**Subject:** Regulation of Credit Card Companies

I pray that you will support regulation of Credit Card Companies and Banks whose Greed and Arrogance is ruining many Senior Citizens with their high charges for interest and late fee's, etc.. I had to take a Chapter 7 filing for Bankruptcy a few years ago because a Credit Card Company added by error a \$5000 dollar charge over what my balance with them was, by the time I got my statement in the mail and then contacted that Card Company and they admitted it was their mistake and removed it, the other Credit Cards I had at that time boosted my interest rate so high as an over-limit on this one card company, my only recourse was to declare Bankruptcy. Thank you...Cleve Prince ...Truth or Consequences NM 87901
