

## Erratum

**December 20, 2002**

- Publication:** Guide for Diagnostic Nuclear Medicine
- Prepared by:** The American College of Nuclear Physicians/The Society of Nuclear Medicine, Reston, VA
- Date Published:** October 24, 2002
- Instructions:** On page 29, please substitute the paragraph below for paragraph 2 under the heading *10CFR20.1208 Dose to an embryo/fetus*

If dose to embryo/fetus has reached or exceeded 0.45 rem (4.5 mSv) by the time the woman declares her pregnancy to the licensee, the embryo/fetus may receive an additional 0.05 rem (0.5 mSv) during the remainder of the pregnancy and still be in compliance.
