

Weathering Disasters

NWS 2007 DES Workshop

Following are additional resources or links to presentations given at the workshop.
Contact your local WCM for further information.

CoCoRaHS (Community Collaborative Rain, Hail and Snow) Montana webpage: (Click on Montana)

<http://www.cocorahs.org/>

Lightning in Montana: Ron Holle from Vaisala

<http://www.wrh.noaa.gov/ggw/des/lightning.pdf>

Natural Hazards Center Weblink (Dr. Jeannette Sutton, Research Associate)

<http://www.colorado.edu/hazards/>

King County EM Webpage (Eric Holdeman, EM Director):

<http://www.metrokc.gov/prepare/default.aspx>

Eric's Corner Listserv Subscription:

http://www.metrokc.gov/prepare/emergencyinfo/eric_corner_subscription.aspx

Winter Weather Related Deaths (US, Colorado and Montana Statistics) presentation given by Tanja Fransen

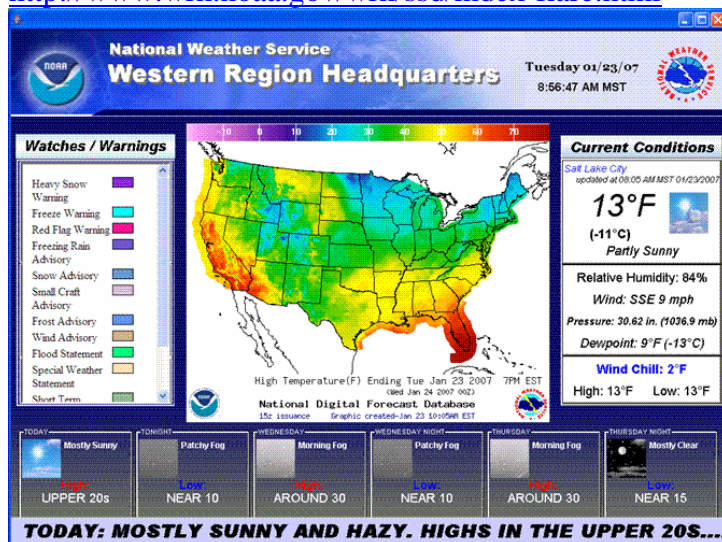

<http://www.wrh.noaa.gov/ggw/des/societal.pdf>

Storm Based Warnings (presentation given by Tanja Fransen)

<http://www.wrh.noaa.gov/ggw/des/outreach.pdf>

FLARE program (demonstrated by Tom Frieders) This program runs on your computer with the latest weather information available to you. You will need to get the information on your county and zone codes from your WCM to run this program.

<http://www.wrh.noaa.gov/wrh/ssd/index-flare.html>

Heat Health Warning Systems: Dr. Larry Kalkstein
http://www.wrh.noaa.gov/ggw/des/warning_system.pdf

Damage Scale: EF Scale resources, including the interactive slider bar tool kit that Jim LaDue showed. It is the “EF Kit” and you may want to download it to have on your computer or laptop.
