# Individual Agreement to be a Research Subject

### OMB NO.: 1205-0453

## Introduction/Purpose

You are invited to participate in this study for the National Institute for Occupational Safety and Health and the Department of Labor because you are currently working on a farm. The purpose of the study is to learn more about the living conditions and health of farm workers.

### Procedures to be followed

You will be asked to answer some questions about your work history and about your health. The interview will last approximately 60 minutes.

## Risks

Since we will only be asking you questions, there is very little risk to you as a result of being in the study. You may refuse to answer any question at any time, with no penalty.

### **Benefits**

There are no direct benefits to you from being in the study. But, knowledge gained through this research may help us learn how to prevent any harmful effects of farm work for workers like you.

## Confidentiality

Your answers to the interview will be kept private to the extent allowed by law. This means that the interview record will be kept in a locked file, and only researchers on the study will be allowed to see it. Your name will not appear on any reports about the study. (See back of page for details.)

### Alternatives to participation

Participating in this study is voluntary and you can quit at any time. You can also choose not to participate in any part of the study at any time, with no penalty. Whether or not you participate in this study will not affect benefits and services to which you are normally entitled. You will be paid for the time you are spending in this interview. However, if you choose not to participate in sections of the interview you may not receive the full payment. At any time, you may ask the researchers to explain any part of the study.

### Who to call with questions

If you have questions about the research study, including questions about your rights as a research subject, you may call Aguirre International (toll free) at (877) 850-5200. They will refer your questions to Daniel Carroll at the Department of Labor, at (202) 693-2975.

I have read and understand the statement above. My questions about any unclear or confusing statements have been answered clearly. I agree to participate in this study as a research subject. I admit that I have received a copy of this form and **\$20** for my participation.

(See reverse)

In accordance with the Privacy Act of 1974, as amended (5 U.S.C.552a), we are notifying you that this study is authorized by the U.S. Department of Labor, Employment and Training Administration (ETA). Your voluntary participation is important to the success of this study and will enable the ETA to understand the labor market and living experiences of U.S. farmworkers. Under written agreement with research organizations, the ETA may release certain information necessary for research but only after all identifying information has been removed. Unless required by law, or necessary for litigation or legal proceedings and except as indicated in this statement, we will hold all personal identifiers (e.g. name, address, and social security number) in total confidence and will not release them.

Public reporting burden for the collection of information is estimated to average 1 hour (or 60 minutes) per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Information Management, Department of Labor, Room N-1301, 200 Constitution Avenue, N.W., Washington, D.C. 20210; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.
