistance	2.69%	2.03%	66%
% Continuing Education	21.04%	23.75%	+ 2.71%

#### **TIER 3 Performance Outcomes**

#### Comparison of 98-99 Cohort to 99-00 -

Similar comparisons can be made for the individual Tier 3 programs as was made for Tier 1 and 2. Because of the variety of programs included as a part of Tier 3, some performed better than others. Of particular interest are the programs included in High Skills/High Wages strategy and the positive results within most, if not all, of those individual programs. Apprenticeship, Community College Associate of Science, Post Secondary Vocational, and Vocational Certificate programs, along with University system bachelor programs reflect the highest initial average earnings levels and highest earnings growth patterns.

\* Positive Outcomes for Older Youth include entered employment and credential attainment. Positive Outcomes for Younger Youth include entered employment; entrance into posecondary education, advanced training, apprenticeship, or the military; remaining in school; attainment of a youth goal; and attainment of a diploma.

\*\* "Beyond Assessment" designates all services other than objective assessment. All youth who receive any services must receive assessment.

#### PROGRAM YEAR 2000-2001 WIA EXPENDITURES/COST PER POSITIVE OUTCOME\* YOUTH PROGRAM - 7/1/00 TO 6/30/01

\* Positive Outcomes for Older Youth include entered employment and credential attainment. Positive Outcomes for Younger Youth include entered employment; entrance into posecondary education, advanced training, apprenticeship, or the military; remaining in school; attainment of a youth goal; and attainment of a diploma.

\*\* "Beyond Assessment" designates all services other than objective assessment. All youth who receive any services must receive assessment.

#### PROGRAM YEAR 2000-2001 WIA EXPENDITURES/COST PER POSITIVE OUTCOME\* YOUTH PROGRAM - 7/1/00 TO 6/30/01
