ALABAMA, Southwest

Butler County

Georgiana	27	1455CST 1500CST			0	0			Hail (0.75)
-----------	----	--------------------	--	--	---	---	--	--	--------------------

Dime sized hail was reported near the community as a thunderstorm moved through.

Washington County

Vinegar Bend	27	1515CST 1520CST			0	0	5K		Thunderstorm Wind (G55)
--------------	----	--------------------	--	--	---	---	----	--	--------------------------------

A thunderstorm blew down trees in the vicinity.

Mobile County

Eight Mile	27	1515CST 1520CST			0	0	15K		Thunderstorm Wind (G55)
------------	----	--------------------	--	--	---	---	-----	--	--------------------------------

Local law enforcement reported that a thunderstorm blew down trees that damaged a house and an automobile near the intersection of Bear Fork Road and Lott Road.

Baldwin County

Stockton	27	1530CST 1540CST			0	0	50K		Thunderstorm Wind (G70)
----------	----	--------------------	--	--	---	---	-----	--	--------------------------------

Strong thunderstorm winds downed trees in the area. In addition, the high winds produced minor damage to the roofs of several homes, and more substantially damaged several sheds and barns in the area, as well as a pump house. Some of these structures were destroyed.

Choctaw County

Toxey	27	1600CST 1605CST			0	0	3K		Thunderstorm Wind (G55)
-------	----	--------------------	--	--	---	---	----	--	--------------------------------

Strong thunderstorm winds downed a few trees in the community.

Monroe County

Franklin	27 30	1700CST 1000CST			0	0			Wild/Forest Fire
----------	----------	--------------------	--	--	---	---	--	--	-------------------------

A lightning strike ignited a fire in the forest of northeast Monroe County on the afternoon of the 27th. The fire burned out of control for 4 days, consuming about 560 acres of woodlands. Fire fighters had a very hard time controlling the fire due to the adverse conditions of low relative humidities, gusty winds and no rainfall. No estimate of the cost of the damage was available.

ALZ055

Monroe	29	1348CST			0	0			Excessive Heat
--------	----	---------	--	--	---	---	--	--	-----------------------

At 248 pm, the temperature at the Mobile Regional Airport hit 105 degrees. This was the highest temperature ever observed in Mobile. This 105 degree temperature was also the eighth time during the Summer of 2000 that the high temperature in Mobile rose to 100 degrees or higher. This broke the previous record of seven 100 degree or greater days set back in the Summer of 1954. Three of the eight 100 degree or greater days this summer occurred in the month of August.

Washington County

Wagarville	31	1735CST 1740CST			0	0			Hail (0.75)
------------	----	--------------------	--	--	---	---	--	--	--------------------

Residents reported dime sized hail in association with a thunderstorm.
