

[Proposed class or classes of copyrighted work(s) to be exempted]= Re SonyBMG CD/CDROM/DVD products

[Brief summary of the argument(s) in support of the exemption proposed above]= Not so much an exemption but an EXCLUSION! By the time this is read, it will no doubt be common knowledge that the form DRM used by the above company is both ethically corrupt and corrupting of the machinery (ie. PCs) it is unwittingly played upon.
