Several cars suffered damage from dents and cracked windshields as a result of the hail. **Butler County** Greenville 2.5K Thunderstorm Wind (G50) 1727CST Trees and power lines were blown down in the city of Greenville. **Mobile County** Saraland 21 1940CST Tornado (F3) 1942CST An F3 tornado touched down just east of I-65 in Saraland near Shelton Beach Estates. The tornado skipped east northeast along the ground before lifting back into the cloud near U S Highway 43. Three homes were almost completely gone, three more suffered major damage and about sixty homes in the middle-class neighbourhood suffered some damage. Most of the damage was consistent with an F1 or F2 tornado. No one was injured. Several people knew they were under a tornado warning and were able to take cover before the storm struck. Most of the residents said they did not hear the familiar "Freight Train Sound" before the tornado struck. **Escambia County** Robinsonville 21 Thunderstorm Wind (G70) 1957CST High winds in the Robinsonville community picked up a home and moved it from its foundation. The winds also blew part of the roof from the home. . No one was injured. **Escambia County** Little Rock 35K Thunderstorm Wind (G70) High winds caused minor damage to three homes in the Little Rock community. A barn and four silos were also damaged by the winds. Several trees and power lines were also blown down. No injures were reported. **Escambia County** 2140CST 2142CST Dixonville 21 0 0 40K Thunderstorm Wind (G80) High winds damaged two homes near the intersection of State Road 41 and County Road 55 near Dixonville. One of the homes had part of its roof blown off. Several barns and silos also suffered damage. Trees and power lines were also blown down. The damage appeared to be caused from a microburst of 80 to 90 mph. **Covington County** 12 SW Andalusia Thunderstorm Wind (G60) 2212CST High winds damaged a couple of homes near U S Highway 29 in the Pleasant Home community. A couple of barns and several silos also suffered damage. Several trees and power lines were also blown down. A microburst with winds estimated at 60 to 70 mph appeared to have caused the damage. **Covington County**

#### **ALABAMA**, Southwest

A tornado briefly touched down one mile south of Opp near the community of Beulah. Three homes were hit by the tornado. One home was completely destroyed and two others suffered major damage. Five family members in the destroyed home said they huddled in the hallway and were not injured. They said it sounded like a freight train moved through. Two large empty chicken houses were also destroyed. A barn and several outbuildings also suffered damage. Trees and power lines were blown down. Several vehicles and farm implements also were damaged by the fallen trees. One cow was killed by the debris. Another cow was found wandering in the road, but there was no way for the cow to have gotten there unless it was picked up and set on the other side of a fence that was not damaged by the storm.
